

## ARTS, HUMANITIES, and INTERNATIONAL

### Music Programs

Notice seeking applications from high-impact organizations across the globe that create more music makers by eliminating barriers for underrepresented communities and groups of people in two areas, Participatory Music Making and Career Mobility. The foundation will select awardees within the following grant tracks: Music Program Grants and General Operating Grants.

Applications are due April 4, 2025. Foundation grants for each track are typically in the \$5,000 to \$25,000 range depending on the size and scope of the program or organization.

---

#### 2025 Request for Applications

Notice seeking applications that deliver developed content with practical application to the success of Native farmers and ranchers or that take research and assist individuals in applying the results of that research to improve their operations.

Applications are due May 1, 2025. An estimated \$10 million is available.

LINKS: [Solicitation](#); [Native American Agriculture Fund](#)

---

#### Graduate Student Fellowships

Notice seeking proposals to support projects that advance the development, validation, or implementation of human-relevant, non-animal methodologies in research, testing, or education. Funding is directed toward innovative scientific methods with the potential to replace animal models while improving scientific outcomes.

Proposals are due April 30, 2025. applicants must be graduate students enrolled in a degree program with at least one year remaining until program completion at the time the fellowship begins. Grants are \$15,000 per year, renewable for up to three years, based on student progress and funding availability. Funds may not be used for institutional indirect costs.

## SCIENCE, TECHNOLOGY, ENGINEERING, and MATHEMATICS

#### IWTSD Broad Agency Announcement FY 2026

Notice seeking Phase 1 proposal submissions related to the following mission areas: Advanced Analytics, Advanced Development, Chemical, Biological, Radiological, Nuclear, and Explosives (CBRNE), Expeditionary Force Protection, Explosive Ordnance Disposal and Explosive Operations, Human Performance and Training, Influence and Information Capabilities, Innovation, Protection, Survivability, and Recovery (PSR), Surveillance, Collection, and Operations Support (SCOS), Tactical Offensive Support.

Phase 1 submissions are due April 21, 2025.

LINKS: [Contract Opportunities](#); [Agency Site](#)

---

#### Pioneering Aerospace Capabilities, Engineering and Research

Notice seeking white papers to develop and apply innovative technologies and approaches to speed the acquisition time of a flight control (FC) electromechanical actuation system (EMA) to 12 months or less and at lower cost that sufficiently meets the performance and reliability requirements for an accepted risk.

White papers are extended to March 28, 2025.

LINKS: [Contract Opportunities](#)

---

#### USGS Earthquake Hazards Program External Research Support Announcement for Fiscal Year 2026

Notice seeking proposals to support research in earthquake hazards, the physics of earthquakes, earthquake occurrence, and earthquake safety policy.

Proposals are due May 28, 2025. An estimated \$5 million is available for up to 60 awards with the majority of awards most likely range between \$30,000 and \$120,000.

LINKS: [Grants.gov](#); [Agency Site](#)

---

#### Adaptive Fusion, and Reasoning of Multi-Source Data (AFAR)

Notice seeking proposals for innovative approaches for the fusion, analysis and reasoning of multi-source data to advance their analytical operations in support of their Command, Control, Communications, Computers and Intelligence (C4I) and Cyber Science mission. This announcement is comprised of three research areas: (A) Adaptive Knowledge and Information for Target Analysis (AKITA), (B) Enhancing Moving Target Engagement at Scale (EMoTES) and (C) Publicly Available Information (PAI) Ensemble Fusion (PEF), where each has research areas that taken together comprise the focus of AFAR research and development.

White papers are due July 15, 2025. An estimated \$7.9 million is available to fund multiple awards.

#### Exponentiating Mathematics (expMath) Proposers Day

Notice announcing hybrid Proposers Day in support of the anticipated Exponentiating Mathematics (expMath) Broad Agency Announcement (BAA). The goal of expMath is to radically accelerate the rate of progress in pure mathematics by developing an AI co-author capable of proposing and proving useful abstractions. expMath will be comprised of teams focused on developing AI capable of auto decomposition and auto(in)formalization and teams focused on evaluation with respect to professional-level mathematics.

The expMath hybrid Proposers Day will be held on April 23, 2025, from 10:00 a.m. to 4:00 p.m. (ET) physically at the DARPA Conference Center, located at 675 N Randolph St., Arlington, Virginia, 22203 and virtually via Zoom for Government.
