

ARTS, HUMANITIES, and INTERNATIONAL

Furthermore, Grants in Publishing

Notice seeking applications that supports publication of nonfiction books that concern the arts, history, and the natural and built environment.

Applications are due July 1, 2025. Grant awards will be ranging from \$1,500 to \$12,000.

LINKS: [Solicitation](#); [J.M. Kaplan Fund](#)

FY 2025 Community College Initiative Program

Notice seeking proposals to advance America's security and prosperity by equipping foreign students, many from regions vulnerable to radicalization or illegal immigration, with technical skills in critical industries. With improved technical, professional, and entrepreneurial skills, the participants return home to contribute to economic growth and stability in countries of strategic importance to the United States.

Proposals are due August 4, 2025. An estimated \$3.94 million is available.

LINKS: [Grants.gov](#); [Solicitation](#)

Promoting American Excellence to Moroccan Youth 2025

Notice seeking proposals for programs and projects that promote American excellence and encourage the best and brightest young Moroccans, ages 18 to 30, to increase their engagement with America. The programming will focus on four key areas: English language learning, creative economies, digital transformation, and Science, Technology, Engineering, Arts, and Math. While U.S. non-governmental organizations (NGOs) and individuals may apply, preference is given to Moroccan NGOs or to partnerships that develop capacity with Moroccan NGOs.

Proposals are due July 31, 2025. An estimated \$123,000 is available to fund three awards ranging from \$40,000 to \$120,000.

LINKS: [Grants.gov](#); [Agency Site](#)

Creating Opportunities through Market Development in Sports and Digital Skills

Notice seeking proposals or programs that support one of the following U.S. Mission priority program areas listed below, with a key focus on audiences and participants outside of Kazakhstan's largest cities. Proposals should focus on one or more of the priority objectives, but applicants may also recommend their own objectives. Priority objectives include: 1) deepening Kasakh-American ties through sports; 2) equipping young professionals with in-demand technical skills.

Proposals are due July 17, 2025. Award amounts range from \$10,000 to \$40,000.

LINKS: [Grants.gov](#); [Agency Site](#)

Loughaven Artist Residency

Notice seeking applications from practicing artists. Artists currently enrolled in a degree-seeking program are not eligible, but PhD candidates who have completed all coursework at the time of application are eligible. The residency supports artists creating new work in the following disciplines: writing (poetry, fiction, nonfiction, screenwriting, and journalism), visual arts, dance, theater, music composition, architecture, and interdisciplinary work. Artists should be at the creation stage of their project.

Applications are due July 15, 2025. Six residency sessions are available each year, with up to nine individuals awarded each session.

LINKS: [Agency Site](#); [Log Haven](#)

NEA Grants for Arts Projects 2, FY 2026

Notice seeking proposals to provide project-based funding for organizations in the areas of Artist Communities, Arts Education, Dance, Design, Film & Media Arts, Folk & Traditional Arts, Literary Arts, Local Arts Agencies, Museums, Music, Musical Theater, Opera, Our Town, Presenting & Multidisciplinary Works, Theater, and Visual Arts.

Proposals are due July 17, 2025. Applicants may request an amount between \$10,000-\$100,000.

LINKS: [Grants.gov](#); [Solicitation](#)

EDUCATION and ECONOMIC & COMMUNITY DEVELOPMENT

Adaptive Sports Programs for Disabled Veterans and Disabled Members of the Armed Forces and Equine Therapy Grants

Notice seeking applications for qualifying organizations to plan, develop, manage, and implement programs to provide adaptive sports, training, and other opportunities for veterans and members of the Armed Forces with disabilities. Specific funding in companion opportunity is available to address mental health issues through equine therapy.

Applications are due July 2, 2025. Multiple awards are anticipated, and the maximum award amount is \$750,000.

