Under the provisions of state law, this report is a public document. A copy of this report has been submitted to the Governor, to the Attorney General, and to other public officials as required by state law. A copy of this report has been made available for public inspection at the Baton Rouge and New Orleans offices of the Legislative Auditor.

This document is produced by the Legislative Auditor, State of Louisiana, Post Office Box 94397, Baton Rouge, Louisiana 70804-9397 in accordance with Louisiana Revised Statute 24:513. Five copies of this public document were produced at an approximate cost of $\$ 35.10$. This material was produced in accordance with the standards for state agencies established pursuant to R.S. 43:31. This report is available on the Legislative Auditor's Web site at www.lla.la.gov. When contacting the office, you may refer to Agency ID No. 3474 or Report ID No. 80080076 for additional information.

In compliance with the Americans With Disabilities Act, if you need special assistance relative to this document, or any documents of the Legislative Auditor, please contact Wayne "Skip" Irwin, Director of Administration, at 225-339-3800.

# Independent Auditor's Report on the Financial Statements 

## LOUISIANA STATE UNIVERSITY SYSTEM STATE OF LOUISIANA

Baton Rouge, Louisiana

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of the Louisiana State University (LSU) System, a component unit of the State of Louisiana, as of and for the year ended June 30, 2008, which collectively comprise the System's basic financial statements as listed in the table of contents. These financial statements are the responsibility of management of the LSU System. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Louisiana State University School of Medicine in New Orleans Faculty Group Practice doing business as LSU Healthcare Network and Subsidiaries, the Eunice Student Housing Foundation, Inc., and the Health Care Services Foundation and its subsidiary, which are nonprofit corporations included as blended component units in the basic financial statements representing approximately $1.8 \%$ of total assets, $2.9 \%$ of total liabilities, $2.2 \%$ of total revenues, and $2.2 \%$ of total expenses of the LSU System. We also did not audit the financial statements of the LSU Foundation, the Tiger Athletic Foundation, the Pennington Medical Foundation, the Foundation for the LSU Health Sciences Center, and the University of New Orleans Research and Technology Foundation, which are all of the discretely presented component units presented in the basic financial statements of the LSU System. The financial statements of the blended and discretely presented component units were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to the amounts included for these component units, are based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the LSU Foundation, the Pennington Medical Foundation, and the Health Care Services Foundation and Subsidiary, which were audited by other auditors, were not audited in accordance with Government Auditing Standards. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as
well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the LSU System as of June 30, 2008, and the respective changes in its financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in note 1-B to the financial statements, the University of New Orleans (UNO) Foundation, a discretely presented component unit of the LSU System for the year ended June 30, 2007, is no longer included in the financial statements and related disclosures as a discretely presented component unit of the System as the assets of the foundation no longer meet the reporting threshold of $3 \%$ of total system assets. As discussed in note 18 to the financial statements, the effect of excluding the UNO Foundation is a decrease of $\$ 49,028,924$ in beginning net assets for the discretely presented component units. This change affects the comparability of amounts reported for the year ended June 30, 2008, with the amounts reported for the year ended June 30, 2007.

As discussed in note 1-Q to the financial statements, the LSU System implemented Governmental Accounting Standards Board (GASB) Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, and Statement No. 48, Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues, for the year ended June 30, 2008.

As discussed in note 31 to the financial statements, during August and September 2005, the State of Louisiana suffered considerable damage from two major hurricanes, Katrina and Rita, resulting in the President of the United States declaring Louisiana a major disaster area. In addition, in September 2008, Hurricane Gustav struck Louisiana causing property damage at certain campuses within the LSU System as described in note 30 to the financial statements. Because of the severity of these events and the resulting damages sustained by the state and the LSU System, it is unknown exactly what economic impact recovery efforts will have on state and local government operations. Although the LSU System and the State of Louisiana are taking steps to address recovery, the long-term effects of these events on the LSU System cannot be determined at this time.

In accordance with Government Auditing Standards, we have also issued our report dated March 25, 2009, on our consideration of LSU System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's discussion and analysis on pages 7 through 16 and the Schedule of Funding Progress for the Other Postemployment Benefits Plans on page 97 are not required parts of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise LSU System's basic financial statements. The accompanying supplementary information schedules including the Combining Schedule of Net Assets; the Combining Schedule of Revenues, Expenses, and Changes in Net Assets; and the Combining Schedule of Cash Flows on pages 100 through 111 are presented for purposes of additional analysis and are not a required part of the basic financial statements. These schedules have been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the reports of the other auditors, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## INTRODUCTION

The following discussion and analysis has been prepared by management and is written to provide an overview of the financial position and activities of the Louisiana State University System (the System) for the year ended June 30, 2008. It should be read in conjunction with the financial statements and the notes thereto which follow this section.

The annual report consists of a series of financial statements prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments, and GASB Statement No. 35, Basic Financial Statements-and Management's Discussion and Analysis-for Public Colleges and Universities, as amended by GASB Statements Nos. 37 and 38.

Effective for the year ended June 30, 2004, the System implemented GASB Statement No. 39, Determining Whether Certain Organizations Are Component Units. This statement addresses which support organizations, such as foundations, should be included as component units and how these component units should be presented in the financial statements. The State of Louisiana has set a threshold for including component units if their total assets equal 3\% or more of the assets of the university system they support. Once a component unit is selected for inclusion, it must be reported in the System's financial statements for at least three years, even if it falls below the threshold the following year.

The System has five foundations that will be discretely presented in its financial statements. These are the LSU Foundation, the Tiger Athletic Foundation, the Pennington Medical Foundation, the University of New Orleans Research and Technology Foundation, and the Foundation for the LSU Health Sciences Center. The financial data of each of these foundations are presented separately in the Statement of Financial Position and Statement of Activities. Additional information about the foundations is contained in the notes to the financial statements.

## BACKGROUND

The System is the state's flagship system. It is also one of the most diverse and comprehensive higher education systems in the country. Headcount enrollment during the fall 2007 semester was 52,468 , down $3.1 \%$ from the 54,131 reported in the previous year, and still significantly down from the pre-Katrina levels.

Degrees conferred by System campuses range from associate degree to doctor of philosophy. In

addition, professional degrees in law, veterinary medicine, medicine, dentistry, and the complete spectrum of allied health professions are conferred.

The System also includes such dedicated centers as the Pennington Biomedical Research Center, which specializes in nutrition research and preventive medicine, and the LSU Agricultural Center, which plays an integral role in supporting agricultural industries, sustaining rural areas, and encouraging efficient use of resources through research and educational programs conducted by its $\mathbf{2 0}$ experiment stations and extension service.

Moreover, the System is charged with the responsibility of administering 10 public hospitals. These hospitals are the primary source of health care services for the indigent population of the state and account for over one million in-patient and out-patient visits each year. In addition, these hospitals are used by the LSU Health Sciences Centers as teaching hospitals wherein the medical and dental faculty and medical education students are used to provide the necessary medical care to patients.

## FINANCIAL HIGHLIGHTS

Total operating revenues increased from the prior fiscal year by $\$ 248.4$ million, while operating expenses increased by $\$ 481.6$ million. Overall, the System has an operating loss of $\$ 984.6$ million at June 30, 2008, with the operating loss increasing by $\$ 233.2$ million from the previous fiscal year.

The change in the operating loss can be attributed primarily to the implementation of GASB Statement No. 45, which requires an accompanying operating expense for the Other Postemployment Benefits liability that must be recorded effective with fiscal year 2007-08. This liability (and accompanying expense) amounted to $\$ 176$ million.

In addition, campuses received a state appropriation of $\$ 32.8$ million to either bring them to full formula funding (for those subject to formula funding) or provide a $3 \%$ increase for those campuses that were in excess of full funding. Moreover, the state appropriated $\$ 23.8$ million for faculty and staff pay increases. While state appropriations are reported under nonoperating revenues on the Statement of Revenues, Expenses, and Changes in Net Assets (SRECNA), as campuses expended the funds the majority of them were recorded on the SRECNA as operating expenses and thus contributed to the increase in the operating loss.

If you include nonoperating revenues and expenses, the System shows a loss before other revenues, expenses, gains, and losses of $\$ 69.7$ million. This is in contrast to the $\$ 77.5$ million income that was reported before other revenues, expenses, gains, and losses in the previous year.

However, net assets, which represent the residual interest in the System's assets after liabilities are deducted, still increased by $\$ 72.1$ million from the previous fiscal year.

## OVERVIEW OF THE FINANCIAL STATEMENTS

The System's financial report consists of three sections: Management's Discussion and Analysis (this section), the basic financial statements including the notes to the financial statements, and supplementary information. The basic financial statements are the Statement of Net Assets; the Statement of Revenues, Expenses, and Changes in Net Assets; and the Statement of Cash Flows, as well as the financial statements related to the discrete component units.

## BASIC FINANCIAL STATEMENTS

The basic financial statements present information for the System as a whole. The Statement of Net Assets presents the financial position of the System at the end of the fiscal year and includes all assets and liabilities of the System. The difference between total assets and total liabilities is one way to measure the System's financial health or position, while the change in net assets is a useful indicator of whether the financial condition of the System is improving or deteriorating. Over time, increases or decreases in the System's net assets can be useful in assessing whether its financial health is improving. Other non-financial factors such as the trend in enrollment and the condition of the physical plant are also useful in evaluating the overall financial health of the System. Finally, the Statement of Cash Flows presents the significant sources and uses of cash.

## STATEMENT OF NET ASSETS

Net assets are divided into three major categories.
Invested in capital assets, net of related debt provides the institution's equity in property, plant and equipment owned by the System.

Restricted net assets represent those assets that are available for spending only as legally or contractually obligated by legislative requirements, donor agreements, and grant requirements.

Unrestricted net assets represent those assets that are available to the System for any lawful purpose.

From the data presented, readers of the Statement of Net Assets are able to determine the following:

- The assets available to continue the operations of the System
- The liabilities of the System that include the amount owed vendors and lending institutions
- The net assets and their availability for expenditure by the System

Current assets total $\$ 1.1$ billion and consist primarily of cash and cash equivalents, net receivables, investments, amounts due from state treasury, and inventories. Current liabilities total $\$ 556.4$ million and consist primarily of accounts payable and accrued liabilities, deferred
revenues, notes payable, bonds payable, capital lease obligations, and a contingent amount for uncompensated absences.

Noncurrent assets total $\$ 2.0$ billion and include capital assets of $\$ 1.5$ billion. Other noncurrent assets include cash and investments that are externally restricted to make debt service payments or to maintain sinking or reserve funds and total $\$ 430.6$ million.

Noncurrent liabilities total $\$ 781.2$ million and include (1) principal amounts of revenue bonds payable, notes payable, and capital lease obligations with contractual maturities greater than one year; (2) estimated amounts for accrued compensated absences and other postemployment benefit liabilities that will not be paid within the next fiscal year; and (3) other liabilities that while scheduled to be paid within one year are to be paid from funds classified as noncurrent assets.

Restricted nonexpendable net assets total $\$ 174.2$ million and consist of endowment and similar type funds, which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained intact and invested for the purpose of producing income that may either be expended or added to principal.

Restricted expendable net assets total $\$ 272.2$ million and include resources that the System is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties. A summarized listing of the System's assets, liabilities, and net assets at June 30, 2008, and June 30, 2007, is shown below.

## STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN NET ASSETS

The SRECNA displays information on how the System's assets changed as a result of current year operations. This statement presents the revenues received by the System, both operating and nonoperating, and the expenses paid by the System, both operating and nonoperating.

Generally, operating revenues are received for providing goods and services to various customers and constituencies of the System. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues and to carry out the mission of the System. Nonoperating revenues are revenues received for which goods and services are not provided as an exchange transaction. For example, state appropriations are nonoperating because they are provided by the legislature to the System without the legislature directly receiving commensurate goods and services for those revenues.

The consolidated SRECNA at June 30, 2008, for the System indicates a net operating loss of $\$ 984.6$ million determined without including state appropriations, gifts, or investment earnings and before subtracting interest expenses on debt. As mentioned earlier, the net operating loss increased from the prior year by $\$ 233.2$ million.

While operating revenues increased by $\$ 248.4$ million, operating expenses increased even more, by $\$ 481.6$ million. This larger growth in operating expenses is the primary factor in the change in the operating loss. Explanations for the major changes in operating revenues and operating expenses are provided in the paragraphs that follow.

After including nonoperating revenues such as state appropriations ( $\$ 845.7$ million), gifts ( $\$ 30.5$ million), investment income ( $\$ 43.5$ million), and after subtracting interest expense ( $\$ 19.3$ million), and including other nonoperating revenues and expenses, the System had a loss before other revenues, expenses, gains, or losses of $\$ 69.7$ million.

The following summarizes the SRECNA.

