

UNO FOCUS:

International Space Station (ISS) Flight Opportunity
NASA EPSCoR

This NOFO provides \$100,000 over the three-year period (roughly \$33,333 per year) to support the documentation, reviews, and certification of an already developed instrument for flight testing on the ISS. No funds are provided for instrument / device development. This is a limited submission opportunity and only one proposal can be submitted per NASA EPSCoR jurisdiction.

A Notice of Intent (NOI) for this opportunity is required and must be emailed to laspace@lsu.edu no later than 4:30 pm Tuesday, January 31, 2023.

LINKS: [Grants.gov](https://www.grants.gov)

Competitive Research Program
Louisiana Sea Grant

Research projects are funded for up to two years. Proposed projects should be for the time period beginning Feb. 1, 2024, to Jan. 31, 2026. The maximum two-year award that LSG will provide is \$200,000 (i.e., a maximum of \$100,000 in each budget year). For each Sea Grant dollar, a 50 percent matching fund commitment is required for the amount requested (i.e., if you request \$200,000 of federal dollars, you must provide \$100,000 of non-federal match). The match must be made in each year (i.e., if you request \$100,000 in Year 1 and \$50,000 in Year 2, you must match with \$50,000 in Year 1 and \$25,000 in Year 2). Externally sponsored projects are ineligible to serve as a match.

LSG requires the submission of all LOIs and full proposals through our proposal management system [eSeaGrant](#). LOIs are due by Feb. 28, 2023, at 11:59 pm CST.

ARTS, HUMANITIES, and INTERNATIONAL

2023 Preservation Technology and Training Grants
Department of the Interior (Interior), National Park Service (NPS)

Notice seeking applications intended to create better tools, better materials, and better approaches to conserving buildings, landscapes, sites, and collections.

Applications are due February 28, 2023. Approximately \$200,000 is available to fund 8 to 12 awards.

LINKS: [Grants.gov](https://www.grants.gov), [Solicitation](#)

Awards for Faculty
National Endowment for the Humanities (NEH)

Notice seeking applications that strengthens the humanities at Minority Serving Institutions by encouraging and expanding humanities research opportunities for individual faculty and staff members.

Applications are due April 12, 2023. Optional drafts are due February 8, 2023. The maximum award amount is \$5,000 per month.

LINKS: [Grants.gov](https://www.grants.gov), [Solicitation](#)

Securing Emerging Technologies and Their Supply Chains
Department of State (State), Bureau of International Security-Nonproliferation (ISN)

Notice seeking proposals to address national security deficiencies in partner nations' export controls, related technology protection controls, public procurement, investment screening, and critical infrastructure protection measures, as well as build the corresponding institutional capabilities in customs and border enforcement.

Applications are due March 4, 2023. Up to \$6.5 million is available to fund seven awards.

LINKS: [Grants.gov](https://www.grants.gov)

U.S. Embassy Mozambique Public Diplomacy Section (PDS) Annual Program Statement
Department of State (State)

Notice seeking proposals for programs that strengthen ties between the United States and Mozambique through educational and cultural exchange. All programs must include an American element or connection with an American expert, organization, or institution.

Applications will be accepted until April 2, 2023. Up to \$100,000 is available to fund five awards.

LINKS: [Grants.gov](https://www.grants.gov)

University Partnership Initiative
Department of State (State)

Notice seeking proposals to carry out a program focused on strengthening existing ties and fostering new collaborations between U.S. and African universities. Project activities must take place in Senegal or Guinea Bissau and the United States and be directed primarily at Senegalese and Bissau Guinean audiences/participants.

Proposals are due May 2, 2023. The maximum award amount is \$150,000.

LINKS: [Grants.gov](https://www.grants.gov), [Solicitation](#)

EDUCATION and ECONOMIC & COMMUNITY DEVELOPMENT

Fiscal Year (FY) 2023 Targeted Violence and Terrorism Prevention (TVTP)
Federal Emergency Management Agency (FEMA), Department of Homeland Security (Homeland Security)

Notice seeking applications to provide financial assistance to eligible applicants to develop sustainable, multidisciplinary targeted violence and terrorism prevention capabilities in local communities, to pilot innovative prevention approaches, and to identify prevention best practices that can be replicated in communities across the country.

Applications are due April 25, 2023.