LINKS: [Grants.gov \(Adaptive Sports Grants\)](#); [Grants.gov \(Equine Therapy Grants\)](#); [Agency Site](#)

Broadband Grants Evaluation

Notice seeking proposals to evaluate and assess the performance and outcomes of Appalachian Regional Commission's (ARC) broadband grants and better understand the grant implementation experiences of grantees. ARC's investments in broadband are designed to address unmet needs and create connections to help Appalachian communities thrive.

Proposals are due July 18, 2025. Maximum budget is \$250,000.

LINKS: [Agency Site](#)

Developing Hispanic-Serving Institutions Program

Notice seeking applications to expand educational opportunities for, and improve the academic attainment of, Hispanic students; and expand and enhance the academic offerings, program quality, and institutional stability of colleges and universities that are educating the majority of Hispanic college students and helping large numbers of Hispanic students and other low-income individuals complete postsecondary degrees.

Applications are due July 3, 2025. Approximately 116 awards are of up to \$600,000 each are available for projects lasting up to five years.

LINKS: [Grants.gov](#); [Federal Register](#); [Agency Site](#)

EDA FY25 Disaster Supplemental

Notice seeking applications to help communities and regions devise and implement long-term economic recovery strategies through a variety of non-construction and construction projects in areas where a Presidential declaration of a major disaster was issued under the Robert T. Stafford Disaster Relief and Emergency Assistance Act.

Applications will be accepted on an ongoing basis. An estimated \$1.45 billion is available.

LINKS: [Grants.gov](#); [Solicitation](#)

Legal Services for Homeless Veterans and Veterans At-Risk for Homelessness (LSV-H) Grant Program

Notice seeking applications to award legal services grants to eligible public or non-profit private entities who will provide legal services to eligible Veterans who are homeless or at risk for homelessness.

Applications are due July 7, 2025. An estimated \$42 million is available to fund up to 84 awards.

LINKS: [Grants.gov](#); [Solicitation](#)

Rising Fund

Notice seeking applications to empower changemakers reimagining democracy as a force for shared power and collective infrastructure. The fund is focused on three core principles: dismantling inequitable systems and building new models rooted in justice and collective power; identifying and investing in key moments where change is possible, accelerating movements that turn disruption into transformation; and shifting control over resources, technology, and narratives in bold ways.

Applications are due June 13, 2025. Applicants must be at a stage where \$50,000 in funding would be catalytic (as a proxy, the organization can use an annual operating budget of <\$1.5 million).

LINKS: [Solicitation](#)

Advisory Committee on Minority Veterans

Notice announcing a meeting of the Advisory Committee on Minority Veterans.

The meeting will be held virtually on August 6, 2025 from 11:00 to 3:30 p.m. ET.

LINKS: [Federal Register](#)

FY2025 Commercial Driver's License Program Implementation (CDLPI)

Notice seeking applications to provide financial assistance to States and other eligible entities to carry out and improve the national Commercial Driver's License program. This program focuses on the concept that each driver has only one driving record and only one licensing document, commonly referred to as ""One Driver — One License — One Record.""

Applications are due July 7, 2025. An estimated \$89,400,000 is available to fund up to 55 awards.

LINKS: [Grants.gov](#); [Solicitation](#)

Agency Information Collection Activities: Proposed Collection; Comment Request: Uniform Grant Application Package for Discretionary Grant Programs

Notice seeking responses regarding a revision of the Uniform Grant Application Package for Discretionary Grant Programs.

Comments must be received by August 4, 2025.

LINKS: [Federal Register](#)

Federal Need Analysis Methodology for the 2026-27 Award Year-Federal Pell Grant, Federal Work-Study, Federal Supplemental Educational Opportunity Grant, William D. Ford Federal Direct Loan, and TEACH Grant Programs

Notice announcing the annual updates to the tables used in the statutory Federal Need Analysis Methodology (Need Analysis) that determines a student's Student Aid Index (SAI) for award year (AY) 2026-27 for student financial aid programs.

LINKS: [Federal Register](#)

Bank of America Charitable Foundation invites applications for community needs

Notice seeking applications in the stable housing and empowering communities categories. The foundation focuses on improving the lives of individuals and families by investing in health and jobs, and strengthening broader community vitality by addressing needs related to small business resiliency, and community development.