## Statement of Revenues, Expenses, and Changes in Net Assets

|  | As of |  |  | Percentage Change |
| :---: | :---: | :---: | :---: | :---: |
|  | June 30, 2008 | June 30, 2007 <br> (Restated) | Change |  |
| Operating revenues | \$2,290,605,423 | \$2,042,206,021 | \$248,399,402 | 12.2\% |
| Operating expenses | 3,275,207,054 | 2,793,611,893 | 481,595,161 | 17.2\% |
| Operating loss | $(984,601,631)$ | $(751,405,872)$ | $(233,195,759)$ | 31.0\% |
| Nonoperating revenues (expenses) | 914,876,592 | 828,941,001 | 85,935,591 | 10.4\% |
| Income (loss) before other revenues, expenses, gains, and losses | $(69,725,039)$ | 77,535,129 | $(147,260,168)$ | -189.9\% |
| Other revenues, expenses, gains, and losses | 141,869,482 | 96,450,264 | 45,419,218 | 47.1\% |
| Increase in net assets | 72,144,443 | 173,985,393 | $(101,840,950)$ | -58.5\% |
| Net assets at beginning of year restated | 1,629,565,920 | 1,455,580,527 | 173,985,393 | 12.0\% |
| Net assets at end of year | \$1,701,710,363 | \$1,629,565,920 | 72,144,443 |  |

## Operating Revenues

Operating revenues for the System totaled nearly $\$ 2.3$ billion at June 30, 2008. Major components of operating revenues are hospital income, representing $53.7 \%$ of the total; grants and contracts, $19.8 \%$ of the total; and net tuition and fees, $10.2 \%$ of the total.

Hospital income increased by $\$ 227$ million of which $\$ 156$ million was associated with the continued restoration of services of the Medical Center of Louisiana at New Orleans and increased services at other Health Care Services Division (HCSD) hospitals. Moreover, HCSD patient admissions increased by $20 \%$ from fiscal year 2007 to fiscal year 2008. The following table summarizes the System's operating revenue for the years ending June 30, 2008 and June 30, 2007.

## Operating Revenues (in millions)

|  | As of |  |  | Percentage Change |
| :---: | :---: | :---: | :---: | :---: |
|  | June 30, 2008 | $\begin{gathered} \text { June } 30,2007 \\ \text { (Restated) } \end{gathered}$ | Change |  |
| Tuition and fees, net | \$234.2 | \$234.4 | (\$0.2) | -0.1\% |
| Federal appropriations | 12.0 | 8.6 | 3.4 | 39.5\% |
| Grants and contracts | 453.0 | 446.0 | 7.0 | 1.6\% |
| Sales and services of educational departments | 186.3 | 185.9 | 0.4 | 0.2\% |
| Auxiliary enterprises, net | 160.3 | 149.5 | 10.8 | 7.2\% |
| Hospital income | 1,228.9 | 1,001.9 | 227.0 | 22.7\% |
| Other | 15.9 | 15.9 |  |  |
| Total operating revenues | \$2,290.6 | \$2,042.2 | \$248.4 | 12.2\% |

## Operating Expenses

Total operating expenses for the System amounted to almost $\$ 3.3$ billion as of June 30, 2008. This is nearly $\$ 481.6$ larger than the previous year. A major factor in this growth can be attributed to the $\$ 176$ million that was associated with the recording of the initial other postemployment benefits liability as required by GASB Statement No. 45. In addition, state appropriations increased by some $\$ 84$ million over the previous year and these funds were ultimately recorded as operating expenses.

Hospital expenses represented $38.8 \%$ of all operating expenses and represented the largest functional component. Other major components are instructional expenses, $18.2 \%$; research expenses, $10.9 \%$; and public service expenses, $10.4 \%$. The large increase in funding for operation and maintenance of plant is attributable to increases at LSU, the University of New Orleans (UNO), and the Health Sciences Center New Orleans. Shown on the following page in tabular format is a summary of the System's operating expenses for the fiscal years ending June 30, 2008 and June 30, 2007.

## Operating Expenses (in millions)

|  | As of |  | Change | $\begin{gathered} \text { Percentage } \\ \text { Change } \\ \hline \end{gathered}$ |
| :---: | :---: | :---: | :---: | :---: |
|  | June 30, 2008 | June 30, 2007 <br> (Restated) |  |  |
| Instruction | \$596.0 | \$520.0 | \$76.0 | 14.6\% |
| Research | 355.5 | 322.7 | 32.8 | 10.2\% |
| Public service | 342.0 | 287.3 | 54.7 | 19.0\% |
| Academic support | 142.1 | 113.5 | 28.6 | 25.2\% |
| Student services | 39.5 | 32.6 | 6.9 | 21.2\% |
| Institutional support | 142.2 | 128.1 | 14.1 | 11.0\% |
| Operation and maintenance of plant | 196.1 | 166.1 | 30.0 | 18.1\% |
| Scholarships and fellowships | 41.8 | 42.6 | (0.8) | -1.9\% |
| Auxiliary enterprises | 150.0 | 135.8 | 14.2 | 10.5\% |
| Hospital | 1,270.0 | 1,044.9 | 225.1 | 21.5\% |
| Total operating expenses | \$3,275.2 | \$2,793.6 | \$481.6 | 17.2\% |

## CAPITAL ASSET AND DEBT ADMINISTRATION

At June 30, 2008, the System has $\$ 1.5$ billion (including $\$ 81.2$ million in assets under capital leases) invested in a broad range of capital assets including land, buildings and improvements, equipment, and infrastructure, which is net of accumulated depreciation of $\$ 1.7$ billion (see the following table).

## Capital Asset Summary

|  | As of |  | Change | $\begin{gathered} \text { Percentage } \\ \text { Change } \\ \hline \end{gathered}$ |
| :---: | :---: | :---: | :---: | :---: |
|  | June 30, 2008 | June 30, 2007 <br> (Restated) |  |  |
| Capital assets not being depreciated | \$297,750,810 | \$244,890,777 | \$52,860,033 | 21.6\% |
| Other Capital Assets: |  |  |  |  |
| Infrastructure | 67,942,455 | 61,050,587 | 6,891,868 | 11.3\% |
| Land improvements | 71,778,045 | 68,362,988 | 3,415,057 | 5.0\% |
| Buildings | 1,738,560,808 | 1,584,665,344 | 153,895,464 | 9.7\% |
| Equipment | 880,232,922 | 841,424,510 | 38,808,412 | 4.6\% |
| Library books | 210,965,903 | 209,189,573 | 1,776,330 | 0.8\% |
| Total Other Capital Assets | 2,969,480,133 | 2,764,693,002 | 204,787,131 | 7.4\% |
| Total cost of capital assets | 3,267,230,943 | 3,009,583,779 | 257,647,164 | 8.6\% |
| Less accumulated depreciation | $(1,719,125,234)$ | $(1,650,109,079)$ | $(69,016,155)$ | (4.2\%) |
| Capital assets, net | \$1,548,105,709 | \$1,359,474,700 | \$188,631,009 | 13.9\% |

Capital assets not being depreciated total $\$ 297.8$ million. This represents land, capitalized collections, and construction-in-progress.

Capital additions at the Health Sciences Center New Orleans include $\$ 25$ million for the continued restoration of facilities damaged during Hurricane Katrina and mobile clinics at the Medical Center of Louisiana at New Orleans, and $\$ 603,000$ for a campus-wide presentation system.

Major capital expenditures at the HCSD include $\$ 25$ million for the continued restoration of facilities damaged during Hurricane Katrina and mobile clinics at the Medical Center of Louisiana at New Orleans; $\$ 17.9$ million for purchase of an outpatient surgical center and $\$ 4.2$ million for the construction of an outpatient clinic at the Earl K. Long Medical Center; $\$ 17.5$ in bonds were issued for the Bogalusa Community Medical Center renovations and construction projects at the Washington St. Tammany Regional Medical Center; $\$ 4.8$ million in renovations and construction were incurred in fiscal year 2008. Also, $\$ 16.5$ million for the purchases of pharmacy, radiology and cardiac cath lab equipment which includes $\$ 2.6$ million for Computerized Radiology Readers as part of the LSU System-wide Electronic Medical Record project.

At UNO, major capital additions totaled $\$ 16.7$ million and included repairs to Kirschman Hall, the UNO Arena, the Recreation and Fitness Center, the Liberal Arts Building, and the library. Other capital additions reflected improvements to the main campus roadway and to the utility trunkline.

At LSU, major capital expenditures that were recorded in fiscal year 2008 were $\$ 15.9$ million associated with the new Alex Box Baseball Stadium, $\$ 6.4$ million for renovations associated with the Residential College, $\$ 5.8$ million for Music and Dramatic Arts building renovation, $\$ 13.6$ million renovations occurring at the Student Union, $\$ 6.0$ million for the Women's Softball Complex, and $\$ 3.9$ million for Blake Hall renovations. In addition, capital expenditures of $\$ 18.5$ million were made for the donation of the football operations center by the Tiger Athletic Foundation and $\$ 3.7$ million for the donation of the LSU mascot's habitat.

At June 30, 2008, the System has $\$ 393.9$ million in bonds outstanding, $\$ 23.1$ million in notes payable outstanding, and $\$ 93.1$ million in capital lease obligations outstanding.

## ECONOMIC OUTLOOK

At present, Louisiana's economy is relatively strong and a new administration is committed to making the state's economy more diverse. The increased economic activity driven by rebuilding efforts in New Orleans is beginning to slow and this likely will impact revenues at the state level. It is also uncertain what effect, if any, the current financial crisis encompassing Wall Street will have on Louisiana and, by corollary, the LSU System.

During the 2008 legislative session, elected officials passed legislation providing for tuition increases under certain conditions for the next four years. This increase will help mitigate any reduction in state appropriations that may occur during that time period.

Enrollment at UNO continues to lag behind expectations. Pre-Katrina enrollment was just over 17,300 and is expected to be near 11,800 for the 2008 fall semester. The LSU Health Sciences Center's Dental School has returned to New Orleans following a stint in Baton Rouge while Hurricane Katrina's damage to its facility was being repaired. Also, the plan to rebuild the public hospital in New Orleans in partnership with the U.S. Veterans Administration and to construct a replacement facility for the public hospital in Baton Rouge remains on track.

A large fund-raising campaign is in progress at the main campus in Baton Rouge with the goal to significantly increase the institution's endowment.

## CONTACTING THE LOUSIANA STATE UNIVERSITY SYSTEM'S MANAGEMENT

This financial report is designed to provide our residents, taxpayers, customers, and investors and creditors with a general overview of the LSU System's finances and to show the LSU System's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Assistant Vice President for Budget and Finance and Comptroller at 3810 West Lakeshore Drive, Baton Rouge, Louisiana 70808.

| Schedule of Noncash Investing, Capital and Financing Activities: |  |
| Capital appropriations | \$62,721,046 |
| Capital gifts and grants | 4,362,978 |

## (Concluded)

The accompanying notes are an integral part of this statement.

## INTRODUCTION

The Louisiana State University (LSU) System is a publicly supported institution of higher education. The university is a component unit of the State of Louisiana, within the executive branch of government. The system is under the management and supervision of the LSU Board of Supervisors; however, certain items such as the annual budgets of the universities and changes to the degree programs and departments of instruction require the approval of the Board of Regents for Higher Education. The Board of Supervisors is comprised of 15 members appointed for a six-year term by the governor, with the consent of the Senate, and one student member appointed for a one-year term by a council composed of the student body presidents of the universities. As state universities, operations of the universities' instructional programs are funded through annual lapsing appropriations made by the Louisiana Legislature. The chief executive officer of the university system is the president.

The university system is comprised of 11 campuses in five cities and 10 state hospitals. The system includes LSU and A\&M College (LSU), the Paul M. Hebert Law Center, and the Pennington Biomedical Research Center, all in Baton Rouge; the LSU Agricultural Center (including the Louisiana Agricultural Experiment Station and the Louisiana Cooperative Extension Service) with headquarters in Baton Rouge; the University of New Orleans; LSU Shreveport; LSU Alexandria; LSU Eunice, a two-year institution; the LSU Health Sciences Center in New Orleans, which includes schools of Medicine, Dentistry, Nursing, and Allied Health Professions, and a Graduate School in New Orleans, the Louisiana State University School of Medicine in New Orleans Faculty Group Practice (a Louisiana nonprofit corporation doing business as LSU Healthcare Network), and the Health Care Services Division; and the LSU Health Sciences Center in Shreveport, which includes a School of Medicine in Shreveport with hospitals in Shreveport, Monroe, and Pineville. Student enrollment as of the fourteenth class day for the university system for the 2007 fall semester totaled approximately 52,468 . As of November 1,2007 , the university system had approximately 5,323 full and part-time faculty members with the academic rank of instructor or above, including those positions with equivalent rank.

