Cross Border University Partnership Initiatives

Notice seeking project proposals to increase partnership and collaboration between American and Ivorian universities. These partnerships can take different forms but will facilitate academic exchanges, collaborative research, and professional development opportunities, ultimately supporting the exchange of ideas and expertise and contributing to the capacity of higher education institutions (HEIs) in Côte d'Ivoire.

Proposals are due July 4, 2025. Maximum awards are up to \$75,000.

Investing in Our Collective Strength

Notice seeking applications through which it aims to empower the community to illuminate and confront shared challenges and seek ways where the United States and Japan can work together to address problems in each country, in the region, and around the world.

Letters of Inquiry are due June 27, 2025.

LINKS: [Solicitation](#); [United States-Japan Foundation](#)

Addressing Development and Use of Chemical and Biological Weapons by Russia

Notice seeking proposals to prevent Russian acquisition of critical biological, biotechnology, chemical, and pharmaceutical (BBCP) materials and equipment, to prepare partners to respond to chemical and biological weapons (CBW) use, and to deter Russia from future use.

Proposals are due July 30, 2025. An estimated \$15 million is available for up to 10 awards ranging from approximately \$250,000 to \$10 million per award.

LINKS: [Grants.gov](#)

Countering Biological Weapons Threats

Notice seeking proposals to prevent U.S. adversaries from developing and/or deploying BW, exploiting partner facilities to acquire BW-applicable materials and data, and utilizing malign influence to gain strategic advantage over the U.S. and threaten U.S. national security.

Proposals are due July 30 2025. An estimated \$15 million is available for up to 10 awards ranging from approximately \$250,000 to \$5 million per award.

LINKS: [Grants.gov](#)

Countering Chinese and Russian Proliferation of Advanced Conventional Weapons

Notice seeking project proposals with the following outlined objectives: countering procurement networks used to acquire advanced conventional weapons, countering state-sponsored proliferation of advanced conventional weapons, addressing strategic defense dependencies, and countering malign activity of private military companies to include exploitation of natural resources including critical minerals.

Proposals are due July 30, 2025. An estimated \$17 million is available for up to 10 awards ranging from approximately \$250,000 to \$6.5 million per award.

LINKS: [Grants.gov](https://www.grants.gov)

Countering Iran and DPRK's WMD, Nuclear, Ballistic Missile, and Drone Proliferation

Notice seeking proposals to increase global capacity to implement and enforce U.S. and international sanctions imposed on Iran and DPRK and thwart these nations' abilities to develop ballistic missile (BM), drone and unmanned aerial system (UAS), and nuclear capabilities that pose a threat to U.S. national security.

Proposals are due July 30, 2025. An estimated \$12.5 million is available for 10 awards ranging from approximately \$250,000 to \$1 million.

LINKS: [Grants.gov](https://www.grants.gov)

Denying U.S. Adversaries Access to Sensitive Nuclear, Missile, and Advanced Technical Expertise for Weapons of Mass Destruction Programs that Threaten America

Notice seeking proposals to prevent U.S. adversary exploitation of civilian's scientists, technicians, and engineers with dual-use expertise to support WMD or missile programs designed to attack the United States.

Applications are due July 30, 2025. An estimated \$6 million is available for up to five awards ranging from approximately \$100,000 to \$2 million.

LINKS: [Grants.gov](https://www.grants.gov)

Enforcing Sanctions on China and Russia

Notice seeking project proposals to identify and disrupt complex sanctions evasion strategies and understand the risks of noncompliance (e.g. potential secondary sanctions). These goals will be accomplished through technical engagements that provide resources to assist partners to identify and avoid transactions with designated entities, and their associated networks.

Proposals are due July 30, 2025. An estimated \$19.5 million is available for up to 10 awards ranging from approximately \$250,000 to \$5 million per award.

