

## ARTS, HUMANITIES, and INTERNATIONAL

### National Council on the Arts 215th Meeting

Notice announcing a public meeting held by the National Endowments for the Arts to discuss general agency business.

The open portion of this meeting will be held via videoconference on May 1, 2025 from 2:00 p.m. to 3:00 p.m.

LINKS: [Federal Register](#)

---

### Fully-Funded Fellowships

Notice seeking applications for uninterrupted time and space for artists to produce works of literature, visual art, and music.

Applications are due May 15, 2025. Applicants will be considered for a VCCA residency and as many fully funded fellowships for which they are eligible. Only one application with a single application fee is required per deadline.

LINKS: [Solicitation](#); [Virginia Center for the Creative Arts](#)

---

### Lenore Marshall Poetry Prize

Notice seeking applications to an outstanding book of poetry published in the United States in the previous calendar year. The winner also receives a 10-day residency at Glen Hollow in Naples, New York, and distribution of the winning book to hundreds of Academy of American Poets members.

Applications are due May 15, 2025. The prize is \$25,000.

LINKS: [Solicitation](#); [Academy of American Poets](#)

---

### Cultural Property Advisory Committee

Notice announcing a meeting of the Cultural Property Advisory Committee. The Committee will review a request from the Government of the Socialist Republic of Vietnam seeking import restrictions on archaeological and ethnological materials, the proposed extension of the agreement with the Government of the Republic of Chile, the proposed extension of the agreement with the Government of the Italian Republic, the proposed extension of the agreement with the Government of the Kingdom of Morocco, and the proposed extension of the agreement with the Government of the Republic of Costa Rica.

The meeting will be held from May 20-23, 2025, from 9 a.m. to 5 p.m. (EDT) at 600 19th Street NW, Washington, DC.

LINKS: [Federal Register](#)

---

### National Garden of American Heroes: Statues

Notice seeking proposals to create life-size statues in marble, granite, bronze, copper, or brass depicting specific historical figures tied to the accomplishments of the United States. You may submit only one application under this notice.

Proposals are due July 1, 2025. An estimated \$30 million is available to fund up to 150 awards.

LINKS: [Grants.gov](#); [Solicitation](#)

---

#### TraCSS Space Situational Awareness (SSA) Research and Technology Development

Notice seeking white papers that could lead to proposals and funded research to enhance and advance technologies in Space Situational Awareness (SSA) and Space Traffic Coordination (STC).

White papers are due May 30, 2025. Estimated \$9.9 million is available to fund multiple awards.

LINKS: [Contract Opportunities](#); [Agency Site](#)

---

#### PEN-Bare Life Review Grants

Notice seeking applications to bolster literary works in progress by immigrant and refugee writers, recognizing that the literature of migration is of inherent and manifest value.

Applications are due June 1, 2025. PEN America will confer two PEN/Bare Life Review Grants of \$5,000 each to support works of a literary nature, including fiction, creative nonfiction, or poetry.

LINKS: [Solicitation](#); [PEN America](#)

---

#### Preservation and Access Education and Training

Notice seeking proposals projects that develop and implement educational programs for professionals who preserve and provide access to humanities collections. Such materials include but are not limited to moving image and sound recordings, archaeological artifacts, born-digital and digitized collections, rare books and manuscripts, archival records, material culture, and art.

Proposals are due June 17, 2025. An estimated \$2.7 million is available to fund up to 10 awards.

LINKS: [Grants.gov](#); [Solicitation](#)

---

#### Rainin Grant Program

Notice seeking applications to support films that address social justice issues—the distribution of wealth, opportunities, and privileges—in a positive and meaningful way through plot, character, theme, or setting and benefit the Bay Area filmmaking community in a professional and economic capacity. Films must feature plot, character, theme and/or setting that explores social justice issues, such as human and civil rights, anti-discrimination, disability issues, gender issues, sexual identity and/or other social issues of our time.

Final applications are due May 30, 2025 with application fee of \$50. Up to 20 awards are anticipated. Grants of up to \$25,000 will be awarded in each category.

LINKS: [Solicitation](#); [San Francisco International Film Festival](#)

---

## EDUCATION and ECONOMIC & COMMUNITY DEVELOPMENT

#### Peace Fellowships

Notice seeking applications for the Rotary Foundation's Rotary Peace Centers program which develops leaders who become catalysts for peace. Two fellowship options are open to applications: Master's Degree Programs and Professional Development Certificate Program.

