

The University of New Orleans  
Student Credit Hour Production  
Academic Year  
2014-2015

(Summer 2014, Fall 2014, Spring 2015)

"Student Credit Hour (SCH) Production and Registration counts reported here are a function of the level of the student taking a particular course and credit hours offered for that course (except that Developmental Education SCH's and Registration counts are reported at the Development Education level regardless the level of the student taking the class).

**SCH is counted for the department that offers the classes ("Subject" as defined in PeopleSoft).**

EX: Fall 2014, College of Business Administration, the Department of Economics and Finance (ECON/FIN) offers the subject Quant Meth (QMBE):

- 0 student credit hours were taken as developmental
- 288 student credit hours were taken by 109 lower level students
- 489 student credit hours were taken by 278 upper level students
- 55 student credit hours were taken by 75 master students
- 85 student credit hours were taken by 18 doctoral students

As SCH production is a function of the level of the student taking a particular course, it is possible for a department to generate graduate SCH's regardless whether that department offers a graduate level degree program.

Even though the data are computed for each student/course combination, only summary data are provided here by college, department, subject, and term.

**The data reported here will not correlate exactly to the SCH numbers in the published Enrollment Summaries (14th day in Fall and Spring, 7th in Summer) although the data are related.** Enrollment Summaries statistics are a snapshot of the number of students enrolled as of the Official Census Day of the Major Term for Summer, Fall, and Spring. Mini sessions begin and/or end both before and after the Official Census Day of the Major Term. As each mini session has its own Official Census day related to that mini session only, all mini sessions are reported after the major term has ended and may/or may not have been included in Official Census Day calculations.

Formula reporting adheres to the schedule set forth by the LA Board of Regents. Formula data are reported as follows:

<u>UNO Terms</u>	<u>Regents Report Cycle</u>
Summer and Summer Mini Sessions (End of Semester)	Fall
Fall Major Term (Census Day)	Fall
Fall Mini Sessions (End of Semester)	Spring
Spring Major Term (Census Day)	Spring
Spring Mini Sessions (End of Semester)	Spring Final