Applications are due June 30, 2025.

LINKS: [Solicitation](#); [Bank of America Charitable Foundation](#)

FY25 Bureau of Land Management Cultural and Paleontological Resource Management- Bureau wide

Notice seeking proposals for projects to develop partnerships that improve access to and use of heritage resources, and promote their educational, scientific, cultural, and recreational values in a manner that meets U.S. Department of the Interior priorities and Cultural Heritage and Paleontology Program goals.

Proposals are due July 11, 2025. An estimated \$410,000 is available to fund 17 awards ranging from \$1,000 to \$30,000.

LINKS: [Grants.gov](#); [Agency Site](#)

FY25 Bureau of Land Management National Conservation Lands- Management Studies Support Program

Notice seeking applications to support studies aimed at increasing our understanding of the resources present on Bureau of Land Management (BLM) lands, the values these areas protect, and the effectiveness of BLM's resource management decisions. The program seeks to develop and maintain strong partnerships with state, local, university, tribal, and non-profit stakeholders in shared conservation stewardship.

Applications are due July 11, 2025. An estimated \$228,000 is available to fund five awards ranging from \$5,000 to \$45,000.

LINKS: [Grants.gov](#)

FY25 Bureau of Land Management Youth Conservation Corps- Bureau wide

Notice seeking applications to accomplish conservation projects. This program's projects employ participants and provide opportunities to gain work experience in public lands and natural resources management. Through their experience, youth gain an appreciation for public lands, learn about conservation-related careers, and become the next generation of public lands stewards.

Applications are due July 11, 2025. An estimated \$900,000 is available to fund eight awards ranging from \$5,000 to \$210,000. A 25 percent match is required.

LINKS: [Grants.gov](#); [Agency Site](#)

Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP) Partnership Grants, Assistance Listing Number 84.334A

Notice seeking applications to encourage eligible entities to provide support, and maintain a commitment, to eligible students from low-income backgrounds, including students with disabilities, to assist the students in obtaining a secondary school diploma (or its recognized equivalent) and to prepare for and succeed in postsecondary education.

Applications are due June 25, 2025. An estimated \$35 million is available.

LINKS: [Grants.gov](#); [Federal Register](#); [Agency Site](#)

Notice of Termination of 14 Discretionary Federal Advisory Committees

Notice announcing the termination of the following committees: Bureau of Economic Analysis Advisory Committee (Bureau of Economic Analysis); Federal Economic Statistics Advisory Committee (Bureau of Economic Analysis); 2030 Census Advisory Committee (U.S. Census Bureau); Bureau of the Census Scientific Advisory Committee (U.S. Census Bureau); Census Bureau National Advisory Committee on Racial, Ethnic, and Other Populations (U.S. Census Bureau); Advisory Committee on Supply Chain Competitiveness (International Trade Administration); Civil Nuclear Trade Advisory Committee (International Trade Administration); Renewable Energy and Energy Efficiency Advisory Committee (International Trade Administration); United States Investment Advisory Council (International Trade Administration); United States Manufacturing Council (International Trade Administration); Advisory Committee on Excellence in Space (National Oceanic and Atmospheric Administration); Climate Services Advisory Committee (National Oceanic and Atmospheric Administration); Marine and Coastal Area-Based Management Advisory Committee (National Oceanic and Atmospheric Administration); and Marine Fisheries Advisory Committee (National Oceanic and Atmospheric Administration).

No action at this time. Questions can be directed to the point of contact.

LINKS: [Federal Register](#)

HEALTH and MENTAL HEALTH

AACR-Novocure Cancer Research Grants

Notice seeking applications to represent a joint effort to promote and support independent investigators who are currently conducting innovative research focused on tumor treating fields (TTFields)—intermediate frequency, low intensity, alternating electric fields that disrupt cell division in cancer cells—as well as to encourage independent investigators to enter the TTFields research field.