Louisiana Revised Statute 17:1519.1 provides for the operation of Louisiana's public hospitals by the LSU Health Sciences Center - Health Care Services Division, under the overall management of the LSU Board of Supervisors. The LSU Health Sciences Center - Health Care Services Division is comprised of seven hospitals throughout the state and a central administrative unit located in Baton Rouge. The state hospitals include Earl K. Long Medical Center in Baton Rouge, University Medical Center in Lafayette, W.O. Moss Regional Medical Center in Lake Charles, Lallie Kemp Regional Medical Center in Independence, WashingtonSt. Tammany Regional Medical Center in Bogalusa, Leonard J. Chabert Medical Center in Houma, and Medical Center of Louisiana at New Orleans.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## A. BASIS OF PRESENTATION

The Governmental Accounting Standards Board (GASB) promulgates accounting principles generally accepted in the United States of America and reporting standards for state and local governments. These principles are found in the Codification of Governmental Accounting and Financial Reporting Standards, published by the GASB.

The discrete component unit foundations, which are the LSU Foundation, the Tiger Athletic Foundation, the Pennington Medical Foundation, the Foundation for the LSU Health Sciences Center, and the University of New Orleans Research and Technology Foundation, follow the provisions of the Financial Accounting Standards Board for not-for-profit organizations.

## B. REPORTING ENTITY

GASB Codification Section 2100 has defined the governmental reporting entity to be the State of Louisiana. The university system is considered a component unit of the State of Louisiana because the state exercises oversight responsibility and has accountability for fiscal matters as follows: (1) a majority of the members of the governing board are appointed by the governor; (2) the state has control and exercises authority over budget matters; (3) state appropriations provide the largest percentage of total revenues; (4) the state issues bonds to finance certain construction; and (5) the university system primarily serves state residents. The accompanying financial statements present information only as to the transactions of the programs of the LSU System.

## Blended Component Units

The LSU School of Medicine in New Orleans Faculty Group Practice (a Louisiana nonprofit corporation doing business as LSU Healthcare Network LSUHN) is considered a blended component unit of the university system and is included in the financial statements. The component unit is included in the reporting entity because of the significance of its operational and financial relationships with the LSU System and the LSU Health Sciences Center in New Orleans. Although LSUHN is legally separate, it is reported as a part of the university system because its purpose is to assist the LSU Health Sciences Center in carrying out its medical, educational, and research functions.

The governing board of LSUHN was established in August 1995 and is comprised of 15 members, seven of whom are appointed by LSU and eight of whom are from the community and not members or employees of the LSU Board of Supervisors. LSUHN began operations in March 1997 providing health care to the general public.

A cooperative endeavor agreement, dated November 1, 2000, documents the relationship between the LSU Health Sciences Center and LSUHN. The
agreement provides for the LSU Health Sciences Center and LSUHN to continue as autonomous organizations with separate but complimentary missions. The agreement establishes a relationship in which the LSU Health Sciences Center will lease certain faculty, staff, and specific office space and equipment to LSUHN as its part of the agreement. LSUHN will reimburse the LSU Health Sciences Center for the use of its employees, facilities, and equipment; provide support to the academic programs; and provide access to a patient base that would not otherwise be available, as its part of the agreement.

To obtain the latest audit report of the LSU Healthcare Network, write to the LSU Healthcare Network, 1340 Poydras Street, Suite 1600, New Orleans, Louisiana 70112.

The Eunice Student Housing Foundation, a nonprofit corporation with an August 31 fiscal year-end, is considered a blended component unit of the university system and is included in the basic financial statements. The component unit is included in the reporting entity because it is fiscally dependent on the LSU System and LSU Eunice. Although the Eunice Student Housing Foundation is a legally separate, not-for-profit organization as outlined in the Internal Revenue Code Section 501(c)(3), it is reported as a part of the university system because its purpose is to assist LSU Eunice in carrying out its educational functions.

The foundation constructed a student apartment complex, known as Bengal Village, on the LSU Eunice campus. Bengal Village consists of 58 units and is managed by Century Development Housing Management, L.P. (Century). The management agreement between the foundation and Century commenced August 1, 2002, and ends July 31, 2017. Thereafter, the agreement shall be automatically renewed for one-year periods unless terminated. All personnel employed in the leasing, management, maintenance, and operation of Bengal Village are employees of Century.

To obtain the latest audit report of the Eunice Student Housing Foundation, write to the Eunice Student Housing Foundation, 2048 Johnson Highway, Eunice, Louisiana 70535.

The Health Care Services Foundation (HCSF) and its subsidiary, Bogalusa Community Medical Center (BCMC), are blended component units of the university system and are included in the financial statements. The component units are included in the reporting entity because they are fiscally dependent on the LSU System and the LSU Health Care Services Division. HCSF is a nonprofit organization, incorporated in the State of Louisiana, that provides support and appropriate services to the Health Care Services Division, including purchasing, leasing, owning, operating, managing, and selling property and services to maximize healthcare capabilities in Louisiana. BCMC is a nonprofit, nonstock corporation, incorporated in Louisiana. On April 25, 2002, HCSF
became the sole member of the BCMC, which leases the hospital's facilities to the Health Care Services Division. Although HCSF and BCMC are legally separate entities, they are reported as a part of the university system because their purposes are to assist the LSU Health Care Services Division in carrying out its medical, educational, and research functions.

To obtain the latest audit report of the HCSF and the BCMC, write to Health Care Services Foundation, Post Office Box 91308, Baton Rouge, Louisiana 708211308.

## Discretely Presented Component Units

The LSU Foundation, the Tiger Athletic Foundation, the Pennington Medical Foundation, the Foundation for the LSU Health Sciences Center, and the University of New Orleans Research and Technology Foundation are included as discretely presented component units of the university system in the system's basic financial statements, in accordance with the criteria outlined in GASB Statement 14, as amended by GASB Statement 39. The foundations are legally separate, tax-exempt organizations supporting the university system. The foundations have been organized to solicit, receive, hold, invest, and transfer funds for the benefit of the university system. In addition, the foundations assist the university in meeting the criteria for accreditation as outlined by the Commission on Colleges for the Southern Association of Colleges and Schools. The university and the LSU Foundation and the Foundation for the LSU Health Sciences Center are also in management agreements related to endowed chairs and professorships. These agreements are in compliance with Board of Regents policy and allow the foundations to manage funds on behalf of the university.

Other external auditors audited the Tiger Athletic Foundation and the Pennington Medical Foundation for the year ended December 31, 2007, and the LSU Foundation, the University of New Orleans Research and Technology Foundation, and the Foundation for the LSU Health Sciences Center for the year ended June 30, 2008.

Each of these foundations is a nonprofit organization that reports under the Financial Accounting Standards Board (FASB) standards, including FASB Statement 117, Financial Statements of Not-for-Profit Organizations. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. With the exception of necessary presentation adjustments, no modifications have been made to the foundations' financial information in the university system's financial report for these differences.

Furthermore, each of these foundations is a legally separate, tax-exempt organization supporting the LSU System. They are included in the university's financial statements because their assets, individually, equaled 3\% or more of the
assets of the university system or the assets had equaled $3 \%$ or more of the assets of the university system in the past three years.

Each discretely presented component unit is described as follows:
The LSU Foundation supports LSU A\&M. During the year ended June 30, 2008, the foundation made distributions to or on behalf of the university for both restricted and unrestricted purposes for $\$ 23,386,045$. Complete financial statements for the foundation can be obtained at 3838 West Lakeshore Drive, Baton Rouge, Louisiana 70808.

The Tiger Athletic Foundation (TAF) supports LSU A\&M. During the year ended December 31, 2007, TAF made distributions to or on behalf of the university for both restricted and unrestricted purposes for $\$ 34,145,272$. Complete financial statements for TAF can be obtained from Post Office Box 711, Baton Rouge, Louisiana 70821, or from the foundation's Web site at www.lsutaf.org.

The Pennington Medical Foundation supports the Pennington Biomedical Research Center. During the year ended December 31, 2006, the foundation made distributions to or on behalf of the university for both restricted and unrestricted purposes for $\$ 3,948,715$. Complete financial statements for the foundation can be obtained from the Chief Financial Officer, 6400 Perkins Road, Baton Rouge, Louisiana 70808.

The Foundation for the LSU Health Sciences Center supports the LSU Health Sciences Center in New Orleans. During the year ended June 30, 2008, the foundation made distributions to or on behalf of the university for both restricted and unrestricted purposes for $\$ 5,989,590$. Complete financial statements for the foundation can be obtained at 450A S . Claiborne Avenue, New Orleans, Louisiana 70112, or from the foundation's Web site at www.foundation.lsuhsc.edu.

The University of New Orleans Research and Technology Foundation supports the University of New Orleans. During the year ended June 30, 2008, the foundation made distributions to or on behalf of the university for either restricted or unrestricted purposes for $\$ 7,338,236$. Complete financial statements for the foundation can be obtained at 2000 Lakeshore Drive, New Orleans, Louisiana 70148.

For fiscal year 2008, the UNO Foundation included in the prior year's report is no longer shown as a discretely presented component unit as it no longer meets the financial criteria of $3 \%$ or more of the assets held by the university system.

The LSU System is a component unit of the State of Louisiana. Annually, the State of Louisiana issues a comprehensive annual financial report, which includes the activity
contained in the accompanying financial statements. These financial statements are audited by the Louisiana Legislative Auditor.

## C. BASIS OF ACCOUNTING

For financial reporting purposes, the university system is considered a special-purpose government engaged only in business-type activities (enterprise fund). Accordingly, the university system's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-campus transactions have been eliminated.

The university system has the option to apply all FASB pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. The university system has elected to not apply FASB pronouncements issued after the applicable date. However, in the current fiscal year, the university system has included five nongovernmental discrete component units that follow FASB 117.

## Discrete Component Units

The foundations follow the provisions of Statement of Financial Accounting Standards (SFAS) No. 117, Financial Statements of Not-for-Profit Organizations, which establishes external financial reporting for not-for-profit organizations, and includes the financial statements and the classifications of resources into three separate classes of net assets as follows:

- Unrestricted - Net assets which are free of donor-imposed restrictions; all revenues, expenses, gains, and losses that are not changes in permanently or temporarily restricted net assets.
- Temporarily Restricted - Net assets whose use by the foundation is limited by donor-imposed stipulations that either expire by passage of time or that can be fulfilled or removed by actions of the foundation pursuant to those stipulations.
- Permanently Restricted - Net assets whose use by the foundation is limited by donor-imposed stipulations that neither expire with the passage of time nor can be fulfilled or otherwise removed by actions of the foundation.

## D. BUDGET PRACTICES

The appropriations made for the General Fund of the LSU System are annual lapsing appropriations established by legislative action and by Title 39 of the Louisiana Revised Statutes. The statute requires that the budget be approved by the Board of Regents for Higher Education and certain legislative and executive agencies of state government.

The Joint Legislative Committee on the Budget grants budget revisions. In compliance with these legal restrictions, budgets are adopted on the accrual basis of accounting, except that (1) depreciation is not recognized; (2) leave costs and other postemployment benefits are treated as budgeted expenditures to the extent that they are expected to be paid; (3) summer school tuition and fees and summer school faculty salaries and related benefits for June are not prorated, but are recognized in the succeeding year; and (4) inventories in the General Fund are recorded as expenditures at the time of purchase.

The original approved budgets and subsequent amendments approved are as follows:
Original approved budget

$$
\$ 1,553,579,735
$$

Increases:

| State General Fund | $41,143,048$ |
| :--- | ---: |
| Self-generated | $5,703,136$ |
| Federal funds | $8,927,417$ |
| Interagency transfers | $30,238,362$ |

Final budget

$$
\$ 1,639,591,698
$$

The other funds of the university system, although subject to internal budgeting, are not required to submit budgets for approval through the legislative budget process.

## E. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash includes cash on hand, demand deposits, and interest-bearing demand deposits. Cash equivalents include amounts in time deposits and money market funds. Under state law, the LSU System may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States.

The university system may invest in certificates of deposit of state banks organized under Louisiana law and national banks having their principal offices in Louisiana. In accordance with Louisiana Revised Statute (R.S.) 49:327, the university system is authorized to invest funds in direct U.S. government obligations, U.S. government agency obligations, mutual funds, direct security repurchase agreements, and time certificates of deposit. In addition, funds derived from gifts and grants, endowments, and reserve funds established in accordance with bond issues may be invested as stipulated by the conditions of the gift instrument or bond indenture. The majority of these investments are U.S. Treasury securities, mutual funds, and investments held by private foundations and are reported at fair value on the balance sheet. Changes in the carrying value of investments, resulting in unrealized gains or losses, are reported as a component of investment income in the Statement of Revenues, Expenses, and Changes in Net Assets.

In accordance with provisions of Article VII, Section 14 of the Louisiana Constitution and R. S. 49:327(C)(3)(b), the university may invest publicly funded permanently endowed funds in the stock of any corporation listed on the New York Stock Exchange, the American Stock Exchange, or authorized for quotations display on the National Association of Securities Dealers Automated Quotations System, provided that the total investment in such stocks at any one time shall not exceed $35 \%$ of the market value of all publicly endowed funds of the university. The university system's investment of endowed chairs and professorships funded by the Board of Regents and maintained by the foundations are authorized by policies and procedures established by the Board of Regents.