Applications are due May 15, 2025. Each year, The Rotary Foundation awards up to 50 fellowships for master's degrees and up to 80 for certificate studies at premier universities. Candidates must have at least three years between the completion of their most recent academic degree program (undergraduate or graduate degree) and their intended start date for the fellowship.

LINKS: [Solicitation](#); [Rotary Foundation](#)

---

#### Caplan Foundation Early Childhood Grants

Notice seeking research and development proposals for projects likely to improve the welfare of young children. Projects should focus on one of the foundations three distinct priorities: 1) parenting education; 2) early childhood welfare; 3) early childhood education and play.

Required letters of intent are due May 31, 2025. Full proposals are by invitation only. 2024 projects were funded in the range of \$45,000 to \$75,000.

LINKS: [Agency Site](#)

---

#### Eisner Prize Fellowships

Notice seeking applications designed to support leaders pioneering innovations in intergenerational connection.

Applications are due May 16, 2025. The fellowship includes \$50,000. Individuals including students and those with a fiscal sponsor are eligible.

LINKS: [Solicitation](#); [Eisner Foundation](#)

---

#### Route 79 Scholarship Program

Notice seeking applications designed to help students diagnosed with Duchenne muscular dystrophy pursue their post-high school educational goals. The scholarship is named after the 79 exons in the dystrophin gene impacted by Duchenne. Sarepta knows that the route traveled by every person with Duchenne is distinct.

Applications are due May 30, 2025. Scholarships of up to \$5,000 will be awarded to each scholarship recipient.

LINKS: [Solicitation](#); [Sarepta Therapeutics](#)

---

#### Rail Energy Transportation Advisory Committee Meeting

Notice announcing a meeting of the Rail Energy Transportation Advisory Committee. The purpose of this meeting is to facilitate discussions regarding issues including rail service, infrastructure planning and development, and effective coordination among suppliers, rail carriers, and users of energy resources.

The meeting will be held on May 29, 2025, at 9 a.m. E.T. at the Surface Transportation Board headquarters at 395 E Street SW, Washington, DC.

LINKS: [Federal Register](#)

## HEALTH and MENTAL HEALTH

## 2026 Small Animal Theriogenology Residency Program

Notices seeking proposals for theriogenology training programs to support a residency position focused on canine reproductive health and reproduction.

Proposals are due May 15, 2025. Applications up to \$150,000 (including 15% maximum indirect costs) for the total budget of the entire residency will be accepted for review. Eligibility is limited to approved programs that meet standards to prepare candidates to fulfill credentialing requirements for board certification by the American College of Theriogenology.

LINKS: [Solicitation](#); [American Kennel Club](#); [AKC Canine Health Foundation](#)

---

## Alzheimer's Research Program Transforming Award(s)

Notices announcing available awards from USAMRAA's Alzheimer's Research Program. The awards include: The Transforming Research Award, the Transforming Diagnosis Award, and the Transforming Care Award. These awards are centered on reducing the risk of Alzheimer's, improving diagnosis and prognosis, and improving critical areas in dementia care.

Pre-applications are due June 12, 2025. Approximately \$4 million is available to fund four Transforming Research Awards. Approximately \$3.2 million is available to fund two Transforming Diagnosis Awards. Approximately \$5.2 million is available to fund three Transforming Care Awards.

LINKS: [Alzheimer's Research Program Transforming Research Award](#); [Alzheimer's Research Program Transforming Diagnosis Award](#); [Alzheimer's Research Program Transforming Care Award](#)

---

## DOD Amyotrophic Lateral Sclerosis Award(s)

Four notices announcing awards from USAMRAA's Amyotrophic Lateral Sclerosis Research Program. The awards include: The Therapeutic Idea Awards, the Therapeutic Development Awards, the Pilot Clinical Trial Awards, and the Clinical Outcomes and Biomarkers Award. These awards are centered around the treatment and drug therapy to combat Amyotrophic Lateral Sclerosis (ALS).

Pre-applications are due June 6, 2025. Approximately \$10.8 million is available to fund up to 11 Therapeutic Idea Awards. Approximately \$9.8 million is available to fund four Therapeutic Development Awards. Approximately \$6.6 million is available to fund two Pilot Clinical Trial Awards. Approximately \$6.2 million is available to fund five Clinical Outcomes and Biomarkers Awards.