LINKS: [Grants.gov](https://www.grants.gov)

Preventing U.S. Adversaries' Access to Critical Technologies and Exploitation of Scientific and Commercial Facilities for Military Advancement

Notice seeking project proposals to advance the National Security Presidential Memorandum -3, America First Investment Policy by stopping Chinese firms and researchers from stealing U.S. intellectual property

and sensitive technologies to enable the Chinese Communist Party and the People's Liberation Army from developing and deploying dual-use technologies, WMDs, advanced conventional weapons, and conducting malicious cyberattacks that threaten U.S. security.

Proposals are due July 30, 2025. An estimated \$30 million is available for up to 10 awards ranging from approximately \$250,000 to \$1 million per award.

LINKS: [Grants.gov](https://www.grants.gov)

Unleashing American Energy Dominance and Expediting Responsible and Secure U.S. Small Modular Reactor Deployment through the FIRST Program

Notice seeking proposals to enable partner countries' responsible nuclear energy deployment under the highest nuclear security, safety, and nonproliferation standards.

Proposals are due July 30, 2025. An estimated \$19.5 million is available for 10 awards ranging from approximately \$50,000 to \$4 million.

EDUCATION and ECONOMIC & COMMUNITY DEVELOPMENT

Award for Creativity in Psychiatric Education

Notice seeking applications that recognizes a creative/innovative teaching program in psychiatric education.

Applications are due June 30, 2025. Eligibility is limited to programs that have been in operation for at least two years, include outcome data, and have been a part of an approved psychiatric residency training program in the United States or Canada approved by ACGME or the Royal College.

LINKS: [Agency Site](#); [American College of Psychiatrists](#)

VA National Academic Affiliations Council, Notice of Meeting

Notice announcing meeting to advise the Secretary, Department of Veterans Affairs, on matters affecting partnerships between VA and its academic affiliates.

The virtual meeting will take place on June 18, 2025 from 1:00 p.m. to 3:00 p.m.

LINKS: [Federal Register](#)

Federal Perkins Loan, Federal Work-Study, and Federal Supplemental Educational Opportunity Grant Programs; 2025-26 Award Year Deadline Dates

Notice announcing the 2025-26 award year deadline dates for the submission of requests and documents from postsecondary institutions for the Federal Perkins Loan (Perkins Loan) Program, Federal Work-Study (FWS), and Federal Supplemental Educational Opportunity Grant (FSEOG) programs (collectively, the "Campus-Based programs").

Submission deadlines vary. Some submissions are limited to returning applicants and grantees.

LINKS: [Federal Register](#)

ASPCA Research Grants

Notice seeking applications that funds high-quality research across a variety of disciplines and methods that have clear potential to benefit animals, either directly or through effecting systems-level change. This year, proposals are being solicited in the following six research areas: Access to veterinary care (AVC) research; Applied behavior research; Cruelty research; Farm animal welfare research; Psychological trauma research; and Shelter research.

Applications are due July 31, 2025. Grants of up to \$50,000 will be awarded.

LINKS: [Solicitation](#); [American Society for the Prevention of Cruelty to Animals \(ASPCA\)](#)

Personnel Development to Improve Services and Results for Children with Disabilities—Preparation of Special Education and Early Intervention Administrators

Notice seeking applications for projects to (1) help address State-identified needs for personnel preparation in special education, early intervention, related services, and regular education to work with children, including infants and toddlers, with disabilities; and (2) ensure that those personnel have the necessary skills and knowledge, derived from practices that have been determined through scientifically based research and experience, to be successful in serving those children. Applicants must have a doctoral degree program that prepares scholars in special education or early intervention administration.

Applications are due June 26, 2025. An estimated \$1.5 million is available to fund up to six awards.