## F. INVENTORIES

Inventories are valued at cost or replacement cost, except for livestock at LSU and the LSU Agricultural Center and the inventory of the Dental School of the LSU Health Sciences Center in New Orleans. These inventories are valued at current market prices. The university system uses periodic and perpetual inventory systems and values its various other inventories using the first-in, first-out and weighted-average valuation methods. The university system accounts for its inventories using the consumption method.

## G. NONCURRENT RESTRICTED ASSETS

Cash, investments, receivables, and other assets that are externally restricted for grants, endowments, debt service payments, maintenance of sinking or reserve funds, or to purchase or construct capital assets are classified as noncurrent restricted assets in the Statement of Net Assets.

## H. CAPITAL ASSETS

Capital assets are reported at cost at the date of acquisition or their estimated fair value at the date of donation. For movable property, the university system's capitalization policy includes all items with a unit cost of $\$ 5,000$ or more and an estimated useful life greater than one year. Renovations to buildings, infrastructure, and land improvements that total $\$ 100,000$ or more and significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense is incurred. Depreciation is computed using the straight-line method over the estimated useful life of the assets, generally 40 years for buildings and infrastructure, 20 years for depreciable land improvements, and 3 to 10 years for most movable property. Depreciation expense is charged directly to the various functional categories of operating expenses on the Statement of Revenues, Expenses, and Changes in Net Assets. The LSU System uses the group or composite method for library book depreciation if the books are considered to have a useful life of greater than one year.

Hospitals and medical units within the LSU Health Sciences Centers are subject to federal cost reporting requirements and use capitalization and depreciation policies of the Centers for Medicare and Medicaid Services (CMS) to ensure compliance with federal regulations. These capitalization policies include capitalizing all assets above $\$ 5,000$, depreciable lives greater than 40 years on some assets, and recognizing one-half year of depreciation in the year of acquisition and in the final year of useful life.

## I. DEFERRED REVENUES

Deferred revenues include amounts received for tuition and fees and certain auxiliary activities before the end of the fiscal year that are related to the subsequent accounting period. Deferred revenues also include amounts received from grant and contract sponsors that have not yet been earned.

## J. NONCURRENT LIABILITIES

Noncurrent liabilities include (1) principal amounts of revenue bonds payable, notes payable, and capital lease obligations with contractual maturities greater than one year; (2) estimated amounts for accrued compensated absences and other postemployment benefit liabilities that will not be paid within the next fiscal year; and (3) other liabilities that will not be paid within the next fiscal year.

## K. COMPENSATED ABSENCES

Employees accrue and accumulate annual and sick leave in accordance with state law and administrative regulations. Faculty with 12-month appointments who have over 10 years of state service, non-classified employees with over 10 years of state service, and classified employees regardless of years of state service accumulate leave without limitation. According to the university system leave schedule, faculty with 12 -month appointments who have less than 10 years of state service and non-classified employees with less than 10 years of state service can only accumulate 176 hours of annual leave; sick leave is accumulated without limitation. Effective January 1, 1994, academic and unclassified employees were given the opportunity to elect to remain under the university leave schedule or change to the Louisiana State Civil Service annual leave accrual schedule under which there is no limit on the accumulation of annual leave. Nine-month faculty members accrue sick leave but do not accrue annual leave; however, they are granted faculty leave during holiday periods when students are not in classes. Upon separation of employment, both classified and non-classified personnel or their heirs are compensated for accumulated annual leave not to exceed 300 hours. In addition, academic and unclassified personnel or their heirs are compensated for accumulated sick leave not to exceed 25 days upon retirement or death. Unused annual leave in excess of 300 hours plus unused sick leave are used to compute retirement benefits.

## L. NET ASSETS

The university system's net assets are classified as follows:
(1) Invested in Capital Assets, Net of Related Debt

This represents the university system's total investment in capital assets, net of accumulated depreciation and reduced by outstanding debt obligations related to acquisition, construction, or improvement of those capital assets.
(2) Restricted Net Assets - Expendable

Restricted expendable net assets include resources that the university system is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.
(3) Restricted Net Assets - Nonexpendable

Restricted nonexpendable net assets consist of endowment and similar type funds that donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.
(4) Unrestricted Net Assets

Unrestricted net assets represent resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and certain auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the university system and may be used at the discretion of the governing board to meet current expenses and for any purpose.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the university system's policy is to first apply the expense toward unrestricted resources, and then toward restricted resources.

## M. CLASSIFICATION OF REVENUES

The university has classified its revenues as either operating or nonoperating revenues according to the following criteria:
(a) Operating Revenue - Operating revenue includes activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances; (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances; (3) hospital income; and (4) most federal, state, and local grants and contracts and federal appropriations.
(b) Nonoperating Revenue - Nonoperating revenue includes activities that have the characteristics of nonexchange transactions, such as gifts and contributions, state appropriations, investment income, and grants that do not have the characteristics of exchange transactions.

## N. SCHOLARSHIP DISCOUNTS AND ALLOWANCES

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses, and Changes in Net Assets. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the university and the amount that is paid by students and/or third parties making payments on the student's behalf.

## O. ELIMINATING INTERFUND ACTIVITY

All activities among departments, campuses, and auxiliary units of the LSU System are eliminated for purposes of preparing the Statement of Net Assets and the Statement of Revenues, Expenses, and Changes in Net Assets.

## P. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## Q. ADOPTION OF NEW ACCOUNTING PRINCIPLES

For the year ended June 30, 2008, the LSU System implemented GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Then Pensions; Statement No. 48, Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues; and Statement No. 50, Pension Disclosures, an amendment of GASB Statements No. 25 and No. 27. Statement No. 50 had no impact on reporting for the LSU System.

## 2. CASH AND CASH EQUIVALENTS

At June 30, 2008, the university system has cash and cash equivalents (book balances) of $\$ 540,412,236$ as follows:

| Petty cash | $\$ 1,166,918$ |
| :--- | ---: |
| Demand deposits | $347,987,637$ |
| Certificates of deposit | $134,018,600$ |
| Money market funds | $12,691,714$ |
| Open-end mutual fund | $44,547,367$ |
| Total | $\underline{\$ 540,412,236}$ |

Custodial credit risk is the risk that in the event of a bank failure, the system's deposits may not be recovered. Under state law, the system's deposits must be secured by federal deposit insurance or similar federal security or the pledge of securities owned by the fiscal agent bank. The fair market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the system or the pledging bank by a holding or custodial bank that is mutually acceptable to both parties.

As of June $30,2008, \$ 6,364,794$ of the system's bank balance of $\$ 607,138,348$ was exposed to custodial credit risk as these balances were uninsured and uncollateralized.

Disclosures required for the open-end mutual fund reported above as cash equivalents are included in note 3.

## CASH AND CASH EQUIVALENTS - COMPONENT UNITS

Cash and cash equivalents of the component units totaling $\$ 72,238,361$, as shown on the Statement of Financial Position, are reported under FASB Statement No. 117, Financial Reporting for Not-for-Profit Organizations, which does not require the disclosures of GASB Statement No. 40, Deposit and Investment Risk Disclosures.

The LSU Foundation considers all highly liquid investments with original maturities of three months or less to be cash equivalents. Occasionally, the LSU Foundation has deposits in excess of Federal Deposit Insurance Corporation (FDIC) insured limits. The Foundation's management believes the credit risk associated with these deposits is minimal.

The Tiger Athletic Foundation (TAF) maintains several bank accounts at various financial institutions. Accounts at individual institutions are insured by FDIC up to $\$ 100,000$. TAF's bond agreement requires certain funds to be maintained at the banks to act as the trustees for the bonds. Cash at the institutions exceeded federal insured limits. The amount in excess of the FDIC limit totaled approximately $\$ 41,034,000$ as of December 31, 2007. Restricted cash and cash equivalents are available for the following purposes:

The Pennington Medical Foundation maintains its cash in deposit accounts at a financial institution．The balances are insured by FDIC up to $\$ 100,000$ ．The balances at times may exceed federally insured limits．At December 31，2007，the Pennington Medical Foundation＇s deposits did exceed the insured limit by $\$ 34,168$ ．

The Foundation for the LSU Health Sciences Center maintains its cash accounts in several financial institutions．Accounts are insured by FDIC and insured for greater amounts by agreement with some institutions．Cash restricted for debt service totaled \＄98，505．

## 3．INVESTMENTS

At June 30，2008，the system has investments totaling \＄504，385，951．
The system＇s established investment policy follows state law（R．S．49：327），which authorizes the system to invest funds in direct U．S．Treasury obligations，U．S．government agency obligations， direct security repurchase agreements，reverse direct repurchase agreements，investment grade commercial paper，investment grade corporate notes and bonds，and money market funds．In addition， $35 \%$ of the university＇s publicly funded permanent endowment funds may be invested in common stocks listed on the New York Stock Exchange，the American Stock Exchange，or authorized for quotations on the National Association of Securities Dealers Automated Quotations System．

A summary of the system's investments follows:

|  | Percentage of Investments | Credit <br> Quality <br> Rating* | Fair Value |
| :---: | :---: | :---: | :---: |
| Type of Investment: |  |  |  |
| Repurchase agreements ${ }^{4}$ | 9.89\% |  | \$49,866,568 |

| Total investments | \$134,002,080 | \$161,892,648 | \$153,888,572 | \$16,915,323 | \$9,028,902 |

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits the system's investments by type as described previously. The system does not have policies to further limit credit risk.

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the system will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Of the system's $\$ 504,385,951$ in total investments, $\$ 49,879,065$ of underlying securities are held by counterparties, not in the name of the system. For U.S. Treasury obligations and U.S. government agency obligations, the system's investment policies generally require that issuers must provide the universities with safekeeping receipts, collateral agreements, and custodial agreements.

Concentration of credit risk is the risk of loss attributed to the magnitude of an entity's investment in a single issuer. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. State law as applicable to institutions of higher education does not address interest rate risk. The system has a policy to limit concentration of credit risk with regard to the investment of equities. However, it does not have a policy to limit interest rate risk.

The open-end mutual fund amount of $\$ 44,547,367$, included in cash and cash equivalents, consists of $\$ 8,200,000$ invested in the Federated Investors Government Obligations Fund; \$230,178 invested in Federated Prime Obligations Fund; $\$ 248,679$ invested in Fidelity Treasury Money Market; $\$ 1,620,579$ invested in JPMorgan 100\% U.S. Treasury Money Market Fund; \$314,795 in Dreyfus Cash Management Fund; and $\$ 33,933,136$ invested in JPMorgan U.S. Treasury Plus Money Market Fund. The holdings for the Federated Investors Government Obligations Fund, the Fidelity Treasury Money Market Fund, and the JPMorgan U.S. Government Money Market Fund consist primarily of short-term U.S. Treasury and U.S. government agency securities, including repurchase agreements collateralized fully by U.S. Treasury and government agency securities. The holdings for the Federated Prime Obligations Fund consist primarily of a portfolio of short-term, high quality, fixed income securities issued by banks, corporations, and the U.S. government. These funds all minimize interest rate risk with the purchase of short-term securities.

The investments in mortgage-backed securities are based on flows from payments on the underlying mortgages that contain prepayment options that cause them to be highly sensitive to changes in interest rates. Generally, when interest rates fall, obligees tend to prepay the assets, thus eliminating the stream of interest payments that would have been received under the original amortization schedule. This reduced cash flow diminishes the fair value of the asset-backed investment.

Investments held by private foundations in external investment pools are managed in accordance with the terms outlined in management agreements executed between the university and the foundations. Each university is a voluntary participant. The foundations hold and manage funds received by the university as state matching funds for the Eminent Scholars Endowed Chairs and Endowed Professorship Programs. All of these investments are held by the university's discretely presented component units.

## INVESTMENTS - COMPONENT UNITS

Component units' investments totaling $\$ 636,494,408$, as shown on the Statement of Financial Position, are reported under FASB Statement No. 117, Financial Statements of Not-for-Profit Organizations, which does not require the disclosures of GASB Statement No. 40. The fair value of investments held by the foundations at June 30, 2008, follows:

| Type of Investment | LSU Foundation | Tiger <br> Athletic <br> Foundation* | Pemington Medical Foundation* | Foundation for the LSU Health Sciences Center | UNO Research and Technology Foundation | Total Investments |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |

| Total investments | \$432,763,970 | \$3,631,307 | \$95,202,901 | \$95,792,444 | \$9,103,786 | \$636,494,408 |

[^1]The LSU Foundation is a $50 \%$ investor in the Shaw Center for the Arts, LLC. The investment recorded on the Statement of Financial Position for $\$ 19,366,959$ at June 30, 2008, is accounted for by the equity method. The summarized unaudited financial information of the Shaw Center for the Arts, LLC is as follows:

Total assets

Total liabilities

Net income (loss)
\$38,810,138
$\$ 76,220$
$\underline{(\$ 1,159,353)}$

The LSU Foundation serves as trustee for various charitable remainder trusts for which the Foundation is not the irrevocable beneficiary. The funds are held and administered by a thirdparty financial institution as an agent of the Foundation. The fair market value of the funds held is reported as an asset and corresponding liability in the statements of financial position. As of June 30, 2008, the fair market value of these charitable remainder trusts totaled $\$ 702,435$.

