Would you like to get a jump start on your first semester at UNO and a head start on achieving your career goals?

STEM Scholar is an intensive one-week program specifically designed to help STEM students make the transition to college, learn foundational skills for math, science, and engineering fields, and take the stress out of the first semester at UNO.

GET A COMPETITIVE EDGE

- Get a jump start on required course content.
- Attend lectures from the faculty who teach first-year courses.
- Develop and hone critical skills necessary to be successful in college (i.e. time management, note taking, test taking, and reading complex material).
- Take actual exams, without the fear of failing!
MORE ABOUT THE PROGRAM

THE RUN DOWN

WHO:  Incoming freshmen students
WHAT:  A five-day, intensive academic preparation camp
WHEN:  Aug. 4-9, 2016
WHERE:  The University of New Orleans
WHY:  The transition to college can be overwhelming, even for the best high school students. This transition program will give students a head start for success.

COST:  
- $250 before May 31, 2016
- $350 after June 1, 2016
includes registration, textbook for math or biology class, housing and meals.

APPLICATION DEADLINE:  July 15

An average day includes:
- Small lectures taught by experienced professors
- Career talks by industry professionals
- Evening study sessions
- Thoughtful group discussions lead by current students
- Social activities with current and other incoming students

Possible Course Topics

**Math track**
- Algebra
- Trigonometry
- Calculus

**Biology track**
- Biology 1

Freshman textbooks for either Biology, Algebra, or Calculus are included with registration and kept by students.