Applications are due June 30, 2025. Each grant provides \$350,000 over three years for expenses.

LINKS: [Solicitation](#); [American Association for Cancer Research](#)

Children's Mental Health Innovation Awards

Notice seeking applications to support new or piloted projects from direct-service organizations that help address stress, anxiety, depression, or other mental health issues in children and young adults. Awards are made in two categories: The Innovation Awards, which are open to all, and the Next Gen Innovation Awards, which are open to nonprofits founded or led by leaders younger than 32 years old.

Applications are due July 7, 2025. Each Innovation award winner will receive \$100,000.

LINKS: [Solicitation](#); [Morgan Stanley](#)

DHA- Military Health System Research Program

Notice seeking applications to improve the efficiency of healthcare delivery within Military Health System (MHS) and accelerate its mission to become a learning health system and to mature as an integrated health system focused on Ready Reliable Care that will improve outcomes for patients, staff, and the enterprise.

Required LOI are due July 9, 2025. An estimated \$10 million is available.

LINKS: [Grants.gov](#)

Investigator-Initiated Research Grant

Notice seeking applications for innovative investigator-initiated research with the potential to inform managed care organizations, policy makers, and related stakeholders to improve the affordability and quality of U.S. health care. Projects must advance the existing knowledge base on rising healthcare costs and affordability, through improved healthcare management, financing, delivery, and organization. Priority topic areas are: drug pricing and affordability; provider consolidation and market power; healthcare delivery; chronic disease management, and AI.

Letters of inquiry are due July 18, 2025. Full proposals, by invitation only, will be due in September. A total of \$500,000 is available for multiple awards, and anticipated award amounts range from \$50,000 - \$60,000.

LINKS: [Agency Site](#)

Making a Difference in Real-World Bioethics Dilemmas RFP

Notice seeking applications to support research to help resolve important emerging or unanswered bioethics problems in clinical, biomedical, or public health decision-making, policy, or practice.

Letters of intent are due June 23, 2025. The foundation will fund 10 percent indirect costs for salary and benefits only. Salaries for investigators are capped at 1.5x the current NIH cap for the basis of the percent effort allocation.

LINKS: [Solicitation](#); [The Greenwall Foundation](#)

Research Grant

Notice seeking applications for ongoing evidence-based studies by nurse researchers on the impact of the practice of simulation education in schools of nursing and clinical care settings with the potential for further funding and ongoing research.

Applications are due July 1, 2025. Grants of up to \$5,000 will be awarded.

LINKS: [Solicitation](#); [Sigma Theta Tau International Honor Society of Nursing \(Sigma\)](#)

Young Investigator Development Awards

Notice seeking applications for young investigator development awards, which will support junior faculty in research activities that have the potential for evolution to an independent research career in pediatric gastroenterology, hepatology, or nutrition.

Applications are due July 1, 2025. Award amounts are up to \$75,000 for direct costs per year for up to two years. Additional eligibility requirements for the PI include membership in NASPGHAN for at least two years, be no more than five years from fellowship completion, hold a full-time faculty position not at associate or full-professor rank and hold an MD, DO, PhD, MD/PhD, or equivalent by September 25, 2025.

LINKS: [Agency Site](#)

Celiac Disease Foundation NASPGHAN Foundation Pilot Grants

Notice seeking applications that address critical issues related to Celiac Disease and gluten-free diet management.

Applications are due July 1, 2025. Eligibility is limited to NASPGHAN, APGNN or CPNP full members in good standing for at least one year. The primary investigator must hold a medical or postdoctoral degree (MD, PhD, or equivalent), an advanced nursing degree (BSN with an MS/PhD), or a degree in Pharmacy, Physiotherapy, Dietetics/Nutrition, or Social Work and work full or part time in a clinical or academic setting.

LINKS: [Agency Site](#); [North American Society for Pediatric Gastroenterology, Hepatology and Nutrition](#)

Damon Runyon-Rachleff Innovation Award

Notice seeking applications designed to provide support for the next generation of exceptionally creative thinkers with "high-risk/high-reward" ideas that have the potential to significantly impact our understanding of and/or approaches to the prevention, diagnosis or treatment of cancer.