LINKS: [DOD Amyotrophic Lateral Sclerosis, Therapeutic Idea Award](#); [DOD Amyotrophic Lateral Sclerosis, Therapeutic Development Award](#); [DOD Amyotrophic Lateral Sclerosis, Pilot Clinical Trial Award](#)

---

## Emerging Scholars in Family Planning

Notice seeking proposals which aims to cultivate the next generation of scholars by supporting their work in the science of abortion and contraception and introducing them to the family planning research community.

Proposals are due May 20, 2025. The maximum award is \$7,500.

LINKS: [Solicitation](#); [Society of Family Planning](#)

---

## Steven P. Arnoczky Young Investigator Grant program

Notice seeking pre-proposals which provides a grant to support clinical research and another grant to support basic science research for early-career principal investigators.

Pre-proposals are due May 15, 2025. Grants of up to \$40,000 are available with up to \$80,000 total. Eligibility is limited to an orthopaedic surgeon who has graduated from an approved residency program or is a resident currently in an approved program.

LINKS: [Solicitation](#); [American Orthopaedic Society for Sports Medicine](#)

---

#### National Institute of Neurological Disorders and Stroke; Notice of Meeting

Notice announcing a meeting that will include a report by the Director of the National Institute of Neurological Disorders and Stroke (NINDS), a report by the Director of the Division of Extramural Activities; and Administrative and Program Developments, and an overview of the NINDS Intramural Program.

The open meeting will be held via videocast on May 14, 2025 from 10:00 a.m. to 5:00 p.m. Written comments are optional and must be submitted to the notice contact at least ten days in advance of the meeting.

LINKS: [Federal Register](#); [Agency Site](#)

---

#### Addressing Violence and Trauma

Notice seeking applications for efforts to address violence and trauma. This topical funding announcement is exclusively dedicated to funding high-quality, patient-centered comparative clinical effectiveness research projects that address violence and trauma within the following three special areas of emphasis: Intentional Trauma, Unintentional Trauma, and Substance Use and Trauma.

Letters of intent are due May 13, 2025. Approximately \$60 million is available.

LINKS: [Solicitation](#); [Patient-Centered Outcomes Research Institute](#)

---

#### DoD Breast Cancer Breakthrough Award Levels 1, 2, and 3

Notice seeking research proposals that have a high potential to lead to or make breakthroughs in breast cancer. All proposals must address one of the overarching FY 2025 Breast Cancer Research Program challenges. There are three funding levels, with different types of research allowed under each.

Required letters of intent are due June 13, 2025. Application is due June 27, 2025. Award amounts and length of project support vary. Approximately 20 awards are anticipated at funding levels one and two, and only three awards are anticipated at level three.

LINKS: [Grants.gov \(Levels 1 and 2\)](#); [Grants.gov \(Level 3\)](#); [Agency Site](#)

---

#### DoD Breast Cancer Clinical Research Extension Award

Notice seeking proposals to extend or expand data collection, follow-up, and analysis of breast cancer clinical studies. The intent of this award mechanism is to increase the clinically relevant impact of breast cancer patient participation in clinical research by addressing the knowledge lost due to early trial termination, limited patient follow-up, or suboptimal sample and/or data collection and analysis. Applications must address at least one of the FY25 BCRP overarching challenges, unless adequate justification for exception is provided.

Letters of intent are due June 13, 2025. Proposals due June 27, 2025. Approximately \$26.35 million is available to fund up to three Clinical Research Extension Awards.

LINKS: [Grants.gov](#); [Agency Site](#)

---

### DOD Ovarian Cancer, Investigator-Initiated Research Award

Notice seeking high-impact research proposals that addresses a critical need and has the potential to make an important contribution to ovarian cancer or patient/survivor care. Preliminary data are required. Research projects may focus on any phase of research, from basic laboratory research through translational research, excluding clinical trials.

Required preproposals due June 12, 2025. Proposals are due September 11, 2025. Approximately \$8.05 million is available to fund up to seven awards. Maximum award for direct costs is \$1.05 million for a single PI, and \$1.4 million for partnering PIs.

LINKS: [Grants.gov](#); [Agency Site](#)

---

### DOD Ovarian Cancer, Pilot Award

Notice seeking research proposals that expand or modify current thinking about and/or approaches in ovarian cancer, exploring innovative concepts or theories in ovarian cancer that could ultimately lead to critical discoveries or major advancements that will drive the field forward. Innovation is key. Research projects that demonstrate exceptional scientific merit but lack innovation does not meet the intent of the mechanism. Preliminary data are not required but are allowed for this mechanism. Research projects may focus on any phase of research, from basic laboratory research through translational research, excluding clinical trials.

