#### **GENERAL POLICY**

Policies and procedures governing State travel are to be found in the State publication [Louisiana Travel Guide/PPM 49](#), which is updated annually.

Requests for reimbursement of travel expenses must be filed within thirty calendar days after completion of a trip, whether or not an advance has been drawn.

The University issues a State of Louisiana Bank of America Visa, State Liability Travel Card, for University business related travel. There is no annual fee for this card. Applications may be obtained from the Accounts Payable Department. University employees must receive training on the use of the card prior to a card being issued to the employee. Training may be requested from the Coordinator of Card Services in the Accounts Payable Department. Persons traveling on official University business will provide themselves with sufficient funds for all routine travel expenses that cannot be covered by the State Liability Travel Card.

The University may grant exemptions to the travel advance prohibition based upon the following criteria. The University will advance estimated travel expenses to be incurred on University business travel only if one of the following criteria are met. Requests for exemptions must be submitted first to the Department Head, and then to the Accounts Payable Department.

- a. Employees whose salary is less than \$30,000 per year.
- b. State employees who accompany and/or are responsible for students or athletes for group travel advance. Note: In this case and in regards to meals, where there is group travel advancements, a roster with signatures of each group member along with the amount of funds received by each group member may be substituted for individual receipts. (This exception does not apply when given for only an individual's travel which is over a group.
- c. State employees who accompany and/or are responsible for client travel.
- d. New employee who has not had the time to apply for and receive the state's corporate travel card.
- e. Employees traveling for extended periods, defined as a period exceeding 30 or more consecutive days.

- g. Lodging purchase, if hotel(s) will not allow direct bill or charges to agency's CBA and whose salary is less than \$30,000/year.

Any ticket booked by a traveler thirty days or more in advance, and for which the traveler has been billed, may be reimbursed by the agency to the traveler on a preliminary expense reimbursement request. The traveler should submit the request with a copy of the bill or invoice. Passenger airfare receipts are required for reimbursement.
- i. Employees who infrequently travel or travelers that incur significant out-of-pocket cash expenditures and whose salary is less than \$30,000/year.

Travel advances may not be drawn more than ten days before departure. Conference registration fees may be paid in advance through an employee's state travel card, UNO's CBA, or with a standard University Check Request through the Accounts Payable Department early enough to allow for registration deadlines.

An [Authorization to Travel form](#) must be completed before an employee can request a travel advance. Then the employee must sign the [University's Travel Advance Request Form](#) for submission to and

approval by the traveler's dean or director responsible for the department's travel budget. Employee advances are paid via ACH deposit to the same account to which the employee's payroll is deposited.

The recipient of an advance will be personally responsible for settlement no later than the fifteenth day of the month following the completion of a trip. Cash Advances must have an original receipt to support all expenditures, including meals. If settlement is not made by the due date, the University will deduct the amount that is due from the employee's pay.
