Would you like to get a jump start on your first semester at UNO and a head start on medical or graduate school? STEM Scholar is an intensive one-week program specifically designed to help STEM students make the transition to college, learn skills for professional or graduate school, and take the stress out of the first semester at UNO.

**GET A COMPETITIVE EDGE**

- Get a jump start on required course content.
- Attend lectures from the faculty who teach first-year courses.
- Develop and hone critical skills necessary to be successful in college (i.e. time management, note taking, test taking, and reading complex material).
- Take actual exams, without the fear of failing!
THE RUN DOWN

WHO: Incoming freshmen students
WHAT: A five-day, intensive academic preparation camp
WHEN: Aug. 5-10, 2015
WHERE: The University of New Orleans
WHY: The transition to college can be overwhelming, even for the best high school students. This transition program will give students a head start for success.
COST: $200 (Financial Aid Available) includes registration, books, materials, meals and housing.
APPLICATION DEADLINE: June 30

An average day includes:
- Small lectures taught by experienced professors
- Evening study sessions
- Thoughtful group discussions lead by current students
- Social activities with current and other incoming students

Possible Course Topics

**Biology track**
- Biodiversity
- Form and Function

**Math track**
- Algebra
- Trigonometry
- Calculus

*Freshman textbooks for either Biology, Algebra, or Calculus are provided*