LINKS: [Grants.gov](#); [Federal Register](#)

Personnel Preparation of Special Education, Early Intervention, and Related Services Personnel at Historically Black Colleges and Universities, Tribally Controlled Colleges and Universities, and Other Minority Serving Institutions

Notice seeking applications to (1) help address State-identified needs for personnel preparation in special education, early intervention, related services, and regular education to work with children, including infants, toddlers, and youth with disabilities; and (2) ensure that those personnel have the necessary skills and knowledge, derived from practices that have been determined through scientifically based research, to be successful in serving those children. Applicants under this funding opportunity must be an HBCU, TCCU, or other MSI; and must have a bachelor's degree, certification, master's degree, educational specialist degree, or clinical doctoral degree program that prepare scholars in special education, early intervention, and related services.

Applications are due June 26, 2025. Multiple awards are anticipated ranging from \$150,000 - \$350,000 per year.

LINKS: [Grants.gov](#); [Federal Register](#)

Quadratec Cares 'Energize the Environment' Grant Program

Notice seeking applications from an individual or group pursuing a program or initiative designed to benefit our environment.

Applications are due June 30, 2025. Grants of up to \$3,500 will be awarded to individuals or groups.

LINKS: [Solicitation](#); [Quadratec](#)

Foundation for Food & Agriculture Research's Dairy Health, Efficiency & Resource Dynamics (Dairy HERD) Initiative

Notice seeking applications for FFAR's Dairy Health, Efficiency & Resource Dynamics (Dairy HERD) Initiative. The goal for this research collaboration is to advance research in animal health, ensure the economic viability of the U.S. dairy industry and improve environmental outcomes.

Applications are due June 25, 2025. An anticipated \$1.3 million is available to fund projects ranging from \$500,000 to \$1 million per project.

LINKS: [Agency Site](#); [Foundation for Food & Agriculture Research \(FFAR\)](#)

HEALTH and MENTAL HEALTH

2025 Neonatal Research Initiative

Notice seeking letters of intent which will award grants to scientists, doctors, and nurses at universities, hospitals, and research institutions in support of research directed at addressing both the long term and immediate health needs caused by premature birth.

Letters of intent are due June 20, 2025. Research grants range from \$5,000 to \$10,000.

LINKS: [Agency Site](#); [Little Giraffe Foundation](#)

Developing Educational Initiatives to Increase Understanding of BCMA BsAbs for the Treatment of Relapsed Refractory Multiple Myeloma

Notice seeking proposals for developing educational initiatives for implementation and therapy management of B-cell Maturation Antigen (BCMA) Bi-Specific Antibodies (BsAbs) in Relapsed/Refractory Multiple Myeloma (RRMM).

Proposals are due June 26, 2025. Grants will have an anticipated funding amount up to \$250,000. Eligibility is limited to medical, nursing, allied health, and/or pharmacy professional schools; healthcare institutions (both large and small); professional organizations/medical societies; medical education companies; and other entities with a mission related to patient and/or healthcare professional education and/or healthcare improvement.

LINKS: [Agency Site](#); [Pfizer](#)

DOD Peer Reviewed Cancer

Notices seeking pre-applications for research into congressionally-directed topic areas including specific cancer types, groups of cancers, and cancer research areas such as immunology. This program is for USAMRAA's Peer Reviewed Cancer Research Program awards. These awards include Impact Awards, Clinical Trial Awards, Career Development Awards (Fellow and Resident Option and Scholar Option), and Idea Awards.

Pre-applications for the Career Development awards are due June 19, 2025. Pre-applications for all other awards are due June 20, 2025. A total of approximately 74 awards are anticipated for this program. Search CFDA 12.420 on Grants.gov for announcements.

Request for Project Proposals - Pharmacogenomics (PGx) Testing for Military Readiness Pilot

Notice seeking white papers focused on establishing a pilot program to demonstrate the enhanced use of pharmacogenomics (PGx) in the Military Health System (MHS) to aid in the treatment for specific medical conditions and improve healthcare delivery and outcomes.

White papers are due June 20, 2025. Total available funding is approximately \$2.15 million.

LINKS: [Contract Opportunities](#); [Solicitation](#)

Office of the Director, National Institutes of Health; Notice of Meeting

Notice announcing a virtual meeting discussing a report from the OAR Director, an update on the development of the NIH Strategic Plan, and research priorities for HIV research.