LINKS: [Grants.gov](https://www.grants.gov)

FY 2022 Assistance to Firefighters Grant Program (AFG)
Federal Emergency Management Agency (FEMA), Department of Homeland Security (Homeland Security)

Notice seeking applications to provide critically needed resources that equip and train emergency personnel to recognized standards, enhance operational efficiencies, foster interoperability, and support community resilience.

Applications are due February 10, 2023. Up to \$325 million is available to fund 2,000 awards. Cost share of at least 15 percent is required.

LINKS: [Grants.gov](#), [Solicitation](#)

President's Board of Advisors on Historically Black Colleges and Universities
Department of Education (Education)

Notice announcing a meeting of the President's Board of Advisors on Historically Black Colleges and Universities. The purpose of the Board is to advise the President, through the White House Initiative on Historically Black Colleges and Universities (Initiative), on all matters pertaining to strengthening the educational capacity of Historically Black Colleges and Universities (HBCUs).

The meeting will be held virtually on January 27, 2023 from 11:30 a.m. to 4 p.m. ET via the following link: <https://ems8.intellor.com/login/846162>.

LINKS: [Federal Register](#)

Workforce Information Advisory Council
Department of Labor (Labor), Employment and Training Administration (ETA)

Notice announcing a meeting of the Workforce Information Advisory Council. The purpose of the meeting is to address: (1) the evaluation and improvement of the nationwide workforce and labor market information (WLMI) system and statewide systems that comprise the nationwide system; and (2) how the Department and the States will cooperate in the management of those systems. These systems include programs to produce employment-related statistics and State and local workforce and labor market information.

The meeting will be held January 24-26, 2023. at the US Department of Labor Frances Perkins Building, 200 Constitution Ave. NW, Washington, DC in meeting Rooms N-4437.

LINKS: [Federal Register](#), [Agency Site](#)

HEALTH and MENTAL HEALTH

A Strategic Approach to Advancing Health Equity for Priority Populations with or at Risk for Diabetes
Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS),
National Center for Chronic Disease Prevention and Health

Notice seeking applications to decrease risk for type 2 diabetes among adults with prediabetes and improve self-care practices, quality of care, and early detection of complications among people with diabetes.

Applications are due March 7, 2023. Up to \$411 million is available to fund 77 awards.

LINKS: [Grants.gov](#)

Building in vivo Preclinical Assays of Circuit Engagement for Application in Therapeutic Development (R01
Clinical Trial Not Allowed)
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of
Mental Health (NIMH)

Notice seeking applications to identify, in animals, in vivo neurophysiological and behavioral measures for use as assays in the early screening phase of treatment development. This FOA will support efforts to optimize and evaluate measures of neurophysiological and behavioral processes that may serve as

pharmacokinetic/pharmacodynamic (PK/PD) markers of neural processes of clinical interest based on available knowledge of the neurobiology of mental illnesses.

Applications are due annually on February 5, June 5, and October 5. Program expires September 8, 2025.

LINKS: [Grants.gov](#), [Solicitation](#)

Initiation of a Mental Health Family Navigator Model to Promote Early Access, Engagement and Coordination of Needed Mental Health Services for Children and Adolescents (R01 Clinical Trial Required) National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Mental Health (NIMH)

Notice seeking applications to develop and test the effectiveness and implementation of family navigator models designed to promote early access, engagement, coordination and optimization of mental health treatment and services for children and adolescents who are experiencing early symptoms of mental health problems.

Applications are due annually on February 5, June 5, and October 5. Program expires July 6, 2024.

LINKS: [Grants.gov](#), [Solicitation](#)

Innovative Mental Health Services Research Not Involving Clinical Trials (R01 Clinical Trials Not Allowed) National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Mental Health (NIMH)

Notice seeking applications that will inform and support the delivery of high-quality, continuously improving mental health services to benefit the greatest number of individuals with, or at risk for developing, a mental illness.

Applications are due annually on February 5, June 5, and October 5. Program expires July 6, 2024.

LINKS: [Grants.gov](#), [Solicitation](#)

Laboratories to Optimize Digital Health (R01 Clinical Trial Required) National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Mental Health (NIMH)

Notice seeking applications for innovative research projects to test strategies to increase the reach, efficiency, effectiveness, and quality of digital mental health interventions which may impact mental health outcomes, including suicide behaviors and serious mental illness.

Applications are due annually on February 5, June 5, and October 5. Program expires March 6, 2025.

