Regional Alliances and Multistakeholder Partnerships to Stimulate (RAMPS) Cybersecurity Education and Workforce Development

Notice seeking applications the NIST National Initiative for Cybersecurity Education (NICE) program to develop cybersecurity career pathways that address local workforce needs.

Applications are due July 1, 2025. An estimated 16 awards is available for up to \$200,000 per award. Cost sharing is required.

LINKS: [Grants.gov](#); [Agency Site](#)

Volunteer Income Tax Assistance (VITA) Matching Grant

Notice seeking applications for the Volunteer Income Tax Assistance (VITA) grant supports IRS VITA partner organizations operating a VITA program offering free tax preparation service for the underserved taxpayer. Partner organizations, operating a VITA program, help low- to moderate-income individuals, persons with disabilities, the elderly, limited English speakers, Native Americans and military file their taxes each year.

Applications are due May 31, 2025. An estimated \$30 million is available to fund up to 300 awards. The average award minimum is \$5,000 with a maximum of \$2 million.

OVW Fiscal Year 2025 Grants to Improve the Criminal Justice Response Program

Notice seeking applications to improve the criminal justice response to domestic violence, dating violence, sexual assault, and stalking as serious violations of criminal law, and to seek safety and autonomy for victims.

Applications are due June 16, 2025. An estimated \$23 million is available to fund 35 awards ranging from \$500,000 - \$1 million. While applications are limited to state, local, and Tribal governments and courts, partnership opportunities are available for colleges and universities.

LINKS: [Grants.gov](#); [Agency Site](#)

OVW Fiscal Year 2025 Rural Domestic Violence, Dating Violence, Sexual Assault, and Stalking Program

Notice seeking applications for projects uniquely designed to address and prevent domestic violence, dating violence, sexual assault, and stalking crimes in rural areas. This program supports cooperative efforts among law enforcement officers, prosecutors, victim service providers, and other related parties to investigate and prosecute sexual assault, domestic violence, dating violence, and stalking; treatment, advocacy, counseling, legal assistance, or other victim services for victims in rural communities; or programs addressing sexual assault.

Applications are due July 8, 2025. An estimated \$36 million is available to fund up to 55 awards ranging from \$500,000 - \$950,000.

HEALTH and MENTAL HEALTH

Clinician Scholar Educator Award

Notice seeking applications designed to enhance education in rheumatic and musculoskeletal diseases for future doctors and rheumatology health professionals.

Applications are due June 2, 2025. The total award amount \$210,000 over the course of three years (\$70,000 per year). Eligibility is limited to American College of Rheumatology (ACR) or Association of Rheumatology Professionals (ARP) members who are affiliated with an accredited graduate or medical school.

LINKS: [Solicitation](#); [Rheumatology Research Foundation](#)

DOD Duchenne Muscular Dystrophy, Idea Development Award; Clinical Translational Research Award

Notice seeking pre-applications for USAMRAA's Duchenne Muscular Dystrophy Research Program (DMDRP). Awards include Idea Development Awards and Clinical/Translational Research (CTRA) Awards.

Pre-applications are due July 25, 2025. An estimated \$1.68 million is available to fund up to three Idea Development Awards. An estimated \$8.56 million is available to fund up to five CTRA applications.

LINKS: [Grants.gov \(Idea Development Award\)](#); [Grants.gov \(Clinical/Translational Research Award\)](#)

DoD Military Burn, Patient-Centered Research Award; Discovery Award; Technology Therapeutic Development Award

Notice seeking pre-applications for USAMRAA's Military Burn Research Program (MBRP). Awards include Patient-Centered Research Awards, Discovery Awards, and Technology/Therapeutic Development Awards.

Pre-applications for all awards are June 23, 2025. An estimated \$3.4 million is available to fund two Patient-Centered Research Awards. An estimated \$800,000 is available to fund four Discovery Awards. An estimated \$3.4 million is available to fund two Technology/Therapeutic Development Awards.

LINKS: [Grants.gov \(Patient-Centered Research Award\)](#); [Grants.gov \(Discovery Award\)](#); [Grants.gov \(Technology/Therapeutic Development Award\)](#)

DoD Rare Cancers, Concept Award; Idea Development Award; Resource and Community Development Award

Notice seeking pre-applications for USAMRAA's Rare Cancers Research Program awards. These awards include Concept Awards, Idea Development Awards, and Resource and Community Development Awards.

