### Executive Resolution

---

This is a resolution to establish a formal means for students to evaluate their academic advisors. The University Administration should follow the process of course evaluations for the evaluation of academic advisors.

**Whereas**, students should have the opportunity to leave feed-back for their academic advisors on a university platform to document and assess the advisement they received.

**Whereas**, students have asked for the opportunity to give a formal evaluation.

**Whereas**, academic advisors have a vital role in the students' educational experience at UNO, and their performance should be evaluated.

**Therefore**, to provide the best possible advising to all students, academic advisors shall receive this formal feedback, and utilize it to develop additional advisement strategies.

**Therefore**, implementing the evaluations of academic advisors will empower students and academic advisors to engage with the university's academic mission.
