

University of New Orleans Department of Physics

Physics Tutoring Center Science Building Room 1051

The physics tutoring center is staffed for several hours every day and is a free of charge service to UNO students; the hours and tutors available are listed below. ***Please note that Graduate Teaching Assistants (GTA) will only be allowed to give 15 minutes of help if other students are waiting, and GTA do not have to work past their appointed times even if all students have not been served. ***
