

***Advanced Materials Research Institute and Department of
Chemistry: University of New Orleans***

Application for 2025 AMRI REU Summer Research Program

The Advanced Materials Research Institute (AMRI) at the University of New Orleans announces summer research positions in Chemistry, Physics, Biochemistry, and Materials Science for college students. Participants will work in state-of-the-art scientific research facilities alongside experienced research scientists. **No prior research experience is necessary.**

Full-time positions lasting 8 weeks will begin June 2, 2025 for College students and end July 25, 2025. Attendance at orientation (on June 2nd) and attendance on the closing date of the program (July 25th) is required by all participants. Each position includes a **\$6000 stipend** award for completion of the program. A commitment for the ENTIRE summer is a requirement of program participation (exceptions cannot be made).

Participants will conduct research on an independent project in Chemistry, Physics, Biochemistry, or Materials Science. In addition, weekly seminar programs will develop research concepts and will cover other innovative topics for encouraging interest in scientific research.

Complete this electronic form to begin the application process.

All application materials must be *received* by **4:00 pm on Friday, March 21, 2025**. Notification of acceptance to the program will be made via e-mail.

Electronic Submission Required – Download and complete fillable application then email to amri@uno.edu. If you do not receive a confirmation e-mail within 2 business days of completing your application, contact amri@uno.edu

The University of New Orleans is an Affirmative Action/Equal Employment Opportunity employer. Women, ethnic minorities, veterans and persons with disabilities are encouraged to apply.