LINKS: [Grants.gov](#), [Solicitation](#)

Mood and Psychosis Symptoms during the Menopause Transition (R01 Clinical Trial Optional) National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Mental Health (NIMH)

Notice seeking applications that will advance mechanistic and translational research on the onset and worsening of mood and psychotic disorders during the menopausal transition (or perimenopause).

Applications are due annually on February 5, June 5, and October 5. Program expires November 6, 2024.

LINKS: [Grants.gov](#), [Solicitation](#)

Utilizing Invasive Recording and Stimulating Opportunities in Humans to Advance Neural Circuitry Understanding of Mental Health Disorders (R01 Clinical Trial Optional)
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Mental Health (NIMH)

Notice seeking applications to pursue invasive neural recording studies focused on mental health-relevant questions. Invasive neural recordings provide an unparalleled window into the human brain to explore the neural circuitry and neural dynamics underlying complex moods, emotions, cognitive functions, and behaviors with high spatial and temporal resolution.

Applications are due annually on February 5, June 5, and October 5. Program expires July 6, 2024.

LINKS: [Grants.gov](#), [Solicitation](#)

Accelerating Data and Metadata Standards in the Environmental Health Sciences (R24 Clinical Trial Not Allowed)
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Environmental Health Sciences (NIEHS)

Notice seeking applications to support resource projects to enable Environmental Health Sciences (EHS) communities to openly develop, extend, adapt, or refine data and metadata standards as well as associated tools to implement standards. The initiative is intended to catalyze community-driven standards development and related implementation in environmental health.

Applications are due May 10, 2023. Approximately \$4 million is available to fund five to seven awards.

LINKS: [Grants.gov](#), [Solicitation](#)

Alzheimer's Disease Research Centers (P30 Clinical Trial Not Allowed)
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute on Aging (NIA)

Notice seeking applications for a national resource for research on the nature of Alzheimer's disease (AD) and AD-related dementias (ADRD) and the development of more effective approaches to prevention, diagnosis, care, and therapy. They create shared resources that support dementia-relevant research, and they collaborate and coordinate their research efforts with other NIH-funded programs and investigators.

Applications are due June 14, 2023, June 14, 2024, and September 26, 2025. Approximately \$32 million is available to fund seven awards in FY 2024.

Limited Submission: Only one application per institution is allowed

LINKS: [Grants.gov](#), [Solicitation](#)

Amyotrophic Lateral Sclerosis (ALS) Intermediate Patient Population Expanded Access (U01 Clinical Trial Required)
National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Neurological Disorders and Stroke (NINDS)

Notice seeking applications for the conduct of scientific research utilizing data from expanded access (EA) for investigational drugs or biological products. These applications will target EA for intermediate size populations of patients living with amyotrophic lateral sclerosis (ALS) who are not eligible for ongoing clinical trials for the prevention, diagnosis, mitigation, treatment, or cure of ALS.

Applications are due March 23, 2023. Up to \$75 million is available to fund three to five awards.

LINKS: [Grants.gov](#), [Solicitation](#)

Archiving and Documenting Child Health and Human Development Data Sets (R03 Clinical Trial Not Allowed)

National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Child Health and Human Development (NICHD)

Notice seeking applications to support the archiving and documentation of existing data sets within the scientific mission of the Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD) in order to enable secondary analysis of these data by the scientific community.

Applications are due annually on February 16, June 16, and October 16. Program expires November 17, 2025.

LINKS: [Grants.gov](#), [Solicitation](#)

Formative and Pilot Intervention Research to Optimize HIV Prevention and Care Continuum Outcomes (R34 Clinical Trial Optional)

National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Mental Health (NIMH)

Notice seeking proposals for formative research, intervention development, and pilot-testing of interventions on the feasibility, tolerability, acceptability and safety of novel or adapted interventions that target HIV prevention or treatment.

Applications are due May 9, 2023. Multiple awards with a 3-year ceiling of \$450,000 are anticipated.

LINKS: [Grants.gov](#), [Solicitation](#)

Innovations to Optimize HIV Prevention and Care Continuum Outcomes (R21 and R01 Clinical Trial Optional)

National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Mental Health (NIMH)

Notice seeking proposals to optimize HIV prevention and care, including formative basic behavioral and social science to better understand a step or steps in the HIV prevention or care continuum, and/or the initial development and pilot testing of innovative intervention approaches. R01 and R21 mechanisms are available under this solicitation.