Applications are due July 1, 2025. Awards are up to \$200,000 per year for two years. Eligibility is limited to applicants must be conducting independent research at a U.S. research institution and must have received an MD, DO, PhD, or MD/PhD degree(s) from an accredited institution.

LINKS: [Agency Site](#); [Damon Runyon Cancer Research Foundation](#)

DoD Toxic Exposure

Notice seeking pre-applications for research aimed at providing healthcare solutions for some of the diseases/conditions linked to toxic exposures. This program is for USAMRAA's Toxic Exposure Research Program awards. These awards include Translational Research Partnership Awards, Investigator-Initiated Research Awards, and Clinical Trial Partnership Awards. See <https://cdmrp.health.mil/funding/terp> for details.

Pre-applications for all awards are due July 29, 2025. Approximately eight awards are anticipated for this program. Search CFDA 12.420 on Grants.gov for announcements.

LINKS: [Grants.gov \(Translational Research Partnership Award\)](#); [Grants.gov \(Investigator-Initiated Research Award\)](#); [Grants.gov \(Clinical Trial Partnership Award\)](#)

Proactive Health Office (PHO) Mission Office Innovative Solutions Opening (ISO)

Notice seeking solution summaries to improve the health spans and health outcomes of Americans prior to the onset of disease and/or the development of diminished quality of life from illness.

Solution summaries are due by March 5, 2029. Multiple awards are anticipated.

LINKS: [Contract Opportunities](#)

St. Baldrick's Foundation's Infrastructure Awards

Notice seeking letters of intent to support institutions with the potential for more participation in childhood cancer clinical trials, but which currently lack necessary resources. Preference is given to institutions with high needs and low philanthropic support in geographical areas where St. Baldrick's funds are raised. Institutions which do not currently receive other St. Baldrick's grants are also given preference.

Letters of Intent are due July 8, 2025. Multiple awards are anticipated and range from \$25,000 to \$50,000. Eligibility is limited to applicants affiliated with a U.S.-based academic, medical, or nonprofit institution who also hold at least an MD/DO or PhD degree by the date the award becomes effective.

LINKS: [Agency Site](#); [St. Baldrick's Foundation](#)

National Cancer Institute; Notice of Meeting

Notice announcing a meeting held by the National Cancer Institute Clinical Trials and Translational Research Advisory Committee. This meeting will discuss NCI's Clinical and Translational Research Programs.

This virtual meeting will be open to the public and will be held on July 16, 2025 from 11:00 a.m. to 3:00 p.m.

LINKS: [Federal Register](#); [Agency Site](#)

National Institute of Diabetes and Digestive and Kidney Diseases; Notice of Meeting

Notice announcing a meeting with the NIDDK's Board of Scientific Counselors. The open portion will provide an introduction and a meeting overview.

The meeting's open portion will be held virtually on October 8, 2025 from 10:00 a.m. to 5:00 p.m.

LINKS: [Federal Register](#); [Agency Site](#)

American Brain Foundation Neuroinflammation Research

Notice seeking applications focused on better understanding neuroinflammation's role in brain disease. Neuroinflammation contributes to numerous diseases across all stages of life, from fetal development to geriatric patients. The awards will include two types of grants: Breakthrough Grants and Catalyst Grants.

Pre-proposals are due by July 15, 2025. Breakthrough awards are up to \$1 million per year for two years. Catalyst awards are up to \$250,000 per year for two years.

LINKS: [Solicitation](#)

Grand Challenge: Randomized Controlled Trial on Sexually Transmitted Infections

Notice seeking applications to fill critical gaps in understanding of the risk of pelvic inflammatory disease (PID) and related sequelae attributable to sexually transmitted infections (STIs) and to evaluate the impact of etiologic STI screening and treatment on morbidity.

Applications are due July 7, 2025. Awards ranging from \$8 million to \$10 million per project, with a grant duration of up to 48 months.

