Minimum Standards for Fraternities and Sororities

The Minimum Standards for Fraternities and Sororities is implemented to improve the management and the quality of the fraternity and sorority experience at the University of New Orleans (UNO). The agreement is between the member chapters of the InterFraternity Council, National Pan-Hellenic Council, and National Panhellenic Conference as a condition of registered status as a Greek organization through the Office of Student Involvement and Leadership. These shared standards will be implemented and documented by the chapters and governing councils in coordination with professional staff of the Office of Student Involvement and Leadership. All chapters are responsible to adhering to their national organization’s policy as well as the University of New Orleans’ Student Code of Conduct, UNO Student Organization Handbook, University Alcohol Policy and University of Louisiana System Anti-Hazing Policy.

Purpose

To improve the management and quality of fraternities and sororities at UNO by outlining a clear, comprehensive set of standards that each chapter must attain to be registered as a Greek organization through the Office of Student Involvement and Leadership at the University of New Orleans. This helps the office:

(1) to provide an annual evaluation tool in which fraternities and sororities participate in a self-evaluation process and receive recognition for surpassing minimum standards, and

(2) to empower the Greek community to be part of the decision making process in determining how they wish to function within the greater University community. The intent of the Greek minimum standards process is to provide a framework by which chapters can quantify and document their activities and successes, while creating a tool by which fraternities and sororities can be evaluated.

Minimum Standards for recognized Greek Organizations

1. Membership

- IFC chapters are required to maintain a chapter size at a minimum of 50% the size of the largest chapter in their council. This will be evaluated at the end of each fall and spring semester.
- Any IFC chapter (who is not at 50% of the size of the largest chapter in their council) are required to host recruitment activities each semester and initiate at least one new member. Chapters must submit plan for membership, retention, and visibility the first day of class each semester until the reach minimum number of members.
- NPC chapters are required to maintain chapter total that is set at the median. Chapter total is adjusted each semester. This will be evaluated at the end of each fall and spring semester.
- NPC organizations (who are not at chapter total) are required to host recruitment activities each semester and initiate at least one new member. Chapters must submit plan
for membership, retention, and visibility the first day of class each semester until the
reach minimum number of members.
• NPHC chapters are required to maintain a minimum of three members. This will be
evaluated at the end of each fall and spring semester. Chapters must submit plan for
membership, retention, and visibility the first day of class each semester until the reach
minimum number of members.
• Inactive Status of NPHC Organizations Due to Membership Attrition: By definition, an
undergraduate chapter must be comprised of enrolled collegiate members to remain
active and in good standing. The chapter must re-generate membership on a continual
basis in order to sustain itself long-term. When the situation arises where a chapter does
not have any remaining undergraduate members, the chapter shall be immediately placed
on “Inactive” status. Organizations who are "inactive" may host informationals/interest
meetings or tabling events with special permission from the Office of Student
Involvement and Leadership. These programs should focus on enhancing visibility of the
chapter in order to increase membership. However, inactive organizations are ineligible
to vote in NPHC Council, hold leadership positions, and participate in NPHC
programming without special permission/invitation from the university.
• Three consecutive semesters under minimum numbers of members will result in meeting
to discuss inactive status or recession of University registration.
• The Office of Student Involvement must be notified when potential new members are
extended a bid by completing all new member forms (listed in Section 17).

2. Scholarship

• Chapters are to maintain at least a 2.75 cumulative GPA and a 2.5 semester GPA.
• If a chapter has below this requirement, they will be placed on probation for one
semester. During this time, the chapter must pose and implement an approved action plan
to the Assistant Director of Fraternity and Sorority Life for improving the organization’s
academics. This must be turned in 14 business days after receiving grade report. The
Greek Life Office will inform you if this is required upon distribution of grades.
• If the chapter does not raise their GPA at the end of the following semester, their chapter
will be placed on probationary status for additional semester(s).
• Chapters must request grade checks via form on greeklife.uno.edu for potential new
members 3 business days before offering bids/membership. Bids cannot be extended
unless a grade check is sent back to the chapter.

3. Finances

• Chapters must meet all fiscal responsibilities. Such responsibilities include payment of all
debts owed to the University of New Orleans, Greek Council, the Interfraternity Council,
the National Pan-Hellenic Council, the National Panhellenic Conference, and the
chapter’s National Association. Failure to pay dues by given date will result in
disciplinary action.
