PARTNERED FOR PREVENTION

Two years ago we partnered with Susan G. Komen to fund The Zumba® Global Research Grant for Breast Cancer Prevention, providing us the ability to not only be involved in breast cancer prevention, but also be involved in collecting funds raised by our passionate, committed community.*

Spearheaded by a team of renowned scientists at leading research institutions and fueled by our Zumba® community's continued support; researchers have made strides in finding some answers to one of the most promising ends to breast cancer: prevention.

(FLAX)SEED OF CHANGE

The grant researches and studies the effects of flaxseed consumption on pre-menopausal women through studies and extensive clinical trials. This is exceptionally promising as flaxseed could be an affordable, highly accessible solution to preventing breast cancer worldwide.
