

LSUHSC – New Orleans Bachelor of Science in Public Health

Listed below are the prerequisite courses for admission to the Bachelor of Science in Public Health (BSPH) Program at the LSU Health Sciences Center School of Public Health in New Orleans.

Designed as a 2+2 program, students must complete the prerequisite courses (shown below) and at least 60 credit hours with a cumulative GPA of 2.75 from an accredited college or university. Students then apply to the BSPH program and complete another 2 years of coursework to finish their undergraduate studies. Note that LSU School of Public Health at the Health Sciences Center in New Orleans has partnered with LSU Online to offer this program.

Program requirements are determined by LSUHSC and admission to the program is on a competitive basis. Applicants are evaluated and accepted by the admissions committee based on their academic credentials, work and service experience. Admissions will be made on a rolling basis for students entering the program in January, May, or August of each year.

***Students should refer to the courses of instruction in the University Catalog at <https://www.uno.edu/registrar> for the most up-to-date information on UNO courses and pre-requisites.**
