

University of New Orleans
Student Credit Hour Production
Academic - Fiscal Year
2004 - 2005
(Summer 2004, Fall 2004, Spring 2005, Spring Intersession 2005)

Student Credit Hour (SCH) Production and Registration counts reported here are a function of the level of the student taking a particular course and credit hours offered for that course (except that Developmental Education SCH's and Registration counts are reported at the Development Education level regardless the level of the student taking the class).

As SCH production is a function of the level of the student taking a particular course, it is possible for a department to generate graduate SCH's regardless whether that department offers a graduate level degree program.

Even though the data are computed for each student/course combination, only summary data are provided here by college, department, subject, and term.

The data reported here will not correlate exactly to the SCH numbers in the published Official Census Day (14th day in Fall and Spring, 7th in Summer) although the data are related. Official Census Day statistics are a snapshot of the number of students enrolled as of the Official Census Day of the Major Term for Summer, Fall, and Spring. Many mini sessions begin and/or end both before and after the Official Census Day of the Major Term. As each mini session has its own Official Census day related to that mini session only, all mini sessions are reported after the major term has ended and may/or may not have been included in Official Census Day calculations.

Formula reporting adheres to the schedule set forth by the LA Board of Regents. As data are reported as of the Official Census Day for the session, mini sessions are not reported to the LA Board of Regents until after the major session has been completed. Formula data are reported as follows:

UNO Terms	Regents Report Cycle
Summer and Summer Mini Sessions	Fall
Fall Major Term	Fall
Fall Mini Sessions	Spring
Spring Major Term	Spring
Spring Mini Sessions	Spring Final
Spring Intersession	Spring Final

Data Management, Analysis and Reporting