This virtual meeting will be held on June 26, 2025 from 12:00 p.m. to 4:00 p.m.

LINKS: [Federal Register](#); [Agency Site](#)

Biomedical Advanced Research and Development Authority (BARDA) Broad Agency Announcement (BAA)

Notice seeking pre-submission calls for the Office of Biomedical Advanced Research and Development Authority (BARDA) that focus on advanced research and development (R&D) of Medical Countermeasures (MCMs) for chemical, biological, radiological, and nuclear agents, pandemic influenza, and emerging infectious diseases that threaten the U.S. civilian population.

Pre-submission calls can be submitted at any time during the open period of this BAA.

LINKS: [Contract Opportunities](#); [Agency Site](#)

NASPGHAN Foundation's pediatric gastroenterology, hepatology, and nutrition research

Notice seeking applications for innovative, high-impact research in pediatric gastroenterology, hepatology, and nutrition. The intent of this research award is to stimulate scientific inquiry in an area that is exceptionally innovative and has the potential to impact the field in a highly novel manner.

Applications are due July 1, 2025. Grants are \$75,000 per year for two years. Eligibility is limited to principal investigators who are members in good standing of the North American Society for Pediatric Gastroenterology, Hepatology and Nutrition for at least two years. Applicants also must hold a faculty position at a North American university or research institute and hold an MD, DO, PhD, MD/PhD or equivalent degree.

LINKS: [Agency Site](#); [North American Society for Pediatric Gastroenterology, Hepatology and Nutrition \(NASPGHAN\)](#)

Research to Prevent Blindness Challenge Grant program

Notice seeking applications for RPB's Challenge Grants which encourage the growth of newly emerging eye research programs or recently-appointed department heads. The Challenge Grant is designed to enhance a department's environment and capability to conduct vision research, to facilitate collaborative studies of the visual system, and to attract researchers to the department.

Applications are due July 1, 2025. The grants value at approximately \$300,000 over four years. Eligibility is limited to applicants from ophthalmology departments that have yet to receive RPB departmental support (challenge or unrestricted) in the last four years as well as an existing base of high-quality NEI or vision-related research grants.

LINKS: [Agency Site](#); [Research to Prevent Blindness \(RPB\)](#)

SCIENCE, TECHNOLOGY, ENGINEERING, and MATHEMATICS

Louis Stokes Alliances for Minority Participation

Notice seeking proposals which aims to aid student success to create a new generation of STEM discoverers for the national STEM enterprise. LSAMP is an alliance-based program, whereby a group of Institutions of Higher Education (IHEs) work together to diversify the nation's STEM workforce by increasing the number of STEM baccalaureate and graduate degrees awarded to persons from LSAMP populations.

Proposals are due June 24, 2025. An estimated \$38 million is available to fund 45 to 60 awards. Project budgets minimums vary on project.

LINKS: [Grants.gov](#); [Solicitation](#)

NSF's Eddie Bernice Johnson Inclusion across the Nation of Communities of Learners of Underrepresented Discoverers in Engineering and Science (INCLUDES) Initiative

Notice seeking proposals for five types of projects for the NSF's Eddie Bernice Johnson INCLUDES Initiative. NSF offers opportunities to propose projects that: a) contribute rigorous research to the knowledge base about broadening participation in STEM and b) motivate and accelerate collaborative efforts to sustain systemic change and demonstrably broaden participation in STEM, especially in STEM fields that lack participation that reflects the talent throughout the Nation's population.

Deadlines vary based on project and proposals may be accepted on an annually basis or every other year. An estimated \$5.5 million is available to fund 10 to 15 awards.

LINKS: [Grants.gov](#); [Solicitation](#)

Mohamed bin Zayed Species Conservation Grant

Notice seeking applications for species conservation projects. The fund is primarily interested in supporting in situ species conservation work (such as survey work and data gathering, direct action, recovery management, training, and the like) that focuses on the species in its natural habitat. However, the importance of ex-situ work (genetic analysis, workshops, ex-situ populations, etc.) is also recognized, so a few grants may be given to projects which focus on ex situ conservation work in certain circumstances.