LINKS: [Solicitation](#); [Gates Foundation](#)

NIGMS National and Regional Resources (R24 - Clinical Trial Not Allowed)

Notice seeking applications for support of resources that will provide access to state-of-the-art equipment, technologies, research tools, materials, organisms, software, and/or services to a substantial regional (multi-state) or national user base. Only those resources with technical capabilities that fall within the NIGMS-supported [program areas](#) are eligible for awards.

Applications are due September 25, 2025, June 15, 2026, and June 14, 2027. Awards vary.

LINKS: [Grants.gov](#); [Solicitation](#)

SCIENCE, TECHNOLOGY, ENGINEERING, and MATHEMATICS

Army Applications Laboratory Broad Agency Announcement for Disruptive Technology

Notice seeking proposals interested in technologies to protect armored vehicles from small unmanned aerial systems (sUAS) threats. This capability should be cost effective and easily deployable without opening vehicle hatches, while enhancing protection and survivability.

Required white papers may be submitted anytime until April 4, 2029. Awards are up to \$1 million.

LINKS: [Contract Opportunities](#)

BAA Topic II: A.2d: Assessing and Developing Technological Fluency for the Future Force

Notice seeking white papers for the development of technologies, components, or prototypes that can be tested in field experiments and/or simulated environments. Projects in this category have a direct relevance to identified military needs. These projects should demonstrate the general military utility or cost reduction potential of technology in the areas of personnel selection, assignment, and retention; training strategies and techniques; leader education and development; performance measurement; and team and inter-organizational mission effectiveness. These projects should be focused on a more direct operational benefit and if successful, the technology should be available for transition.

White papers are due July 3, 2025. Maximum award amount is \$600,000 over two years.

LINKS: [Contract Opportunities](#)

Defense Sciences Office Office-wide BAA

Notice seeking proposals that investigate innovative approaches that enable revolutionary advances in science, devices, or systems for national security applications. Specifically excluded is research that primarily results in evolutionary improvements to the existing state of practice.

Proposals are accepted on a rolling basis until June 2, 2026. Though not required, submitting an executive summary or abstract, prior to a proposal is strongly encouraged. Award amounts vary.

LINKS: [Grants.gov](#); [Contract Opportunities](#)

NASA FY25 SBIR IGNITE PHASE I

Notice seeking proposals focused on technologies with a strong commercial pull. The topic areas of interest for this solicitation have been specifically selected for their commercial relevance. Phase I projects should demonstrate technical feasibility of the proposed innovation and the potential for use in a NASA program or mission and/or the commercial market.

Proposals are due July 22, 2025. Awards may vary.

LINKS: [Contract Opportunities](#)

Staff Research Program

Notice seeking proposals to enable Army Research Office (ARO) staff to maintain and expand professional competence through the conduct of hands-on, basic research performed collaboratively with external institutions. Staff research will be conducted, directed and managed by an ARO scientist at the institution's laboratory facilities or field research sites, in collaboration with a PI designated by the institution. Staff research efforts will involve scientific study directed toward advancing the state-of-the-art or increasing knowledge and scientific understanding in engineering, physical, life and information sciences, when there is an intersection with the interests and capabilities of the participating external institutions in these basic research areas.

Proposals accepted on a rolling basis until June 2, 2030. Award amounts vary.

LINKS: [Grants.gov](#); [Agency Site](#)

EPA Children's Health Protection Advisory Committee (CHPAC)

Notice seeking participation in a hybrid public meeting. The committee advises the Environmental Protection Agency on science, regulations and other issues relating to children's environmental health.

The meeting will be held August 27-28, 2025. Registration for virtual attendance is required by Aug. 13 and can be completed on the agency website. Written comments should be submitted by Aug. 13, 2025.