Required preproposals are due June 12, 2025. Proposals are due September 11, 2025. Nine awards are anticipated, for a maximum amount of \$350,000 over two years.

LINKS: [Grants.gov](#); [Agency Site](#)

---

### Helping Hands Grant Program

Notice seeking applications from medical students for mental health and substance use disorder projects, particularly in under-served minority communities. Funded projects are created and managed by medical students and can be conducted in partnership with community agencies, or in conjunction with ongoing medical school outreach activities.

Applications are due May 30, 2025. Awards up to \$5,000.

LINKS: [Solicitation](#); [American Psychiatric Association Foundation](#)

---

### Oral Chemotherapy Adherence Research

Notice seeking applications to support rigorous scientific oncology nursing research through a major-focused grant. Research projects must address oral chemotherapy adherence.

Letters of intent are due May 16, 2025. Grants of \$100,000 will be awarded in support of research to address oral chemotherapy adherence.

LINKS: [Solicitation](#); [Oncology Nursing Society](#)

---

### 2025 PCF TACTICAL Awards

Notice seeking letters of intent (LOI) for the 2025 PCF TACTICAL Awards (Therapy ACceleration to Intercept CANcer Lethality) which provides grants in support of qualified teams of academic scientists that will specifically address the development of 21st century therapies for lethal forms of prostate cancer.

LOIs are due May 19, 2025. TACTICAL Awards provide \$5 to \$10 million per award over 3 to 5 years.

LINKS: [Agency Site](#); [Prostate Cancer Foundation](#)

---

#### AACR Career Development Awards in Lung Cancer Research

Notice seeking applications for the AACR Career Development Awards in Lung Cancer Research. The awards have been established to encourage and support early-career investigators so they can conduct lung cancer research and establish successful careers in the field. The proposed project may be basic, translational, clinical, or population-based research in nature and must have direct applicability and relevance to lung cancer.

Applications are due May 29, 2025. Each award will provide \$250,000 over two years for expenses related to the research project. Eligibility is limited to applicants with a doctoral degree who holds a faculty position.

LINKS: [Solicitation](#); [American Association for Cancer Research](#)

---

#### Clinical Effectiveness Research on Intellectual and Developmental Disabilities

Notice seeking letters of intent to bolster high-quality patient-centered comparative clinical effectiveness research (CER) projects that focus on people with intellectual and developmental disabilities.

Letters of intent are due May 13, 2025. Approximately \$60 million is available.

LINKS: [Agency Site](#); [Patient-Centered Outcomes Research Institute](#)

---

#### FRAXA Research Grants

Notice seeking applications for clinical trial and curative therapies grants. Clinical Trial grants are for clinical research with human subjects who have Fragile X. An emphasis will be placed on clinical trials of potentially disease-modifying agents which have been previously validated in Fragile X animal models, especially in previous FRAXA-funded research. The new grant program: Curative Therapies is designed to promote accelerated development of curative therapies for Fragile X, including but not limited to gene therapy, gene repair, gene reactivation, protein replacement, mRNA therapeutics, and antisense oligonucleotide treatments.

Applications may be submitted anytime. Award amounts up to \$100,000 per year for up to two years. For Curative Therapy Grants, applicants must discuss proposals in advance with FRAXA's chief scientific officer, Dr. Michael Tranfaglia.

LINKS: [Agency Site](#); [FRAXA Research Foundation](#)

---

## SCIENCE, TECHNOLOGY, ENGINEERING, and MATHEMATICS

#### Alternative Protein Research Grants

Notice seeking proposals aimed at tackling urgent scientific and technological challenges within the alternative protein industry. GFI seeks proposals for the following two key priority topic areas: Priority A-Functionality from Fermentation: Ingredients for Plant-based Meats and Priority B-Pathways to propel cell line development.

Proposals are due May 15, 2025. Approximately \$3.5 million is available in funding while up to \$250,000 per project with up to \$50,000 additional funding for projects partnering with researchers and/or industry stakeholders not previously engaged in alternative protein research.