Applications are due June 30, 2025. Maximum awards are up to \$25,000.

LINKS: [Agency Site](#)

Rads To Watts Proposers Day

Notice announcing a proposers' day to provide information to potential proposers on the objectives of an anticipated solicitation for the Rads to Watts program. Rads to Watts (R2W) aims to identify and develop a range of technologies for high-power direct energy conversion of nuclear radiation into electricity. R2W will explore the potential to scale up radiovoltaics to kilowatt power levels with form factors in the tens of kilograms, with high radiation resistance.

The meeting will be held on June 20, 2025, from 8:00 a.m. to 2:00 p.m. Registrations are due by June 13, 2025.

LINKS: [Contract Opportunities](#); [Registration](#)

Advanced Disease Outbreaks Simulation Capabilities Request for Information

Notice seeking information regarding state-of-the-art capabilities in the simulation of disease outbreaks. This program is exploring innovative solutions to enhance the understanding of outbreak dynamics and improve preparedness for future public health emergencies.

Responses are due June 23, 2025.

LINKS: [Contract Opportunities](#); [Agency Site](#)

Expedited Research Implementation Series (ERIS)

Notice seeking submissions for the Defense Advanced Research Projects Agency (DARPA)'s Expedited Research Implementation Series (ERIS). Notice seeks organizations to support two complementary efforts: Industrial base research (basic, applied, and advanced research), and Design and facilitation of stakeholder experimentation events in support of industrial base research.

There is now a long-term, open call for submissions for this program.

LINKS: [Contract Opportunities](#); [Agency Site](#)

FY25 Long Range Broad Agency Announcement (BAA) for Navy and Marine Corps Science and Technology

Notice seeking proposals for Long-Range S&T Projects that offer potential for advancement and improvement of Navy and Marine Corps operations.

Proposals will be accepted any time until September 30, 2025.

LINKS: [Contract Opportunities](#); [Agency Site](#)

FY26 Communications and Networking Applied Research

Notice seeking white papers to support the Navy's Information Warfare vision by developing measurable advances in technology that can directly enable and enhance end-to-end connectivity and quality of-service for mission-critical information exchange among widely dispersed naval, joint, and coalition forces.

White papers are strongly encouraged and due July 11, 2025. Proposals are due September 26, 2025. ONR plans to fund 5 to 6 individual awards with a value of \$250,000 to \$500,000 per year.

LINKS: [Grants.gov](#); [Agency Site](#)

Ocean Explorer (OEX) Large Underwater Vehicle Demonstrator

Notice seeking white papers for the rapid design, build, and testing of OEX, an ultra-large autonomous undersea vehicle capable of conducting extended ocean scale missions while carrying a large modular payload. Notice also invites participants for ONR's Industry Days which will serve to provide specific information that will be required knowledge when submitting white papers and proposals.

White papers are strongly encouraged and are due July 25, 2025. Proposals are due October 31, 2025. Educational institutions must submit a subcontracting plan along with their research proposal. ONR Industry Days will be held from June 30, 2025 to July 1, 2025 at the Bobby Junker Executive Conference Center (BJECC) at ONR. Participants must register for the Industry Days by June 18, 2025.

LINKS: [Contract Opportunities](#)

Agency Information Collection Activities: Comment Request; National Center for Science and Engineering Statistics (NCSES) Generic Clearance for Improvement Projects

Notice seeking comments regarding the NCSES Generic Clearance for Improvement Projects collection. Comments are invited on the necessity of this information collection, the accuracy of NCSES's estimate of the burden of the proposed collection of information, ways to enhance the quality, use, and clarity of the information, and ways to minimize the burden of the collection of information.

Comments must be received by July 25, 2025.

LINKS: [Federal Register](#)