The LSU Foundation is also the irrevocable beneficiary of two split-interest agreements for which the funds are held and administered by third parties. The Foundation's interest in the funds held by the third parties is measured at present value and reported as an asset in the statements of financial position. As of June 30, 2008, the fair market value of the beneficial interests totaled $\$ 512,477$.

The Pennington Medical Foundation's investments are secured by the Securities Investor Protection Corporation (SIPC) for up to $\$ 60$ million through insurance purchased by the investment company. However, the $\$ 60$ million of protection and SIPC do not insure the quality of investments or protect the Foundation against losses from fluctuating market values.

The Foundation for the LSU Health Sciences Center has entered into two charitable gift annuity agreements that provide for the payment of distributions to the grantor or designated beneficiaries over the trust's term. In consideration of the contribution, the Foundation shall pay an annual annuity of $\$ 1,650$ paid in quarterly installments to the donor so long as he/she is living. The Foundation's obligation will terminate upon the donor's death. The present value of the estimated future payments ( $\$ 12,938$ at June 30, 2006) is calculated using a discount rate of $6.0 \%$ and the applicable mortality rates. The Foundation made payments to the donor in the amount of $\$ 1,650$ for the year ended June 30, 2008.

## 4. RECEIVABLES

Receivables, which are scheduled for collection within one year, are shown on Statement A net of an allowance for doubtful accounts as follows:
$\left.\begin{array}{lrrrrr} & & & \begin{array}{c}\text { Doubtful } \\ \text { Accounts }\end{array} & & \begin{array}{c}\text { Net } \\ \text { Receivables }\end{array} \\ & & & & & \\ \text { Receivables }\end{array}\right]$

Accounts receivable and doubtful accounts include $\$ 64,094,021$ for fiscal year 2004 and $\$ 108,813,600$ for fiscal year 2005 uncompensated care cost (disproportionate share) on the "Hospital" line that was earned by HCSD during fiscal years 2004 and 2005. Because of the federal cap and Medicaid State Plan ceiling, it has been determined that this amount is uncollectible and therefore an allowance for doubtful accounts should be established for the full amount included in Accounts Receivable and Doubtful Accounts. These amounts are eliminated on the "Other - UCC" line.

## 5. CAPITAL ASSETS

A summary of changes in capital assets is as follows:

## LSU SYSTEM

## 6. IMPAIRMENT OF CAPITAL ASSETS

In November 2003, the GASB issued Statement No. 42, Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries. It establishes accounting and financial reporting standards for impairment of capital assets. It requires evaluation of prominent events or changes in circumstances to determine whether an impairment loss should be recorded and that any insurance recoveries be netted with the impairment loss.

A capital asset generally should be considered impaired if both (a) the decline in service utility of the capital asset is large in magnitude and (b) the event or change in circumstance is outside the normal life cycle of the capital asset.

Hurricanes Katrina and Rita destroyed several buildings including the largest HCSD hospital (the Medical Center of Louisiana at New Orleans), which management believes cannot be repaired for use as a medical facility. Many of these buildings were old and largely depreciated.

Information about the carrying amount of impaired capital assets idle at year-end is disclosed, regardless of whether the impairment is considered permanent or temporary. The carrying value of impaired movable property assets for fiscal year 2008 is $\$ 517,705$.

## 7. DISAGGREGATION OF ACCOUNTS PAYABLE

Accounts payable at June 30, 2008, were as follows:

| Activity | Amount |
| :--- | ---: |
|  |  |
| Vendors | $\$ 100,392,481$ |
| Salaries and benefits | $80,941,317$ |
| Accrued interest | 239,244 |
| Uncompensated care payable | $244,179,915$ |
| Other payables | $7,013,926$ |
| $\quad$ Total | $\$ 432,766,883$ |

## 8. PENSION PLANS

Plan Description. Substantially all employees of the university system are members of two statewide, public employee retirement systems. Academic and unclassified employees are generally members of the Teachers' Retirement System of Louisiana (TRSL), and classified state employees are members of the Louisiana State Employees' Retirement System (LASERS). Both plans are administered by separate boards of trustees. TRSL is a cost-sharing, multiple-employer defined benefit pension plan and LASERS is considered a single-employer plan because the material portion of its activity is with one employer--the State of Louisiana. TRSL and LASERS provide retirement, disability, and survivors' benefits to plan members and beneficiaries. Benefits granted by the retirement systems are guaranteed by the State of Louisiana by provisions of the Louisiana Constitution of 1974. Generally, all full-time employees are eligible
to participate in the systems, with employee benefits vesting after five years of service for TRSL and 10 years of service for LASERS. Article 10, Section 29 of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions to the state legislature. The systems issue annual publicly available financial reports that include financial statements and required supplementary information for the systems. The reports may be obtained by writing to the Teachers' Retirement System of Louisiana, Post Office Box 94123, Baton Rouge, Louisiana 70804-9123, or by calling (225) 925-6446, and/or the Louisiana State Employees' Retirement System, Post Office Box 44213, Baton Rouge, Louisiana 70804-4213, or by calling (225) 922-0600.

Funding Policy. The contribution requirements of employee plan members and the university system are established and may be amended by the state legislature. The legislature annually sets the required employer contribution rate equal to the actuarially required employer contribution as set forth in R.S. 11:102. Employees contribute 8\% (TRSL) and 7.5\% (LASERS) of covered salaries. Act 75 of the 2005 Regular Legislative Session now requires that employees hired on or after July 1, 2006, must contribute $8 \%$ of covered salaries to LASERS. In fiscal year 2008, the state contributed $16.6 \%$ of covered salaries to TRSL and 20.4\% of covered salaries to LASERS. The employer contribution is funded by the State of Louisiana through the annual appropriation to the university system. The employer contributions to TRSL for the years ended June $30,2008,2007$, and 2006, were $\$ 38,961,184 ; \$ 33,574,093$; and $\$ 32,228,751$, respectively, and to LASERS for the years ended June 30,2008 , 2007, and 2006, were $\$ 101,162,799$; $\$ 82,094,484$; and $\$ 80,129,472$, respectively, equal to the required contributions for each year.

## Optional Retirement System

R.S. 11:921 created an optional retirement plan for academic and administrative employees of public institutions of higher education. This program was designed to aid universities in recruiting employees who may not be expected to remain in TRSL for five or more years. The purpose of the optional retirement plan is to provide retirement and death benefits to the participants while affording the maximum portability of these benefits to the participants.

The optional retirement plan is a defined contribution plan that provides for full and immediate vesting of all contributions remitted to the participating companies on behalf of the participants. Eligible employees make an irrevocable election to participate in the optional retirement plan rather than the TRSL and purchase retirement and death benefits through contracts provided by designated companies.

Total contributions by the university system are $16.6 \%$ of the covered payroll. The participant's contribution ( $8.0 \%$ ), less any monthly fee required to cover the cost of administration and maintenance of the optional retirement plan, is remitted to the designated company or companies. Upon receipt of the employer's contribution, the TRSL pays over to the appropriate company or companies, on behalf of the participant, an amount equal to the employer's portion of the normal cost contribution as determined annually by the actuarial committee. The TRSL retains the balance of the employer contribution for application to the unfunded accrued liability of the system. Benefits payable to participants are not the obligations of the State of Louisiana or the TRSL. Such benefits and other rights of the optional retirement plan are the liability and
responsibility solely of the designated company or companies to whom contributions have been made. Employer and employee contributions to the optional retirement plan totaled $\$ 60,628,933$ and $\$ 29,234,836$, respectively, for the year ended June 30, 2008.

## 9. POSTEMPLOYMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

The LSU System (System) provides certain continuing health care and life insurance benefits for its retired employees. Substantially all of the System's employees become eligible for these benefits if they reach normal retirement age while working for the System.

The System offers its employees the opportunity to participate in one of two medical coverage plans. One plan is from the State Office of Group Benefits (OGB) which also offers a life insurance plan, and the other plan is with the LSU System Health Plan. GASB Statement No. 45 promulgates the accounting and financial reporting requirement by employers that offer other postemployment benefits (OPEB) besides pensions. Both of the medical coverage plans and the life insurance plan available would be subject to the provisions of this Statement. GASB Statement No. 45 is being implemented prospectively such that there is zero net OPEB obligation at transition. Information about each of these two plans is presented below.

## Plan Descriptions

## LSU System Health Plan

The System offers eligible employees, retirees, and their beneficiaries the opportunity to participate in comprehensive health and preventive care coverage under its Health Plan that gives members a unique, consumer-driven health-care approach to pay routine health expenses and provides coverage for major healthcare expenses. Within the Health Plan, members have a choice of selecting Option 1 or Option 2. Option 1, shown in the schedule of total monthly premium rates on page 62, is more costly, but features both lower yearly deductibles and out-ofnetwork coinsurance requirements.

Employees in a limited number of other state agencies may also participate but that participation is not material and, as such, the plan is identified as a single-employer defined benefit healthcare plan that is not administered as a trust or equivalent arrangement.

The System selects claim and pharmaceutical administrators to administer its program. Both claim and pharmacy administrators are selected through a formal Request for Proposals process followed by negotiations between the System and qualified vendors.

The LSU System Health Plan (formerly Definity Health Plan) originally began as a pilot program within OGB, the office that provides health benefits to state employees pursuant to the provisions of R.S. 42:851. The Health Plan does not issue a publicly available financial report, but required disclosures are included in the System's audited financial report.

## State OGB Plan

System employees may also participate in the state's other OPEB Plan, an agent multipleemployer defined benefit OPEB Plan that provides medical and life insurance to eligible active employees, retirees, and their beneficiaries. OGB administers the plan. R.S. 42:801-883 provides the authority to establish and amend benefit provisions of the plan. OGB does not issue a publicly available financial report of the OPEB Plan; however, it is included in the Louisiana Comprehensive Annual Financial Report (CAFR). You may obtain a copy of the CAFR on the Office of Statewide Reporting and Accounting Policy's Web site at www.doa.la.gov/osrap.

## Funding Policy

## LSU System Health Plan

While actuarially determined, the plan rates must be approved by OGB under R.S. 42:851(B). Plan rates are in effect for one year and members have the opportunity to switch providers during the open enrollment period which usually occurs in April.

The plan is financed on a pay-as-you-go basis. The pay-as-you-go expense is the net expected cost of providing retiree benefits. This expense includes all expected claims and related expenses and is offset by retiree contributions.

## State OGB Plan

The contribution requirements of plan members and the System are established and may be amended by R.S. 42:801-883. Employees do not contribute to their postemployment benefits cost until they become retirees and begin receiving those benefits. The retirees contribute to the cost of retiree healthcare based on a service schedule. Contribution amounts vary depending on what healthcare provider is selected from the plan and if the member has Medicare coverage. OGB offers three standard plans for both active and retired employees: the Preferred Provider Organization (PPO) Plan, the Exclusive Provider Organization (EPO) Plan, and the Health Maintenance Organization (HMO) Plan. Retired employees who have Medicare Part A and Part B coverage also have access to six OGB Medicare Advantage plans: three HMO plans and three private fee-for-service (PFFS) plans.

OGB also provides eligible retirees Basic Term Life, Basic Plus Supplemental Term Life, Dependent Term Life and Employee Accidental Death and Dismemberment coverage, which is underwritten by The Prudential Insurance Company of America. The total premium is approximately $\$ 1$ per thousand dollars of coverage of which the employer pays one-half of the premium. Maximum coverage is capped at $\$ 50,000$ with a reduction formula of $25 \%$ at age 65 and $50 \%$ at age 70, with accidental death and dismemberment coverage ceasing at age 70 for retirees.

Employees hired before January 1, 2002, pay approximately $25 \%$ of cost of medical coverage (except single retirees under age 65 pay approximately $25 \%$ of the active employee cost). For
both plans, employees hired on or after January 1, 2002, pay a percentage of the total contribution rate based on the following schedule:

| Service | Contribution <br> Percentage |
| :--- | :---: |
| Under 10 years | $81 \%$ |
| $10-14$ years | $62 \%$ |
| $15-1$ years | $44 \%$ |
| $20+$ years | $25 \%$ |

Shown below are the total monthly premium rates in effect for plan year 2007-08.

