SCIENTIFIC SUMMER RESEARCH PROGRAM FOR UNDERGRADUATE STUDENTS
Summer 2017

The Advanced Materials Research Institute (AMRI) at the University of New Orleans announces summer research positions in chemistry, physics, biochemistry, and materials science. These positions are open to students who are currently undergraduate students enrolled in a university and will not graduate before the Summer of 2017. Participants will work in state of the art scientific research facilities alongside experienced research scientists. **No prior experience is necessary.** Full-time positions begin May 30 and end July 28, 2017, and are accompanied by a **stipend of up to $5000 depending on availability of funding.**

Applications must be received by March 31, 2017. Notification of acceptance to the program will be made via e-mail.

To apply, submit the *AMRI Outreach Program Application Form* electronically. In addition, submit the following supporting documents:

- Three letters of recommendation (from teachers, guidance counselors, employers, etc.)
- An official university transcript
- A personal statement indicating your career goals, and describing why you want to participate in this program (maximum 750 words):

Send supporting documents to:

Poncho de Leon  
Advanced Materials Research Institute, SC 2048  
University of New Orleans  
2000 Lakeshore Drive  
New Orleans, LA 70148

All application materials must be *received* by **4:00 PM on March 31, 2017.**

For further information, contact AMRI at (504) 280-3258 or amri@uno.edu.

Application materials available at:

[http://www.uno.edu/amri/research-program-undergraduates.aspx](http://www.uno.edu/amri/research-program-undergraduates.aspx)

All application forms should be submitted electronically.

The University of New Orleans is an Equal Opportunity/Affirmative Action Employer. Applications from women and minorities are encouraged.