LINKS: [Federal Register](#); [Agency Site](#)

Cooperative Institute Fostering Aquaculture Research and Marketing (CIFARM)

Notice seeking applications that will: directly support NOAA's Research and Development Vision Areas by advancing key goals in aquaculture, fostering innovation, promoting environmental stewardship, and building strong coastal economies; support the robust development of aquaculture in the United States to address the seafood import deficit and benefit the economy; and help the agency fulfill the tenets of the NOAA Aquaculture Strategic Plan.

Applications are due September 5, 2025. An estimated \$300 million is available for five years. Consortiums of IHEs are welcomed.

LINKS: [Grants.gov](#)

Cottrell Scholar Award

Notice seeking applications that supports tenure-track faculty who hold primary or courtesy appointments in chemistry, physics, or astronomy departments that offer bachelor's and/or graduate degrees in the applicant's discipline.

Applications are due July 1, 2025. Awards are up to \$120,000 for three-year projects. Eligibility is limited to early career faculty at U.S. and Canadian research universities and primarily undergraduate institutions who started their first tenure-track appointment anytime in calendar year 2022.

LINKS: [Solicitation](#); [Research Corporation for Science Advancement](#)

Protein Sequencing (PROSE) Industry Day

Notice announcing an industry day event in support of a planned Program Announcement (PA) for PROtein SEquencing (PROSE). This event aims to introduce the PROSE program, discuss researchers' capabilities and interests, discuss approaches to IP and data, promote teaming arrangements, and ask questions.

This hybrid event will be held on June 30, 2025 at the DARPA Conference Center and via webcast from 9:00 a.m. to 5:00 p.m.

LINKS: [Contract Opportunities](#)

Science Advisory Board

Notice announcing a public meeting of NOAA's Science Advisory Board (SAB). The meeting will cover the following topics: Review of the Cooperative Institute for Marine Ecosystem Resources Studies (CIMERS), Review of the Cooperative Institute for Severe and High-Impact Weather (CIWRO), and Review of the Cooperative Institute for Marine and Atmospheric Research (CIMAR).

The virtual meeting will be held on July 22, 2025 from 3:00 p.m. to 4:30 p.m.

LINKS: [Federal Register](#); [Agency Site](#)

Broad Agency Announcement (BAA) C4ISR, Information Operations, Cyberspace Operations and Information Technology System Research, Cryogenics and Quantum

Notice seeking white papers for proposals relating to the advancement of command, control, communications, computers, intelligence, surveillance, and reconnaissance (C4ISR) capabilities, enabling technologies for information operations and cyberspace operations, and information technology systems. Proposed research should investigate unique and innovative approaches for defining and developing next generation integratable C4ISR capabilities and command suites.

White papers are accepted on a rolling basis until June 9, 2026. Multiple awards are anticipated.

LINKS: [Contract Opportunities](#)

NAVWAR Commercial Solutions Opening (CSO)

Notice seeking solutions summaries to enhance information warfare capabilities and services that enable naval, joint, coalition and other national missions operating in warfighting domains from seabed to space.

Solutions summaries are anytime until June 3, 2030.

LINKS: [Contract Opportunities](#); [Agency Site](#)

Research Related to Human Origins

Notice seeking applications for research dedicated to understanding human origins, including dissertation research and exploratory studies. The disciplines supported include archaeology, biological anthropology, paleoanthropology, primate behavioral ecology, genetics, geology, anatomy, morphology, paleobotany, and paleoclimatology.

Applications are due July 15, 2025. Grants of up to \$20,000 will be awarded to PhD candidates, and \$30,000 will be awarded to senior scientists and post-doctoral researchers.

LINKS: [Solicitation](#); [Leakey Foundation](#)

Joint Biomedical Laboratory and Clinical Science (BL-CS) Research and Development Services Scientific Merit Review Board, Federal Register Notice of Meeting

Notice seeking participation in a partially public meeting. The objective of the Board is to provide for the fair and equitable selection of the most meritorious research projects for support by VA research funds and to offer advice for research program officials on program priorities and policies.

The meeting will be held July 8, 2025. Written comments must be submitted at least five days prior to the meeting.

LINKS: [Federal Register](#)