## Life Insurance Premiums

Retiree pays 50 cents for each $\$ 1,000$ of life insurance.
Retiree pays 88 cents for each $\$ 1,000$ of spouse life insurance.

## Annual OPEB Cost and Net OPEB Obligation

The following table shows the components of the each plan's annual OPEB cost for the year ending June 30, 2008, the amount actually contributed to the plan, and changes in the plan's net OPEB obligation to the retiree health plan.

Annual required contribution annual OPEB cost (expense)
Employer contributions Increase in net OPEB obligation Net OPEB obligation - beginning of year Net OPEB obligation - end of year

Percentage of OPEB cost contributed

| LSU System Health Plan | State OGB Plan |

## Funded Status and Funding Progress

The funded status of the plan as of July 1, 2007, was as follows:

|  | LSU System <br> Health Plan |  | State OGB Plan |
| :--- | ---: | ---: | ---: |

## Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Furthermore, actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The schedule of funding progress presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

A summary of the actuarial assumptions are presented as follows:

|  | LSU System Health Plan | State OGB Plan |
| :---: | :---: | :---: |
| Actuarial valuation date | July 1, 2007 | July 1, 2007 |
| Actuarial cost method | Projected Unit Credit | Projected Unit Credit |
| Amortization method | Level percentage of payroll | Level percentage of payroll |
| Amortization period | 30 years | 30 years |
| Asset valuation method | None | None |
| Actuarial assumptions: |  |  |
| Investment rate of return | 5\% annual rate | 4\% annual rate |
| Projected salary increases | 4\% per annum | 5\% per annum |
| Healthcare inflation rate | 11.0\% initial | $9.5 \%-10.6 \%$ initial |

## 10. CONTINGENT LIABILITIES, RISK MANAGEMENT, AND CLAIMS LIABILITY

Losses arising from judgments, claims, and similar contingencies are paid by either private insurance companies or through the state's self-insurance fund operated by the Office of Risk Management, the agency responsible for the state's risk management program, or by General Fund appropriation. The university system is involved in eight lawsuits that are handled by contract attomeys at June 30,2008 . The attorneys have estimated a possible liability of $\$ 2,831,250$ relating to two of the lawsuits. All other lawsuits are handled by either the Office of Risk Management or the Attorney General's Office.

In addition, the university is exposed to various risks of losses related to the self-insured and self-funded LSU System Health Plan (formerly Definity Health Plan), which provides health insurance benefits to active and retired university employees and which began as a pilot program for the fiscal year ended June 30, 2003. Claim expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. According to the requirements of GASB Statement No. 10, as amended by Statements 17 and 30, total claims expenditures were $\$ 82,990,970$. Changes in the reported liability since June 30 , 2005, resulted from the following:

|  | Beginning of Fiscal Year Liability | Claims and Changes in Estimates | Claim <br> Payments | Recoveries From Settled and Unsettled Claims | Balance <br> at Fiscal <br> Year-End |
| :---: | :---: | :---: | :---: | :---: | :---: |
| 2005-06 | \$7,932,847 | \$60,932,795 | \$57,626,031 | \$2,539,611 | \$8,700,000 |
| 2006-07 | 8,700,000 | 81,369,101 | 75,473,574 | 4,295,527 | 10,300,000 |
| 2007-08 | 10,300,000 | 86,236,899 | 82,990,970 | 6,264,929 | 7,281,000 |

## CONTINGENCIES - COMPONENT UNITS

The city property tax assessor has assessed the UNO Research and Technology Foundation with real estate property taxes, interest, and penalties for certain buildings owned by the foundation in the total amount of $\$ 4,746,877$ as of August 2004. The UNO Research and Technology Foundation believes that it is entitled to property tax exemptions under present law and jurisprudence because of its nonprofit status and because of the use of these buildings to further the nonprofit goals of the foundation. The foundation is engaged in ongoing discussions with the assessor. The foundation has begun litigation proceedings regarding this matter. Although the foundation believes that it has adequate defenses against the assessment, if not successful, the assessment, interest, and penalties may have a significant impact on the financial condition of the foundation. The foundation's counsel is unable to predict the eventual outcome of this matter or the potential loss contingencies, if any, to which the foundation may be subject. However, to begin litigation, the foundation has paid $\$ 98,025$ in protest of the property tax assessment.

## 11. COMPENSATED ABSENCES

At June 30, 2008, employees of the university have accumulated and vested annual, sick, and compensatory leave benefits of $\$ 95,254,331 ; \$ 27,914,580$; and $\$ 8,290,940$, respectively, which were computed in accordance with GASB Codification Section C60. The leave payable is recorded in the accompanying financial statements.

## 12. OPERATING LEASES

For the year ended June $\mathbf{3 0}, \mathbf{2 0 0 8}$, the total rental expenses for all operating leases, except those with terms of a month or less that were not renewed, is $\$ 13,434,087$. The following is a schedule by years of future minimum annual rental payments required under operating leases that have initial or noncancelable lease terms in excess of one year as of June 30, 2008:

The lease agreements have non-appropriation exculpatory clauses that allow lease cancellation if the legislature does not make an appropriation for its continuation during any future fiscal period.

# OPERATING LEASES - COMPONENT UNITS 

## Property, Facility and Equipment Lease Agreements UNO Research and Technology Foundation

UNO/Avondale Maritime Technology Center for Excellence - On May 16, 1997, the UNO Research and Technology Foundation and Avondale Industries, Inc., entered into a sub-lease agreement that provides for Avondale Industries, Inc., to lease from the Foundation, the land located in Jefferson Parish together with the facilities to be constructed on the land, the facility equipment and the right of uninterrupted access to and from all streets and roads adjoining the land.

The terms of the sub-lease agreement during the first 12 years (1997-2008) provides for Avondale Industries, Inc., to pay as rental the sum of $\$ 100,000$ per year by September 1 of each year provided that the state has made the annual appropriation provided for in the Cooperative Endeavor Agreement (note 25). Beginning September 1, 2009, and for each year thereafter during the term of the sub-lease, rent for $\$ 100,000$ is due and payable by September 1 of each year without regard to the state appropriation.

Naval Reserve Information System Office - On January 15, 1998, April 14, 1999, and July 3, 2000, the UNO Research and Technology Foundation entered into a sub-lease agreement and amended lease modifications, respectively, with the United States of America (the government) to lease from the Foundation, approximately 300,000 square feet of administrative space, 700 hard surface parking spaces, and 15.71 acres of land located at the UNO Research and Technology Park. The terms of the facility lease agreement provide that the government will have and hold the noted facility for the term beginning on the date of completion of the facility for an initial 10-year term with 15 individual one-year renewal terms with the annual rent for the premises and maintenance services of $\$ 1$ and $\$ 2,253,360$, respectively.

## Pennington Medical Foundation

The Pennington Medical Foundation leases the Basic Science Building to the Pennington Biomedical Research Center under an operating lease which expires in 2036 or when the related debt for the building is paid in full. The lease requires an annual payment of $\$ 100$ and monthly payments of $\$ 8,213$.

## 13. LESSOR LEASES

The System's leasing operations consist primarily of leasing property for the purposes of providing food services to students; bookstore operations; land for fraternity and sorority houses and parking spaces to foundations; office space for postal services, banking services, and university affiliated organizations; space on rooftops for communication towers; and mineral leases.

The following schedule provides an analysis of the cost and carrying amount of the university system's investment in property on operating leases and property held for lease as of June 30, 2008:

| Nature of Lease | Cost | Accumulated Depreciation | Carrying Amount |
| :---: | :---: | :---: | :---: |
| Office space | \$13,082,123 | (\$6,682,715) | \$6,399,408 |
| Land | 6,324,221 |  | 6,324,221 |
| Total | \$19,406,344 | (\$6,682,715) | \$12,723,629 |

The following is a schedule by years of minimum future rentals on noncancelable operating leases as of June 30, 2008:

| Fiscal Year Ending June 30. | Nature of Lease |  |  |  |
| :---: | :---: | :---: | :---: | :---: |
|  | Office Space | Land | Other | Total |
| 2009 | \$1,697,206 | \$285,931 | \$231,525 | \$2,214,662 |
| 2010 | 1,423,370 | 220,681 | 223,706 | 1,867,757 |
| 2011 | 247,163 | 270,267 | 198,759 | 716,189 |
| 2012 | 222,615 | 294,794 | 199,540 | 716,949 |
| 2013 | 116,300 | 294,786 | 154,593 | 565,679 |
| 2014-2018 | 530,000 | 1,480,714 | 181,185 | 2,191,899 |
| 2019-2023 | 530,000 | 1,519,744 |  | 2,049,744 |
| 2024-2028 |  | 868,315 |  | 868,315 |
| 2029-2033 |  | 812,710 |  | 812,710 |
| 2034-2038 |  | 812,710 |  | 812,710 |
| 2039-2043 |  | 812,710 |  | 812,710 |
| 2044-2048 |  | 809,343 |  | 809,343 |
| 2049-2053 |  | 803,720 |  | 803,720 |
| 2054-2058 |  | 647,986 |  | 647,986 |
| 2059-2063 |  | 32,350 |  | 32,350 |
| 2064-2068 |  | 32,350 |  | 32,350 |
| 2069-2073 |  | 32,320 |  | 32,320 |
| 2074-2078 |  | 32,300 |  | 32,300 |
| 2079-2083 |  | 32,300 |  | 32,300 |
| 2084-2088 |  | 32,300 |  | 32,300 |
| 2089-2093 |  | 9,310 |  | 9,310 |
| Total | \$4,766,654 | \$10,137,641 | \$1,189,308 | \$16,093,603 |

Minimum future rentals do not include contingent rentals, which may be received as stipulated in the lease contracts. These contingent rental payments occur as a result of sales volume, customer usage of services provided, or the drilling operations on mineral leases. Contingent rentals amounted to $\$ 1,190,316$ for the year ended June 30, 2008.

## 14. LONG-TERM LIABILITIES

The following is a summary of bond and other long-term debt transactions of the university for the year ended June 30, 2008:

University

|  | $\begin{gathered} \text { Restated } \\ \text { Balance } \\ \text { June 30, } 2007 \\ \hline \end{gathered}$ | Additions | Reductions | $\begin{gathered} \text { Balance } \\ \text { June } 30,2008 \end{gathered}$ | Amounts Due Within One Year |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Notes and bonds payable: |  |  |  |  |  |
| Notes payable | \$33,009,487 | \$10,513,639 | \$20,445,769 | \$23,077,357 | \$7,011,236 |

| Subtotal | 94,913,537 | 9,324,092 | 200,316 | 104,037,313 | 10,737,697 |
| Total long-term liabilities | \$335,787,510 | \$9,409,043 | \$5,776,705 | \$339,419,848 | \$16,111,606 |

## Notes Payable

The university has entered into a number of installment purchase agreements for the purchase of computer equipment, copiers, vehicles, et cetera. These agreements require scheduled payments either on a monthly, semiannual, or annual basis and have interest rates ranging from $1.78 \%$ to $6.50 \%$. The following is a summary of installment notes payable by the university for the year ended June 30, 2008:

Balance at June 30, 2007, restated
\$33,009,487
Installment purchases in 2007-2008
10,513,639
Installment payments in 2007-2008
$(20,445,769)$
Installment notes payable at June 30, 2008
\$23,077,357

The following is a summary of future minimum installment payments as of June 30, 2008:

| Fiscal Year Ending June 30: |  |
| :--- | ---: |
| 2009 | $\$ 7,770,369$ |
| 2010 | $7,105,621$ |
| 2011 | $4,814,539$ |
| 2012 | $2,859,343$ |
| 2013 | $1,024,068$ |
| $2014-2018$ | $1,200,794$ |
| $2019-2023$ | 403,771 |
| Totinimum installment payments | $25,178,505$ |
| Less - amount representing interest | $(2,101,148)$ |
|  |  |
| $\quad$ Total | $\$ 23,077,357$ |

The majority of the installment purchase agreements have non-appropriation exculpatory clauses that allow for lease cancellation if the Louisiana Legislature does not make an appropriation for its continuation during any future fiscal period.

## NOTES PAYABLE - COMPONENT UNITS

The component units have entered into a number of notes payable agreements for various purposes. These agreements require scheduled payments either on a monthly, semiannual, or annual basis with interest rates ranging from zero to $8.25 \%$. The following is a summary of notes payable by component unit as of June 30, 2008:

| Component Unit | Principal Outstanding June 30, 2007 | Issued | Redeemed | Principal Outstanding June 30, 2008 |
| :---: | :---: | :---: | :---: | :---: |
| Tiger Athletic Foundation* | \$1,736,336 |  |  | \$1,736,336 |
| UNO Research and Technology Foundation | 7,482,537 | \$84,951 | $(\$ 166,389)$ | 7,401,099 |
| Pennington Medical Foundation* | 1,640,100 |  | $(790,000)$ | 850,100 |
| Total | \$10,858,973 | \$84,951 | $(\$ 956,389)$ | \$9,987,535 |

*For the year ended December 31, 2007
The unamortized discount relative to the note payable for the UNO Research and Technology Foundation totaled $\$ 369,445$ at June 30,2008 , which is reported by the foundation as a reduction of the note payable.

