

STEM SCHOLARS

Would you like to get a jump start on your first semester at UNO and a head start on medical or graduate school?

STEM Scholars camp is an intensive, one-week program designed to help science and engineering students make the transition to UNO, learn skills for professional or graduate school, and take the stress out of the first semester of college.

GET A COMPETITIVE EDGE

- Get a jump start on required course content.
- Attend lectures from the faculty who teach first-year courses.
- Develop and hone critical skills necessary to be successful in college (time management, note taking, test taking and reading complex material).
- Take actual exams without the fear of failing!

THE RUN DOWN

WHO: Incoming freshman science and engineering students

WHAT: A five-day, intensive academic preparation camp

WHEN: July 27 - August 1, 2019

WHERE: The University of New Orleans

WHY: The transition to college can be overwhelming, even for the best high school students. This program will give students a head start for success.

COST: \$300, which includes registration, books, materials, meals and housing.

**APPLICATION
DEADLINE:
JULY 19**

An average day includes:

- Small lectures taught by experienced professors
- Evening study sessions
- Thoughtful group discussions led by current students
- Social activities with current and other incoming students

Possible Course Topics:

- Biology track: Biology 1
- Math track: Algebra, Trigonometry or Calculus

Note: Freshman textbooks for Biology, Applied Algebra, Precalculus Algebra/Trigonometry, or Calculus are provided.