Applications are due May 9, 2023. Multiple awards are anticipated.

LINKS: [Grants.gov \(R21\)](#), [Grants.gov \(R01\)](#)

Integrative Research to Understand the Impact of Sex Differences on the Molecular Determinants of AD Risk and Responsiveness to Treatment (U01 Clinical Trial Optional)

National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute on Aging (NIA)

Notice seeking proposals that employ integrative experimental and analytical approaches engaging basic and translational/clinical research aimed at developing a comprehensive understanding of the impact of sex differences on the trajectories of brain aging and disease, phenotypes of AD and AD-related dementias (ADRD) risk, individualized prevention, and responsiveness to pharmacologic and non-pharmacologic interventions.

Applications are due February 21, 2023. Multiple awards are anticipated.

LINKS: [Grants.gov](#), [Solicitation](#)

Mentored Career Development Program for Early Stage Investigators Using Nonhuman Primate Research Models (K01 Independent Clinical Trial Not Allowed)

National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute on Aging (NIA); National Institute of Allergy and Infectious Diseases (NIAID)

Notice seeking proposals from early-stage investigators for support and protected time (up to five years) for intensive, research-focused career development program activities under the guidance of an experienced mentorship team with expertise in both the preclinical application of nonhuman primate (NHP) models and in translation of the results from such studies to clinical application.

Applications are due February 12, 2023. Multiple awards are anticipated.

LINKS: [Grants.gov](#), [Solicitation](#)

NIAID Physician-Scientist Pathway to Independence Award (K99-R00)

National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute of Allergy and Infectious Diseases (NIAID)

Notice seeking applications designed to facilitate a timely transition of outstanding postdoctoral researchers with a clinical doctorate degree from mentored, postdoctoral research positions to independent, tenure-track or equivalent faculty positions.

Applications are due February 12, 2023.

LINKS: [Grants.gov \(Independent Clinical Trial Not Allowed\)](#), [Grants.gov \(Clinical Trial Required\)](#)

NIDA Program Project Grant Applications (P01 Clinical Trial Optional)

National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Institute on Drug Abuse (NIDA)

Notice seeking proposals for collaborative research by multi-disciplinary teams which is of high priority to NIDA and leads to synergistic outcomes based on the synthesis of multiple research approaches.

Applications are due May 25, 2023. Multiple awards are anticipated.

LINKS: [Grants.gov](#), [Solicitation](#)

Pediatric Heart Network Clinical Research Centers (UM1 Clinical Trial Optional)

National Institutes of Health (NIH), Department of Health and Human Services (HHS), National Heart, Lung, and Blood Institute (NHLBI)

Notice seeking proposals to participate as a Clinical Research Center in the Pediatric Heart Network to support and conduct research to improve the health and quality of life for children and adults with congenital heart disease and children with acquired heart disease through multi-center collaborative clinical research.

Applications are due May 12, 2023. An estimated nine awards with a per-year ceiling of \$281,250 are anticipated.

LINKS: [Grants.gov](#), [Solicitation](#)

SCIENCE, TECHNOLOGY, ENGINEERING, and MATHEMATICS

DEVCOM Analysis Center Broad Agency Announcement for Applied Research
Army (Army), Department of Defense (Defense)

Notice seeking proposals for a range of applied research topics that will inform Army modernization and readiness decisions with objective Analysis enabled through Tool development and Data curation.

White papers are accepted at any time. Multiple awards are anticipated.

LINKS: [Grants.gov](#), [Solicitation](#), [Contract Opportunities](#)

FY 2023 NASA Established Program to Stimulate Competitive Research (EPSCoR) INTERNATIONAL SPACE STATION (ISS) FLIGHT OPPORTUNITY
National Aeronautics and Space Administration (NASA)

Notice seeking proposals to perform scientific and/or technical research using the facilities of the International Space Station in areas that support NASA's strategic research and technology development priorities.

Applications are due April 5, 2023. Multiple awards are anticipated.

Limited Submission: Limited to EPSCoR jurisdictions

LINKS: [Grants.gov](#), [Solicitation](#)

Minitherms3D Proposer's Day
Defense Advanced Research Projects Agency (DARPA), Department of Defense (Defense)

Notice announcing a Proposers Day for the Miniature Integrated Thermal Management Systems for 3D Heterogeneous Integration (Minitherms3D) program. The objective of the Minitherms3D program is to develop compact thermal management technologies scalable to an arbitrarily large number of high-power tiers in a 3D heterogeneously integrated (3DHI) chip stack.

The meeting will be held on January 27, 2023, from 10 a.m. to 4 p.m. ET. The meeting will be an in-person event at the Executive Conference Center (ECC), Strategic Analysis, Inc., 4075 Wilson Blvd. Suite 300, Arlington, VA. Registrations are due by January 24, 2023.

LINKS: [Contract Opportunities](#), [Agency Site](#)

National Artificial Intelligence Advisory Committee
National Institute of Standards and Technology (NIST), Department of Commerce (Commerce)

Notice announcing a meeting of the National Artificial Intelligence Advisory Committee. The primary purposes of this meeting are to receive updates from the Committee working groups and discuss how to direct their input into actionable recommendations.

The meeting will be held Friday, February 10, 2023, from 11 a.m. to 3 p.m. ET. The meeting will be held in person and via live broadcast from 100 SAS Campus Dr., Cary, NC.

LINKS: [Federal Register](#)

2023 Dual Use Technology Development at Marshall Space Flight Center Cooperative Agreement Notice (CAN)
National Aeronautics and Space Administration (NASA), Marshall Space Flight Center (MSFC)

Notice seeking proposals to provide technology for programs and projects through leveraged technology investments and development partnerships with industry, academia, government agencies, and national laboratories.

Required white papers are due April 19, 2023. Approximately \$1 million is available to fund multiple awards for up to 12 months. Cost sharing is required.

LINKS: [Contract Opportunities](#), [Solicitation](#)

Advanced Scientific Computing Research - Reaching a New Energy Sciences Workforce (ASCR-RENEW)
Department of Energy (Energy), Office of Science (SC)

Notice seeking applications to increase participation of underrepresented groups in the advanced scientific computing workforce and to increase participation of underrepresented institutions in advanced scientific computing workforce training.

Required pre-applications are due February 21, 2023. Approximately \$10 million is available to fund multiple awards.

LINKS: [Grants.gov](#)

BER - Reaching a New Energy Sciences Workforce (BER-RENEW)
Department of Energy (Energy), Office of Science (SC); Biological and Environmental Research (BER)

Notice seeking applications to support transformative science and scientific user facilities to achieve a predictive understanding of complex biological, Earth, and environmental systems for energy and infrastructure security, independence, and prosperity. The program seeks to understand the biological, biogeochemical, and physical processes that span from molecular and genomics-controlled scales to the regional and global scales that govern changes in watershed dynamics, climate, and the Earth system.

Required pre-applications are due February 21, 2023. Approximately \$6 million is available to fund seven to nine awards.

Limited Submission: Only three pre-applications or applications per institution is allowed.

LINKS: [Grants.gov](#)

Fusion Energy Science – Reaching a New Energy Sciences Workforce (FES-RENEW)
Department of Energy (Energy), Office of Science (SC)

Notice seeking applications to increase participation of underrepresented groups in FES's fusion and plasma science and technology research portfolio. FES is fully committed to advancing a diverse, equitable, and inclusive research community, which is key to providing the scientific and technical expertise for U.S. scientific leadership.

Required pre-applications are due February 20, 2023. Approximately \$6 million is available to fund 4 to 10 awards.

LINKS: [Grants.gov](#)

FY 2023 Research Opportunities in Accelerator Stewardship and Accelerator Development
Department of Energy (Energy)

Notice seeking proposals to conduct cross-cutting use-inspired basic research and development (R&D) to

advance accelerator science and technology (AS&T) and domestic supplier development that supports activities in physical sciences research, and which is of broader benefit to other U.S. government agencies and industry.

Required pre-applications are due February 7, 2023. Multiple awards are anticipated.

LINKS: [Grants.gov](https://www.grants.gov)

Innovative Fusion Technology and Collaborative Fusion Energy Research in the DIII-D National Program
Department of Energy (Energy), Office of Science (SC)

Notice seeking applications to advance innovative fusion technology that supports the tokamak path to fusion energy and collaborative research activities in fusion energy research at the DIII-D National Fusion Facility.

Required pre-applications are due February 15, 2023. Approximately \$10 million is available to fund six awards.

LINKS: [Grants.gov](https://www.grants.gov)

Nuclear Physics – Reaching a New Energy Sciences Workforce (NP-RENEW)
Department of Energy (Energy), Office of Science (SC)

Notice seeking applications to improve retention of underrepresented groups in nuclear physics by creating multiple pathways, including training for students, a career elevator for faculty, and activities to introduce and connect students and faculty. Proposals can also be made for building coalitions among institutions, including partnerships between MSIs and DOE National Laboratories.

Applications are due April 17, 2023. Approximately \$6 million is available to fund 10 to 25 awards.

LINKS: [Grants.gov](https://www.grants.gov)

Predictive Nanoscale Simulation for the Terahertz Regime (NanoSim)
Defense Advanced Research Projects Agency (DARPA), Department of Defense (Defense)

Notice seeking proposals to develop accurate and computationally fast techniques to predict nanoscale material properties and apply the results to TCAD device design, enabling fast turn-around predictive modeling of nanoscale devices operating in the THz regime.

Proposals are due February 7, 2023. The total award value for both Phases is limited to \$1 million.

LINKS: [Contract Opportunities](#)

Reaching a New Energy Sciences Workforce for High Energy Physics (RENEW-HEP)
Department of Energy (Energy), Office of Science (SC)

Notice seeking applications to build foundations for Office of Science (SC) research and training at institutions historically underrepresented in the SC research portfolio. RENEW leverages SC's unique national laboratories, user facilities, and other research infrastructures to provide undergraduate and graduate training opportunities for students and academic institutions not currently well represented in the U.S. science and technology (S&T) ecosystem.

Applications are due March 31, 2023. Approximately \$8 million is available to fund 8 to 14 awards.

Limited Submission: Three applications per institution

LINKS: [Grants.gov](https://www.grants.gov)

Science, Technology, Engineering and Mathematics (STEM) Education Individual Postdoctoral Research Fellowships
National Science Foundation (NSF)

Notice seeking proposals for postdoctoral fellowship projects designed to enhance the research knowledge, skills, and practices of STEM Education research by recent doctoral graduates in STEM, STEM Education, Education, and related disciplines. This solicitation supports individual postdoctoral fellowship awards.

Proposals are due April 11, 2023, March 29, 2024, and Last Friday in March, annually thereafter. Approximately \$2.5 million is available to fund 8 to 10 awards.

LINKS: [Grants.gov](https://www.grants.gov), [Solicitation](#)

STEM Education Organizational Postdoctoral Research Fellowships
National Science Foundation (NSF)

Notice seeking proposals to fund postdoctoral fellowship projects designed to enhance the research knowledge, skills, and practices of STEM Education research by recent doctoral graduates in STEM, STEM Education, Education, and related disciplines. This solicitation supports organizational postdoctoral fellowship projects.

Proposals are due April 28, 2023. Approximately \$2.5 million is available to fund two to four awards.

LINKS: [Grants.gov](https://www.grants.gov), [Solicitation](#)

Astronomy and Astrophysics Advisory Committee
National Science Foundation (NSF)

Notice announcing a meeting of the Astronomy and Astrophysics Advisory Committee. The purpose of the meeting is to provide advice and recommendations to the National Science Foundation (NSF), the National Aeronautics and Space Administration (NASA) and the U.S. Department of Energy (DOE) on issues within the field of astronomy and astrophysics that are of mutual interest and concern to the agencies.

The meeting will be held January 26-27, 2023 from 9:30 a.m. to 4:00 p.m. ET. at the National Science Foundation, 2415 Eisenhower Avenue, Alexandria, VA (Zoom Videoconference).

LINKS: [Federal Register](#), [Agency Site](#)

Proposer's Day: Reimagining Security with Cyberpsychology-Informed Network Defenses (ReSCIND) Intelligence Advanced Research Projects Activity (IARPA), Director of National Intelligence (DNI)

Notice announcing a proposers' day for RESCIND. The IARPA ReSCIND program aims to improve cybersecurity by developing a new set of cyberpsychology-informed defenses that leverage attacker's human limitations, such as innate decision-making biases and cognitive vulnerabilities.

The meeting will be held on Tuesday, February 28, 2023 from 8:00 a.m. to 3:30 p.m. PST. Registrations are due by February 13, 2023. This is a hybrid meeting.

LINKS: [Contract Opportunities](#), [Agency Site](#)