The following is a summary of future minimum installment payments, net of unamortized discount for the component units as of June 30, 2008:

Fiscal Year Ending June 30:

2009

## Line of Credit

In December 2007, the LSU Foundation entered into an agreement with a financial institution for an unsecured $\$ 10,000,000$ revolving line of credit of which $\$ 3,918,700$ was unused as of June 30, 2008. Interest payments are required annually. Any unpaid principal and accrued interest is due on June 20, 2010. The line of credit has a variable interest rate determined at the per annum LIBOR for United States Dollars established by the British Bankers Association for interest periods of thirty days plus $0.63 \%$. The interest rate as of June 30,2008 was $3.09 \%$. Total interest expense incurred on the line of credit for the year ended June 30, 2008, was $\$ 125,966$. As of June 30,2008 , the outstanding balance of $\$ 6,081,300$ is included as other noncurrent liabilities on Statement B.

On January 26, 2006, the Tiger Athletic Foundation established a $\$ 6,500,000$ line of credit with Capital One for the purpose of financing additional construction costs associated with the West Side stadium expansion above what was originally budgeted. The line of credit is secured by a pledge of all existing and future cash, current and future pledges and proceeds thereof in the Capital Programs Donor Restricted Fund and the University Club Reserve Account; accordingly, the cash and pledges in these funds must equal $100 \%$ of the commitment amount on the proposed facility at all times. The line of credit bears interest at 30-day LIBOR plus 110 basis points and expires in March 2008; however, the foundation has the intent to extend the line of credit until June 2008. As of December 31, 2007, there was no outstanding balance associated with this line of credit.

The Foundation for the LSU Health Sciences Center has a line of credit from a bank, totaling $\$ 2,600,000$, at an interest rate calculated by adding $1.5 \%$ to the LIBOR rate as published. No advances were made during the year and no outstanding balance exists on the line of credit as of June 30, 2008.

The Pennington Medical Foundation has an uninsured $\$ 2,500,000$ line of credit due on demand of which $\$ 850,100$ was drawn as of December 31,2007 . The variable interest rate was $5.89 \%$ as of December 31, 2007.
$\left[\begin{array}{l}\text { Bonds and Contracts Payable - System }\end{array}\right.$
Detailed summaries, by issues, of all bond and reimbursement contract debt outstanding at June 30, 2008, including future interest payments of $\$ 226,756,637$ for LSU; $\$ 24,465,396$ for the LSU Health Sciences Center in New Orleans; $\$ 13,813,131$ for the University of New Orleans; $\$ 3,620,801$ for LSU at Alexandria; and $\$ 9,406,544$ for LSU at Eunice follow:

＊As of December 31， 2007
In March 2004，the Tiger Athletic Foundation issued Revenue Bonds Series 2004 for a principal amount of $\$ 90,000,000$ ．The bonds are secured by the pledged revenues on a parity with the Series 1999 and 2001 bonds．The proceeds of the loan are being used to finance or reimburse a portion of the costs of the acquisition and construction of certain improvements and renovations to Tiger Stadium and a football operations center at LSU，including funding the interest and costs associated with the project．On March 15，2007，an amendment was made to the original loan agreement which waived the principal due on September 1，2007，and extended the payment schedule an additional year，through 2034，with the intent that the 2007 principal payment will be paid on September 1， 2034.

The Foundation for the LSU Health Sciences Center financed the renovation of a building（2000 Tulane Avenue）purchased on May 15，2003，with bond proceeds of $\$ 2,035,000$ over a 20 －year period through the LPFA Capital Facilities Pool Program．The bond issue is supported by a bank letter of credit．The foundation＇s ability to service this debt will be based on its ability to raise funds and earn other revenue from lease payments from the occupants．The building was heavily damaged by Hurricane Katrina on August 29，2005．The roof has been replaced and the building has been gutted．It remains unoccupied and the foundation has not yet determined when it will be renovated．The foundation has budgeted future reductions in certain expenditures and foundation management believes it will be able to meet this obligation even with the loss of the rental income from the building．

| Total Bonds Payable | \$4,620,000 | \$225,395,000 |  |  | \$78,085,253 |

The unamortized bond issuance costs for the Foundation for the LSU Health Sciences Center totals $\$ 25,454$ at June 30,2008 ，which is reported by the foundation as a reduction of the bonds payable．The bond proceeds were used to finance the renovation of the new building．Bond proceeds available at June 30，2008，are held by the trustee in restricted cash accounts． Restricted cash at June 30，2008，totaled $\$ 98,505$ ．Principal payments of $\$ 75,000$ were made on the bond in the year ended June 30，2008．Interest was paid on the bonds for $\$ 64,211$ for the fiscal year ended June 30， 2008.

The Pennington Medical Foundation paid its 2001 and 2005 Series bonds in full with the proceeds from its 2006 Series bonds of $\$ 45,175,000$ and a line of credit．The bonds were issued with a premium of $\$ 1,257,183$ and a fixed interest rate of $4.92 \%$ ．The bonds are secured by a security interest in the foundation＇s assets．The unamortized bond issuance costs are reported as other assets on Statement B and are being amortized over the life of the bond．The bond issuance cost amortized in fiscal year 2008 was $\$ 20,949$ ．Unamortized bond premium is included in bonds payable on Statement B and is being amortized over the life of the bond．The bond premium amortized this fiscal year was $\$ 41,907$ ．

On August 8，2006，the LPFA issued $\$ 38,500,000$ of LPFA Revenue Bonds（Series 2006）to the UNO Research and Technology Foundation．The proceeds of the bonds are being used for the financing，planning，design，construction，furnishing and equipping of resident facilities for use by UNO，including all equipment，furnishings，fixtures and facilities incidental or necessary in connection therewith．The proceeds were also used to pay the costs associated with the issuance of the bonds．The bond agreement provides for interest on the outstanding bonds at rates ranging from $3.75 \%$ to $5.25 \%$ per annum．Bond funds totaling $\$ 4,934,861$ have been deposited with the bond trustee at June 30，2008．The bonds were issued at a premium，which totaled $\$ 1,423,848$ at the bond issuance date．The premium will be amortized over the life of the bonds．The total amount of the premium amortized during the year ended June 30,2008 ，totaled $\$ 46,681$ ．

Bonds payable are reported net of unamortized bond premiums on the UNO Research and Technology Foundation LPFA Revenue Bonds and the Pennington Medical Foundation Series 2006 Bonds（ $\$ 1,353,761$ and $\$ 1,173,370$ ，respectively），and unamortized bond issuance costs on the Foundation for the LSU Health Sciences Center Series 2002A Bonds $(\$ 25,454)$ ．Bonds payable totaling $\$ 227,896,677$ for all discrete component units are reflected on Statement B．

The annual requirements to amortize all university bonds outstanding at June 30，2008，are presented in the following schedule．The schedule uses rates as of June 30，2008，for debt service requirements of the variable－rate bonds and interest rate swap payments，assuming current interest rates remain the same for their term．As rates vary，variable－rate bond interest payments and net swap payments will vary．

| Bond Issue | Cash/ <br> Investment <br> Reserves <br> Available | Reserve Requirement | Excess |
| :---: | :---: | :---: | :---: |
| Auxiliary Plant - LSU at Alexandria | \$314,795 | \$313,050 | \$1,745 |
| Total | \$314,795 | \$313,050 | \$1,745 |
| Educational Plant: |  |  |  |
| LSU Health Sciences Center New Orleans | \$1,176,841 | \$1,176,841 |  |
| LSU Health Sciences Center Health Care Services Division | 4,322,368 | 4,322,368 |  |
| Total | \$5,499,209 | \$5,499,209 | NONE |

As permitted by the Bond Resolution for the Auxiliary Bonds of 2008, LSU obtained a municipal bond debt service reserve fund policy as a substitute for the reserve requirement for the bonds. The municipal bond debt service reserve fund policy meets the definition as a "Reserve Fund Investment" and guarantees payment of an amount not to exceed $\$ 3,955,306$ to fund the Reserve Requirement.

As permitted by the Bond Resolution for the Auxiliary Bonds of 2007, LSU obtained a municipal bond debt service reserve fund policy as a substitute for the reserve requirement for the bonds. The municipal bond debt service reserve fund policy meets the definition as a "Reserve Fund Investment" and guarantees payment of an amount not to exceed $\$ 4,590,705$ to fund the Reserve Requirement.

As permitted by the Bond Resolution for the Auxiliary Revenue Bonds of 2006, LSU obtained a municipal bond debt service reserve fund policy as a substitute for the reserve requirement for the bonds. The municipal bond debt service reserve fund policy meets the definition as a "Reserve Fund Investment" and guarantees payment of an amount not to exceed $\$ 6,825,940$ to fund the Reserve Requirement.

As permitted by the Bond Resolution for the Auxiliary Revenue Bonds of 2005, Series A and B, LSU obtained a surety bond issued by an insurance company as a substitute for the reserve requirement for the bonds. The surety bond meets the definition as a "Reserve Fund Investment" and guarantees payment of principal and interest on the bonds when they are due in the event of nonpayment.

As permitted by the Bond Resolution for the Revenue Bonds of 2004, Series B, the University of New Orleans obtained a Municipal Bond Debt Service Reserve Fund Policy issued by an insurance company as a substitute for the reserve requirement for the bonds. The insurance
policy meets the definition as a "Reserve Fund Investment" and guarantees payment of principal and interest on the bonds when they are due in the event of nonpayment.

As permitted by the Bond Resolution for the Revenue Bonds of 2004, Series A, the University of New Orleans obtained a Municipal Bond Debt Service Reserve Fund Policy issued by an insurance company as a substitute for the reserve requirement for the bonds. The insurance policy meets the definition as a "Reserve Fund Investment" and guarantees payment of principal and interest on the bonds when they are due in the event of nonpayment.

As permitted by the Bond Resolution for the Auxiliary Revenue Refunding Bonds, Series 2004, LSU obtained a surety bond issued by an insurance company as a substitute for the reserve requirement for the bonds. The surety bond meets the definition as a "Reserve Fund Investment" and guarantees payment of principal and interest on the bonds when they are due in the event of nonpayment.

As permitted by the Bond Resolution for the Auxiliary Revenue Bonds, Series 2002, the university system obtained an irrevocable letter of credit issued by a bank as a substitute for the reserve requirement for the bonds. The letter of credit meets the definition as a "Reserve Fund Investment" and guarantees payment of an amount not to exceed $\$ 11,833,502$ in the aggregate for the payment of principal and interest.

As permitted by the Bond Resolution for the Revenue Bonds, Series 2000, the LSU Health Sciences Center obtained a surety bond issued by an insurance company as a substitute for the reserve requirement for the bonds. The surety bond meets the definition as a "Reserve Fund Investment" and guarantees payment of an amount not to exceed $\$ 1,176,841$ to fund the reserve requirement.

As permitted by the Bond Resolution for the Revenue and Refunding Bonds, (UNO Wellness Center Project) Series 1998, the university system obtained a surety bond issued by an insurance company as a substitute for the reserve requirement for the bonds. The surety bond meets the definition as a "Reserve Fund Investment" and guarantees payment of an amount not to exceed $\$ 1,041,250$ to fund the reserve requirement.

As permitted by the Bond Resolution for the Auxiliary Revenue Bonds, Series 1998 (LSU at Eunice Project), the university system obtained a surety bond issued by an insurance company as a substitute for the reserve requirement for the bonds. The surety bond meets the definition as a "Reserve Fund Investment" and guarantees payment of an amount not to exceed \$134,750 to fund the reserve requirement.

## Capital Leases

The university system records items under capital leases as assets and obligations in the accompanying financial statements. Assets under capital lease are included as capital assets in note 5. The following is a schedule of future minimum lease payments under capital leases, together with the present value of minimum lease payments at June 30, 2008:

Fiscal Year Ending June 30:

| 2009 | $\$ 7,778,166$ |
| :--- | ---: |
| 2010 | $7,406,501$ |
| 2011 | $7,318,375$ |
| 2012 | $7,188,001$ |
| 2013 | $7,211,370$ |
| $2014-2018$ | $39,149,059$ |
| $2019-2023$ | $34,906,931$ |
| $2024-2028$ | $19,095,712$ |
| $2029-2033$ | $15,602,187$ |
| 2034-2038 | $\underline{12,480,500}$ |
| $\quad$ Total minimum lease payments | $158,136,802$ |
| Less - amount representing interest | $\underline{(65,036,674)}$ |
| Present value of net minimum lease payments |  |
|  | $\underline{\$ 93,100,128}$ |

## 15. CURRENT REFUNDING OF BONDS

On June 27, 2008, LSU issued \$52,815,000 of nontaxable auxiliary revenue bonds, Series 2008. The purpose of this borrowing was to currently refund all balances remaining outstanding on the Series 2000 and 2005B auxiliary revenue bonds and the loan agreement dated October 1, 1988, with the Louisiana Public Facilities Authority (LPFA). The LPFA loan was paid on the closing date of the Series 2008 bonds, and the remaining proceeds were held in a refunded bond account at the trustee bank, the Bank of New York Mellon, until the Series 2000 and 2005B bonds were called on July 1, 2008. Upon the deposit of the proceeds in the refunded bond account, the Series 2000 and 2005B bonds were deemed to be paid and the liability for those bonds was removed from the Statement of Net Assets.

