STAFF SPOTLIGHT

Megan Stackhouse, Resident Assistant

Hey! Hey!

I'm Megan and I am the RA for the third-floor low in North. I'm from Westwego, LA.

I'm a Junior majoring in Interdisciplinary Studies with a focus on Marketing and Sociology. I'm looking into joining a marketing firm in the future. Something interesting about me is I'm a lyric writer who loves goat cheese and video games

I work in Residential Life to form new connections. I want to connect with the residents and the staff.

WHEN ENTERING THE BUILDING

A Friendly Reminder about the ID and Guest Policy

Each student is required to show their UNO ID to the front desk.

We understand most of you have already built relationships with some staff members; however, we ask everyone to show their ID regardless of whether or not you know a staff member.

If you have not received your Pontchartrain North or South sticker, visit the front desk immediately to get it. Friends, family members, and otherwise are not allowed in the community. Please ask them to wait outside for you.

► STAFF SPOTLIGHT

Ashlie Hood, Resident Assistant

Hello from the second-floor low,

My name is Ashlie Hood. I am a RA in South Hall and I am originally from Luling, Louisiana. A fun fact about me is that I'm a proud caffeine addict and enjoy World of Warcraft.

This is my third year at UNO and I recently changed to Interdisciplinary Studies. When I'm not on campus, I work IT Assistance at the NASA Stennis Space Center.

I hope to make everyone feel welcome and included. I want to provide a home away from home.

SOLAR POWERED CHARGING STATION

Learn more about the new amenity added to Pontchartrain Halls

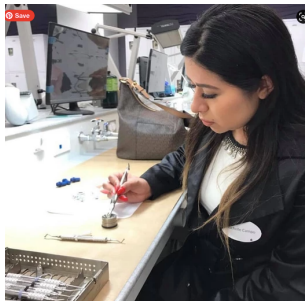

A solar-powered device charging station and bench were installed in the Pontchartrain Hall Courtyard between North and South Hall recently.

The solar charging stations convert clean solar energy to electricity.

There are eight outlets 24 USB ports that students may use this station to charge devices including phones, laptops, tablets, etc.

While the station is functional, please anticipate staff working to add UNO branding to the station over the coming weeks.

ORGANIZATIONS GALORE!

Introducing UNO PRE-DENTAL SOCIETY

The University of New Orleans Pre-Dental Society is a pre-professional organization for students interested in professional careers in the field of dentistry, dental hygiene, and dental lab technology. Each semester, members have the opportunity to benefit local communities by volunteering at various philanthropic events promoted by the society. Additionally, UNO PDS provides members with the necessary information for each programs' application process including application requirements, deadlines, and exposure to the dental world.

INTENTIONAL/GENUINE CONVERSATIONS

An Opportunity to Meet your Resident Assistant

Our Resident Assistant team is excited to spend time with each of you during the next few weeks to get to know you better.

These interactions are important for them to better understand who you are, challenges and/or concerns you might have, and ways to better support you

Each RA will send you information regarding the way to schedule a time to meet. These interactions are genuine and casual - perhaps you might find it beneficial to have it together at the Galley, walking back from class together, or out in the Courtyard enjoying the beautiful weather.

We ask that you remain open to the conversation and respond to your RA to schedule a time.
