Doctoral Research Assistant Position: *AI & Machine Learning*

<u>Expected to start: August 2021 (Fall 2021)</u>

Description:

Dr. Atriya Sen, CS Assistant Professor, has an opening for a doctoral student beginning Fall 2021. The successful applicant is expected to work on research involving the theory and practice of artificial intelligence, using tools from data science, machine learning, computational logics, cognitive science, and philosophy, and also potentially explore the impact of these AI technologies on other scientific disciplines and on society. Of particular interest are interpretable/transparent AI techniques.

Benefits:

The position carries an annual stipend of **$24K and covers tuition**.

Apply:

Interested applicants are encouraged to reach out to **Dr. Atriya Sen (asen@uno.edu)** with a resume. Review will begin immediately and continue until the position is filled.