For the Concept Awards, pre-applications are due July 22, 2025. For the Idea Development and Resource and Community Developments awards, pre-applications are due July 1, 2025. An estimated \$2.38 million is available to fund up to 17 Concept Awards, and \$6.86 million is available to fund up to 14 Idea Development Awards. An estimated \$5.60 million is available to fund up to five Resource and Community Development Awards.

SPEARHEAD 2.0 2025 RFP

Notice seeking applications for Screening imPIementation and linkage to cARe in HEpAtitis Delta (SPEARHEAD) that aim to address one or both of the following scientific objectives: 1) generate data to assess current chronic hepatitis delta virus (HDV) linkage to care practice; identify barriers; develop and implement novel approaches to enhance linkage to care; and 2) generate data to determine who should be tested or retested for anti-HDV antibody and/or HDV RNA and the optimal timing for retesting to ensure accurate diagnosis.

Letters of intent are due May 23, 2025. The program will support individual projects up to \$200,000.

LINKS: [Solicitation](#); [Gilead Sciences](#)

Spinal Cord Injury Research on the Translational Spectrum (SCIRTS) grants program

Notice seeking applications which supports the development of new approaches to restore/enhance function and prevent or alleviate complications that arise after traumatic SCI. Research should be designed to demonstrate an improvement in function or clinical decision-making. The inclusion of individuals with SCI in the design of studies to aid the development of research that leads to an improved quality of life is encouraged. The following types of grants will be awarded: Translational Spectrum Grants and SCIRTS Postdoctoral Fellowships.

Letters of intent are due by May 23, 2025. The maximum cost for Translational Spectrum grants is \$400,000. The maximum cost for SCIRTS Postdoctoral Fellowships is \$200,000.

Transforming Health

Notice seeking applications to transform the health of communities through three distinct drivers of health: health care, social services, and education. Because we recognize that transforming the health of our communities requires more than one-time contributions, we seek partnerships that can grow over time and position our communities to thrive.

Applications are due May 30, 2025.

LINKS: [Solicitation](#); [Centene Corporation](#)

Office of AIDS Research Advisory Council

Notice announcing a virtual public meeting. The agenda includes a report from the Office of AIDS Research Director, and update on the development of the NIH Strategic Plan and research priorities for HIV research.

The meeting will be held September 18, 2025. Comments may be submitted to the contact person.

LINKS: [Federal Register](#); [Agency Site](#)

Office of the Director, Council of Councils Meeting

Notice announcing a hybrid public meeting. The agenda includes announcements, NIH program updates, presentations, and other business of the committee.

The meeting will be held May 29, 2025. Comments may be submitted to the contact person.

LINKS: [Federal Register](#); [Agency Site](#)

SCIENCE, TECHNOLOGY, ENGINEERING, and MATHEMATICS

ERIS Special Topic Area – Industrial Base Research and Experimentation Events

Notice seeking submissions for the Defense Advanced Research Projects Agency (DARPA)'s Expedited Research Implementation Series (ERIS). Notice seeks organizations to support two complementary efforts: Industrial base research (basic, applied, and advanced research), and Design and facilitation of stakeholder experimentation events in support of industrial base research.

Submissions will be accepted until June 30, 2025.

LINKS: [Contract Opportunities](#); [Agency Site](#)

Horticulture Research

Notice seeking applications for research projects covering the full range of production, environmental, and business issues important to the horticultural trade.

Applications will be accepted until May 31, 2025. HRI's grants are typically between \$10,000 and \$35,000, although larger awards have been issued.

LINKS: [Agency Site](#)

Operational Test and Training Infrastructure (OTTI) Commercial Solutions Opening (CSO)

Notice seeking proposals for one area of interest. Titled Multirole Satellite Frequency In-field Test Suite (MSFITS), this area of interest is seeking innovative solutions for a field-transportable satellite communications (SATCOM) environment monitor and emulator system in support of the National Space Test and Training Complex – Electromagnetic (NSTTC-E) range. This range enables the testing and training of Space Force Guardian's and the Joint Forces to support re-optimization for a great power competition.