LINKS: [Solicitation](#); [Good Food Institute](#)

---

#### Broad Agency Announcement U.S. Army Combat Capabilities Development Command Ground Vehicle System Center

Notice seeking proposals for cutting-edge innovative research that could produce discoveries with a significant impact to enable new and improved Army technologies and related operational capabilities and related technologies along with development and demonstration of innovative technologies which enable modernized capabilities aligned with Army priorities.

Proposals are due any time until December 2026.

LINKS: [Contract Opportunities](#)

---

#### Microelectronics Innovation for Next-generation System Advancement and Validation (MINSAV) Advanced Research Announcement (ARA) with Calls

Notice seeking white papers/proposals outlining the design and fabrication of commercial and government developed sensor (signal) generation and processing technologies to enhance the US commercial microelectronics ecosystem and align commercial development with DoD needs to maintain US technological superiority in warfighting capability.

White papers/proposals can be submitted anytime until October 2029. Approximately \$800 million is available to fund multiple awards ranging from \$10 million to \$200 million.

LINKS: [Contract Opportunities](#)

---

#### Operational Test and Training Infrastructure (OTTI) Commercial Solutions Opening (CSO)

Notice seeking proposals in one more area of interest. Titled Multirole Satellite Frequency In-field Test Suite (MSFITS), this area of interest is seeking innovative solutions for a field-transportable satellite communications (SATCOM) environment monitor and emulator system in support of the National Space Test and Training Complex – Electromagnetic (NSTTC-E) range. This range enables the testing and training of Space Force Guardian's and the Joint Forces to support re-optimization for a great power competition.

White papers and power points are due May 8, 2025.

LINKS: [Contract Opportunities](#)

---

#### Responsible Design, Development, and Deployment of Technologies

Notice seeking proposals that inform, explore, and execute the principles, methodologies, implementations, and impacts associated with responsible design, development, and deployment of technologies, with a focus on artificial intelligence; biotechnology; and/or natural and anthropogenic disaster prevention or mitigation.

Proposals are due July 8, 2025. Approximately \$12 million is available to fund up to 31 awards.

LINKS: [Grants.gov](#); [Solicitation](#)

---

### AFTAC Commercial Solutions Opening (CSO) 2024

Notice seeking proposals focused on technologies to detect nuclear explosions anywhere on earth, the atmosphere, or in space.

Phase I white papers are due April 20, 2026. Individual contracts are expected to be funded in the range of \$150,000-\$5 million.

LINKS: [Contract Opportunities](#)

---

### Effects of Digital Technology on Children and Youth

Notice seeking applications for the effects of the usage of digital technology on brain development, social behaviors, and mental health in children and young people.

Applications are due May 23, 2025. Approximately \$13 million is available.

LINKS: [Solicitation](#); [Huo Family Foundation](#)

---

### Sensing Operation Using Prediction (SOUP)

Notice seeking proposals to develop new algorithms for tracking and sensors resource management, modifying existing algorithms, conduct experiments to measure effectiveness of combat identification (CID), integrate with other CID algorithm improvement efforts, and simulate scenarios to measure algorithm performance.

Requested intents to propose are due May 21, 2025. Proposals are due May 28, 2025. Approximately \$3 million is available.

LINKS: [Contract Opportunities](#)

---

### Visiting Committee on Advanced Technology

Notice seeking participation in an open, public, in-person meeting. The primary purpose of this meeting is for the VCAT to review and make recommendations regarding general policy for NIST, its organization, its budget, and its programs within the framework of applicable national policies as set forth by the President and the Congress. The agenda will include an update on major programs at NIST. It will also include a session on the changes within the organization, budget considerations, as well as alignment of NIST programs with Administration priorities.

The meeting will be held June 10, 2025, from 9:00 am. to 5:00 p.m. and June 11, 2025, from 9:00 a.m. to 1:00 p.m. ET. Attendance is in-person only. Email the contact by May 27, 2025 to register to attend or submit comments to the committee.

LINKS: [Federal Register](#); [Agency Site](#)

---

### 16th Air Force Commercial Solutions Opening

Notice seeking white papers for the best commercial approaches to meet various technology objectives of the Air Force Cryptologic Office (AFCO). Specifically, AFCO seeks innovative and novel solutions to enable Command Language Program Managers to aid in various areas ranging from identifying training patterns, testing trends, and other useful metrics to managing language training.

White papers are due May 9, 2025. Colleges and Universities are eligible to partner with an applicant.

