V. Presiding Officer Communications and Announcements  
   a. VP Willis presiding report. Kristen, Blake, and myself went to meet with new Provos yesterday who starts in July. He is hoping to form a better relationship with SG. We talked about problems he has seen right around at UNO that he thinks SG could work on. He thought it would be cool for the senators of each college to have a banner on the light pole. He also thought we could team up with The Beautification Club and sponsor getting some flowers for them to plant gardens. Since organizations have to have service hours when they receive money form us this could be their opportunity for hours to keep up and clean the gardens. Also, he said we could help with recruitment by hosting surveys asking students why they came to UNO and the juniors and seniors would be asked why they stayed at UNO. He wanted to make sure that we need to survey everyone not just
student leaders so we can figure out how to engage those who are not engaged in the university. He also suggested having an overseeing organization in each college that would oversee the small organizations in the college. He wants me to ensure everyone that UNO is not going down because we are a public university. Also, after the bill is presented today you have one week to keep asking questions.

VIII. Old Business

IX. New Business
   a. B.S15C030 – ODK Gala
      i. Guest: Thank you for hearing us. ODK is a National Honors Society. Our focus is on leadership, and we are trying to establish a bigger presence. We want to raise money for a scholarship. We came up with a gala idea and this would be our first time and we would build from this. We are here to ask for the money for the food during the event. We are hoping to get 100 people to get to go to the event. We are in the process of cash donations, silent auction donations, and at the door donations. Our main audience will be faculty. We are still deciding to charge for an admission fee, but we are looking to see in doing a donation can at the door instead of a fee. All the money will go to scholarships that we will hand out. The
food will consist of a pasta bar and this is the money we hope to get from you. From our sources we will be providing desserts. The goal is to raise $500 this semester. We will open the scholarships up this semester. This is our way of helping students. If you know of any businesses that may donate, please let us know.

ii. Motioned to finance.

X. Nominations and Appointments
a. Kyle Marlantes – Student Affairs Committee
   i. Marlantes: I would encourage you all to approve this appointment because I believe I can really help the committee, and it would help me do more in SG instead of just voting and coming to meetings.
   ii. Hand vote: 19 – yes 0 – no 0 – abstention. He is appointed.

XI. Open Forum
a. Aucoin: I think it would be good to reach out to the art department to see whom we need to get in contact to paint electric boxes.

b. Christopher: I think that we should reach out to high schools in area. If you could send Chance or I an email about it so we can start setting that up and contacting principals at different schools. Also, please read the Constitution. It is very long and complicated so do not read it right before we vote for it, look over it before voting. There will be more revisions because we are going for user-friendly constitution, and just realize we don’t need to have big arguments, arguments should be constructive.

c. Early: I have actually have been in contact with Lusher and Ben Franklin and I have been gotten back from Lusher. They would let us do it during our summer when they have a summer program.

d. Hollis: If you have any questions about The Constitution contact us. We are also meeting tomorrow and Friday at 2 in the SG offices. If you want to sit in and listen, we are welcoming you for that as well.

e. Aucoin: I will be going with Assistant Dean of Engineering to my high school. Even if you are out of state, see if you can still come to local high schools to recruit.

f. Christopher: Also it is not just regular enrollment but also dual enrollment students that we are looking for.

g. Aucoin: Do you know where I can I find a list of dual enrollment programs?

h. Christopher: No.

i. Early: You can talk to Kristy about that and the registrar.

j. Aucoin: Just a reminder Engineering will be hosting open forum 1-2pm Monday in the engineering room 101.

k. Lepori: How is the Proud Privateer dinner going?
l. Willis: That is this Thursday 6:30-8:30p.m. Dress nicely. The person you
    nominated will eat you there with us. Everyone that was sent one has been
    requested.
m. Talbert: How do you know if you are on the list?

n. Sipe: The dinner is something you know about. That’s the luncheon you are