White papers and PowerPoints are due May 14, 2025.

LINKS: [Contract Opportunities](#)

Quantum Characterization, Calibration, and Control (QC3)

Notice seeking white papers for research in Quantum Characterization, Calibration, and Control (QC3). This is a proposed four-year program and is primarily focused on three topic areas in the field of quantum computing (QC): Characterization, Calibration, and Control.

White papers are due May 30, 2025. Multiple awards are anticipated. Funding for the four-year program include: \$500,000-\$2.5 million (Year 1); \$500,000-\$1.5 million (Year 2); \$500,000-\$1.5 million (Year 3), and \$500,000-\$1.5 million (Year 4).

Agency Information Collection Activities: Comment Request

Notice requesting comments for the National Science Foundation's Education & Training Application Pilot (ETAP) which is designed to gather data on applicants and participants of NSF-funded opportunities. Principal Investigators of NSF awards can utilize the ETAP system to recruit prospective participants for various NSF-funded opportunities, including research experiences, fellowships, scholarships, internships, teaching assistantships, dissertation grants, summer boot camps, and more.

Comments must be submitted within 30 days of the Federal Register notice publication.

LINKS: [Federal Register](#)

Agency Information Collection Activities: Comment Request; NSF's Evaluation of the Robert Noyce Teacher Scholarship Program

Notice requesting comments regarding the NSF's Evaluation of the Robert Noyce Teacher Scholarship Program. The Robert Noyce Teacher Scholarship Program aims to address the critical need for highly effective elementary and secondary mathematics and science teachers in high-need school districts. The program supports the recruitment, preparation, and retention of STEM (science, technology, engineering, and mathematics) undergraduate majors and professionals to become K-12 STEM teachers, as well as experienced teachers to become teacher leaders.

Comments must be submitted within 30 days of the Federal Register publication.

LINKS: [Federal Register](#)

BAA for Chemical Biological Radiological Nuclear and Explosive (CBRNE) Defense Efforts under Procurement Contracts, Cooperative Agreements, and Prototypes under Other Transactions Agreements

Notice seeking proposals to provide innovative chemical, biological, radiological, nuclear and explosive (CBRNE) defense capabilities to enable the Joint Warfighters' dominance on the battlefield and interagency defense of the homeland.

Preproposals are due any time for the next five years.

LINKS: [Contract Opportunities](#); [Agency Site](#)

GlobalX Innovation Joint Challenge: AI for Advancing Maritime Security

Notice seeking proposals in promising applied concepts to realize revolutionary capability advancements with dual-use military and commercial value. Specifically, the program seeks proposals that 1) define challenging and realistic maritime scene perception scenarios represented by real-world and/or synthetic data generated by sensors commonly found on underwater vessel platforms, and 2) present innovative AI algorithms that can successfully operate on that representative data and determine operational context.

White papers are due May 23, 2025. Awards anticipated up to \$250,000 for one year, and up to \$500,000 maximum, with optional additional periods of study.

LINKS: [Grants.gov](#)

University Day

Notice seeking proposals to solicit leading-edge research from academic collaborators that currently do not have a relationship with AFRL/RW via existing contract/grant. AFRL/RW intends to award short-term seedling projects in two research areas. Offerors shall propose against ONE research area topic only.

Proposals are due May 21, 2025. Grants are from \$75,000 to \$100,000. Five to six awards are anticipated.

LINKS: [Grants.gov](#); [Contract Opportunities](#)

POWER: Persistent Optical Wireless Energy Relay, Aerial Demonstration Industry Day

Notice sponsoring an Industry Day to provide information to potential proposers on the objectives of the second phase of the DARPA Persistent Optical Wireless Energy Relay (POWER) program, in advance of a planned Program Solicitation for Phase 2. The goal of the POWER program is to design and demonstrate airborne optical energy relays that deliver 5 kW electrical power at a ground range of 200 km through 3 airborne relays.

The Industry Day will be held on May 29, 2025, in the DCC, located at 675 N Randolph Street, Arlington, VA from 9:00 a.m. to 5:00 p.m. ET. Advance registration is required. Registrations are due by May 21, 2025.
