

HAZARDOUS WASTE

Follow these steps to ensure your Hazardous Waste container is managed properly.

1. Keep the container **Closed**.
2. Label your container with the **UNO Hazardous Waste Label**.
3. Label your container with the applicable **GHS Pictograms**.
4. Store your container in **Secondary Containment**.

IN THE LAB

5: After relocating your waste container to the hazardous waste room, put a **Small Received Hazardous Waste Label** on it marked with the **Date**.

Email labsafety@uno.edu with any questions!
