HEALTH and MENTAL HEALTH

Bergel Institute Expanding our Understanding of Health and Healing

Notice seeking applications to explore questions about energy, consciousness, and healing, and include much more than descriptions of practices that may be called alternative or complementary and focus on how humanity can apply the full insights of these modalities to people's daily lives. Fellows will examine when and where practices began, what is practiced where, what modalities work for what health conditions, and what questions remain.

Applications are due February 28, 2026. Fellows receive a stipend of \$30,000.
