¹ "C" or better required

² Must include two different social science subject areas and six hours at the 2000 level or above.

³ 6 hour sequence in one science. Select from BIOS, CHEM, EES, PHYS. 3 hours must be BIOS.

⁴ Check General Education courses to confirm what courses fulfill this requirement.

⁵ The nine hours of foreign language must be in the same language. Alternately, students may opt to take 12 hours in two foreign languages (six hours in each of two languages.) If the 12-hour option is chosen, students may reduce approved electives by three hours. Advanced courses in foreign language are recommended for students anticipating graduate study.

⁶ Students can fulfill this requirement with courses from the subject areas listed as Liberal Arts Approved Electives, or by taking courses at the 3000+ level in social sciences or arts, thereby fulfilling two requirements at once. The application of a course to two requirements, however, does not reduce the total number of hours required for graduation.

⁷ At least six hours of history electives must be from history courses with a geographical focus other than the United States.