LINKS: [Contract Opportunities](#)

---

#### Cyberinfrastructure for Sustained Scientific Innovation

Notice seeking proposals that aim to emphasize integrated cyberinfrastructure (CI) services, quantitative metrics with targets for delivery and usage of these services, and community creation.

Proposals are due December 1, 2025. An estimated \$34 million is available to fund up to 35 awards.

LINKS: [Grants.gov](#); [Solicitation](#)

---

#### Federal Bureau of Investigation (FBI) - Office of Chief Information Officer (OCIO) Innovation Ventures Office (IVO) Broad Agency Announcement (BAA)

Notice seeking white papers with the objective being to encourage participation by science and technology firms and educational institutions in meeting FBI Research and Development goals for innovative ideas and approaches for research that is general in nature.

White papers can be submitted anytime until May 16, 2026.

LINKS: [Contract Opportunities](#)

---

#### NAWCTSD Research and Development Broad Agency Announcement

Notice seeking white papers and proposals that align with the mission of the Naval Air Warfare Center Training Systems Division (NAWCTSD) which is to plan and perform a full range of directed research and development in support of Naval training systems.

White papers and proposals are accepted at any time until January 25, 2026.

LINKS: [Contract Opportunities](#)

---

#### NGA - Boosting Innovative GEOINT - Science & Technology Broad Agency Announcement (BIG-ST BAA)

Notice seeking proposals to promote NGA Research in its goal to deliver future Geospatial-Intelligence (GEOINT) capabilities to users for operational impact. NGA Research promotes research initiatives across a broad spectrum of science and engineering disciplines, and transforms these initiatives into disruptive GEOINT capabilities in support of U.S. national security.

Abstracts and Proposals will be announced via Topic Calls throughout the open period of this BAA which ends on December 14, 2026.

LINKS: [Contract Opportunities](#); [Agency Site](#)

---

#### TraCSS Space Situational Awareness (SSA) Research and Technology Development

Notice seeking white papers that could lead to proposals and funded research to enhance and advance technologies in Space Situational Awareness (SSA) and Space Traffic Coordination (STC).

White papers are due May 30, 2025. Estimated \$9.9 million is available to fund multiple awards.

LINKS: [Contract Opportunities](#); [Agency Site](#)

---

### Burn n' Go

Notice seeking proposals for innovative approaches to address challenges in the following technical areas: solid rocket motors, materials science, solid rocket motor manufacturing, quality control, embedded elements, thrust control, and burn rate enhancers. Proposed research should investigate innovative approaches that enable revolutionary advances in the aforementioned science, devices, and/or systems.

Abstracts are due May 23, 2025. Oral presentations are due June 18, 2025. Multiple awards are anticipated.

LINKS: [Contract Opportunities](#)

---

### Exponentiating Mathematics (expMath)

Notice seeking proposals to develop an AI collaborator to increase the rate of progress in mathematics by orders of magnitude. The program will also aim to develop new evaluation methods to assess the progress of AI systems towards professional mathematics. The expMath program will be comprised of two technical areas (TAs). TA1 will focus on automation of decomposition and formalization/informalization. TA2 will focus on evaluation of progress relative to professional mathematics, as represented by research papers and graduate level textbooks.

Abstracts are strongly encouraged and due May 15, 2025. Proposals are due July 8, 2025. Multiple awards are anticipated.

LINKS: [Contract Opportunities](#); [Agency Site](#)

---

### Lunar Assay via Small Satellite Orbiter (LASSO)

Notice seeking proposals focused on developing technologies which enable advances in space situational awareness capability, while enabling data collection for determining the concentration of water available for ISRU on the lunar surface or just below the surface. The key technical challenges center around the optimization of navigation, propulsion and sensing subsystems.

Abstracts are due May 27, 2025. Multiple awards are anticipated.

LINKS: [Contract Opportunities](#)

---

### Request for Information on the Development of a 2025 National Artificial Intelligence (AI) Research and Development (R&D) Strategic Plan

Notice seeking information and input from all interested parties to update the National Artificial Intelligence Research and Development Strategic Plan (2023 Update) so the United States can secure its position as the unrivaled world leader in artificial intelligence (AI), by performing research and development to accelerate AI-driven innovation, enhance U.S. economic and national security, promote human flourishing, and maintain the United States' dominance in AI while focusing on the Federal government's unique role in AI research and development (R&D) over the next 3 to 5 years.

Comments are due by May 29, 2025.

LINKS: [Federal Register](#)
