

SCIENTIFIC SUMMER RESEARCH PROGRAM FOR UNDERGRADUATE STUDENTS

Summer 2018

The Advanced Materials Research Institute (AMRI) at the University of New Orleans announces summer research positions in chemistry, physics, biochemistry, and materials science. These positions are open to students who are currently undergraduate students enrolled in a

university and will not graduate before the summer of 2018. Participants will work in state of the art scientific research facilities alongside experienced research scientists. **No prior experience is necessary.** Full-time positions begin May 29, 2018 and end July 27, 2018, and are accompanied by a **stipend of up to \$5000 depending on availability of funding.** Applications must be received by March 30, 2018. Notification of acceptance to the program will be made via e-mail.

To apply, submit online application by March 30, 2018.
In addition, submit the following supporting documents:

- Three letters of recommendation (from teachers, counselors, employers, etc.)
- An official university transcript
- Personal statement indicating your career goals, and describing why you want to participate in this program (maximum, 750 words):

Send supporting documents by email to amri@uno.edu or by mail to:

Poncho De Leon
Advanced Materials Research Institute, SC 2048
University of New Orleans
2000 Lakeshore Drive
New Orleans, LA 70148

All application materials must be *received* by **4:00 PM on March 30, 2018.**

Application form available online:
