The minutes from the October 22, 2018 meeting were approved.

There no one-time waivers or reactivations since the last meeting. The committee was informed of the recently submitted service learning sections and general education courses.

Dr. Green and Ms. Berry met with Ryan Bell, interim director of service learning to discuss how to improve the service learning application process for new section and particularly new courses. Changes will be made to the application form and Ms. Bell plans to form a faculty advisory committee to support the office's efforts. Ms. Berry will keep the UCCC informed on future changes regarding the service learning program.

The FTA Fast Track proposal that was approved pending the English department's signature was brought back to the table. The ENGL department signed the proposal but did not approve the proposed changes to FTA 2250, 2260, and 2270 which would replace ENGL 1158 with ENGL 1158. After a discussion, Prof. Hansen agreed to draft additional justifications to submit to the English department to address their concerns.

There was a discussion regarding the inclusion of the statements of disability services and academic integrity. Some proposals attached the prepopulated syllabus attachment as posted in Moodle. Ms. Berry will reach out to Beth Blankenship, Dir. of Center for Teaching Innovation regarding updating this attachment.

Dr. Li indicated that there will be a meeting of the Math and Computer Science departments regarding CSCI 6521 and 6522 and 2 proposed Math course which appear very similar in nature. These proposals will be tabled until after the meeting is held.

Dr. Green informed the committee that Ms. Berry and Prof. Hansen visited the Dean's council to discuss the catalog build process and the reviewed submission deadlines. It was a productive visit and the council was encouraged by the UCC's productivity and encouraged continued communication.

The next meeting is scheduled for 12/17/18 at 11AM in AD 101.