The university completed the current refunding to reduce its estimated total debt service costs. The refunded debt had variable interest rates, and the Series 2008 bonds were issued at fixed rates of $2 \%-5 \%$ with an all-in fixed rate of $4.8 \%$. The refunded debt was originally scheduled to be amortized at between $2 \%-3.5 \%$; however, the actual interest rates paid by the university during the latter half of fiscal year 2008 were much higher and were expected to increase further due to market conditions and the recent downgrade of two of its bond insurers. Assuming an interest rate of $6 \%$ on the variable rate debt, the current refunding will reduce the university's estimated total debt service payments over the next 26 years by $\$ 9.3$ million and will result in an economic gain (difference between the present values of the old and new debt service payments) of $\$ 6.3$ million.

LSU terminated its only interest rate swap agreement with Deutsche Bank when the 2005B bonds were refunded. The university had entered into the agreement when the 2005B bonds were issued to reduce the impact of changes in interest rates on the variable rate bonds.

## 16. DUE FROM STATE TREASURY

As shown on Statement A, the university system has a total of $\$ 43,035,059$ (net) due from the state treasury at June 30, 2008. This amount consists of the following:

| Description | Due (to)/from |
| :--- | ---: |
| State appropriations | $\$ 38,845,934$ |
| Tobacco Tax funds | $3,852,530$ |
| Refund from prior year orders | 10,238 |
| Unclaimed property | $(111,467)$ |
| Unexpended appropriation - current year | $(612,021)$ |
| Recovery of accounts previously written off | $(11,700)$ |
| Facility Planning and Control | $1,061,545$ |
| Total | $\$ 43,035,059$ |

## 17. RESTRICTED NET ASSETS

The university system's restricted nonexpendable net assets of $\$ 174,224,464$ as of June 30,2008 , are comprised entirely of endowment funds.

The university system had the following restricted expendable net assets as of June 30, 2008:
Restricted Expendable Net Assets

| Account Title | Amount |
| :--- | ---: |
|  |  |
| Student fees | $\$ 10,918,033$ |
| Grants and contracts | $41,570,578$ |
| Gifts | $13,914,208$ |
| Endowment earnings | $33,103,102$ |
| Auxiliary enterprises | $20,301,409$ |
| Student loan fund | $38,704,772$ |
| Capital construction | $44,859,220$ |
| Legislative restrictions | $32,737,420$ |
| Debt service | 416,556 |
| LSU System Health Plan | $26,452,457$ |
| Indirect costs | $4,982,508$ |
| Sponsored projects | $4,203,615$ |
| Total |  |
|  |  |

Of the total restricted net assets reported on Statement A for the year ended June 30, 2008, a total of $\$ 2,528,354$ is restricted by enabling legislation.

LSU Health Sciences Center in Shreveport has donor restricted endowments. If a donor has not provided specific instructions, state law permits the Board of Regents to authorize for expenditure the net appreciation (realized and unrealized) of the investments of endowment funds. The center's endowments are composed of approximately $85 \%$ private and $15 \%$ Board of Regents. Any net appreciation that is spent is required to be spent for the purposes for which the endowment was established. At June 30, 2008, net appreciation of $\$ 2,072,739$ is available to be spent and is restricted to specific purposes.

## RESTRICTED NET ASSETS - COMPONENT UNITS

Restricted net assets for the LSU Foundation, Tiger Athletic Foundation, and the Foundation for the LSU Health Sciences Center are as follows:

|  | LSU <br> Foundation | Tiger <br> Athletic <br> Foundation* | Foundation for the LSU Health Sciences Center |
| :---: | :---: | :---: | :---: |
| Temporarily restricted: |  |  |  |
| Chairs and professorships | \$49,030,124 |  | \$9,847,750 |
| Scholarships and fellowships | 26,038,331 |  |  |
| Specific academic and research projects | 25,155,332 |  |  |
| Academic support | 37,367,449 |  |  |
| Capital outlay and improvements | 29,213,148 |  |  |
| Research support | 4,478,512 |  |  |
| Institutional support | 18,435,150 |  | 12,685,877 |
| Donor restrictions |  | \$14,410,967 |  |
| Total temporarily restricted | \$189,718,046 | \$14,410,967 | \$22,533,627 |
|  | LSU <br> Foundation | Tiger <br> Athletic <br> Foundation* | Foundation for the LSU Health Sciences Center |
| Permanently restricted: |  |  |  |
| Chairs and professorhips | \$93,120,684 |  | \$32,422,552 |
| Scholarships and fellowships | 44,537,533 |  |  |
| Specific academic and research projects | 26,088,514 |  |  |
| Academic support | 16,242,052 |  |  |
| Capital outlay and improvements | 808,403 |  |  |
| Research support | 1,727,565 |  |  |
| Institutional support | 3,488,039 |  |  |
| Endowment funds |  | \$5,168,456 | 21,689,248 |
| Total permanently restricted | \$186,012,790 | \$5,168,456 | \$54,111,800 |

*As of December 31, 2007

At December 31, 2007, the Pennington Medical Foundation reported no restricted net assets. At June 30, 2008, the UNO Research and Technology Foundation reports no restricted net assets.

## 18. RESTATEMENT OF BEGINNING NET ASSETS

The beginning net assets as reflected on Statement $\mathbf{C}$ have been restated to reflect the following changes:

| Net assets at June 30, 2007 | $\$ 1,629,649,783$ |
| :--- | :---: |
| Construction-in-progress - LSU \& Related | $(1,317,366)$ |
| Capitalized collections - LSU \& Related | 713,300 |
| Other capital assets - LSU \& Related | $(1,024,748)$ |
| Prior year depreciation - LSU \& Related | $1,527,237$ |
| Prior year depreciation - LSUHSC Shreveport | $5,323,999$ |
| Prior year Medicaid and UCC accruals - LSUHSC Shreveport | $(21,356,028)$ |
| Adjustment to prior year revenues - LSUHSC New Orleans | 563,243 |
| Capital assets - LSUHSC New Orleans | $5,218,191$ |
| Huey P. Long Medical Center residual cash balances in HCSD accounts | 350,516 |
| Blending of HCSD Foundation and Bogalusa Community Medical |  |
| $\quad$ Center nonprofit corporations - LSUHSC New Orleans | $7,217,793$ |
| Capital assets - LSUHSC New Orleans | $2,700,000$ |
|  |  |
| Net assets at June 30, 2007, as restated | $\$ 1,629,565,920$ |

## RESTATEMENT OF BEGINNING NET ASSETS COMPONENT UNITS

The beginning net assets as reflected on Statement D have been restated to remove the UNO Foundation as a discretely presented component unit of the LSU System. As described in note 1-B, the UNO Foundation no longer meets the financial criteria for inclusion as a discretely presented component unit of the university system.

Total Foundations net assets at June 30, 2007
University of New Orleans Foundation net assets at June 30, 2007
Net assets at June 30, 2007, as restated
\$756,804,760
$(49,028,924)$

## 19. FUNCTIONAL VERSUS NATURAL CLASSIFICATION OF EXPENSES

| Function | Employee <br> Compensation | Benefits | Utilities | Supplies and <br> Services |
| :---: | :---: | :---: | :---: | :---: |
| Instruction | \$380,741,530 | \$91,914,773 | \$381,152 | \$68,057,254 |

| Total operating expenses | \$1,520,147,851 | \$378,216,366 | \$68,177,471 | \$961,797,540 |

## 20. FOUNDATIONS

The accompanying financial statements do not include the accounts of the following foundations, which do not meet the criteria for discretely presented component units as described in note 1-B:

LSU Alumni Association
Pennington Biomedical Research Foundation
LSU Medical Alumni Association
LSU School of Dentistry Alumni Association
LSU School of Nursing Alumni Association
LSU in Shreveport Foundation
LSU in Shreveport Alumni Association
LSU in Shreveport Realty, L.L.C.
LSU Health Sciences Center in Shreveport Foundation
University of New Orleans Foundation
UNO Alumni Association
Privateer Athletic Foundation
UNO Property and Housing Development Foundation
Medical Center of Louisiana Foundation
Louisiana State University at Alexandria Foundation
Louisiana State University at Eunice Foundation
Louisiana State University System Research and Technology Foundation
LSU Property Foundation
Biomedical Research Foundation of Northwest Louisiana
These foundations are separate corporations whose financial statements are subject to audit by independent certified public accountants.

| Function | Scholarships and <br> Fellowships | Depreciation | Compensated Absences | OPEB Expense | Total |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Instruction |  | \$13,061,374 | (\$1,464,877) | \$43,316,909 | \$596,008,115 |
| Research |  | 15,340,906 | 225,861 | 21,499,549 | 355,537,120 |

| Hospital |  | 40,152,191 | 6,608,527 | 62,993,927 | 1,270,105,461 |
| Total operating expenses | \$41,761,131 | \$121,298,631 | \$7,808,001 | \$176,000,063 | \$3,275,207,054 |

## 21. DEFERRED COMPENSATION PLAN

Certain employees of the LSU System participate in the Louisiana Public Employees Deferred Compensation Plan adopted under the provisions of the Internal Revenue Code Section 457. Complete disclosures relating to the Plan are included in the separately issued audit report for the Plan, available from the Louisiana Legislative Auditor's Web site at www.lla.la.gov.

## 22. ON-BEHALF PAYMENTS

On-behalf payments for fringe benefits and salaries are direct payments made by one entity to a third-party recipient for the employees of another legally separate entity. On-behalf payments include pension plan contributions, employee health and life insurance premiums, and salary supplements or stipends. The amount of on-behalf payments for fringe benefits and salaries included in Statement C for fiscal year ended June 30, 2008, was $\$ 79,137$. There were no onbehalf payments made as contributions to a pension plan for which the university is legally responsible.

## 23. IMPROVEMENTS TO PLANT ON BEHALF OF THE UNIVERSITY

## Improvements at University of New Orleans

The UNO Research and Technology Foundation, a separate corporation created for or on behalf of the University of New Orleans, issued long-term debt instruments for research park improvements as follows:

Land improvements
Building and Parking Garage - Navy Facilities
Building - Advanced Technology Center

Total
\$258,573
56,323,276
9,004,555
\$65,586,404

The infrastructure improvements and the construction of facilities on land owned by the university and leased to the foundation were completely financed by the UNO Research and Technology Foundation through private lending and the sale of bonds through the LPFA, the Louisiana Local Government Environmental Facilities and Community Development Authority, and bank notes. The university leases the land to the UNO Research and Technology Foundation in accordance with terms outlined in the ground leases. The improvements are owned by the UNO Research and Technology Foundation but will revert to the university after 99 years, in November 2097, unless the ground lease is terminated earlier.

## Expansion of Tiger Stadium

On December 21, 1998, LSU entered into a cooperative endeavor agreement with the Tiger Athletic Foundation (TAF) for an addition to the east side of Tiger Stadium. TAF agrees to lease a parcel of land located adjacent to Tiger Stadium for up to 50 years and to construct additional
seats on the land as part of Tiger Stadium, including approximately 70 sky boxes. LSU will lease these stadium improvements from TAF for $\$ 2$ million per year for a 35 -year lease term or until TAF donates such improvements to LSU. The estimated value to LSU of this addition over the term of the agreement is approximately $\$ 49,000,000$. The cooperative endeavor agreement will end on April 4, 2049.

On September 26, 2003, LSU entered into a cooperative endeavor agreement with TAF for the expansion and renovation of the west side of Tiger Stadium. TAF agrees to lease land and certain existing improvements for expanding and renovating facilities and to complete general stadium improvements. Effective September 1, 2005, LSU leased these improvements from TAF for $\$ 2.5$ million per year for a 35 -year lease term or until TAF donates such improvements to LSU. The estimated value to LSU of this addition over the term of the agreement is approximately $\$ 100,000,000$. This agreement is scheduled to expire on March 31, 2041.

## LSU Health Sciences Center - New Orleans <br> Cooperative Endeavor for District Energy Services

Effective November 1, 1998, the LSU Board of Supervisors on behalf of the LSU Health Sciences Center - New Orleans (LSUHSC) entered into a cooperative endeavor agreement with Entergy Thermal (Entergy), a division of Entergy Business Solutions, Inc., and New Orleans Medical Complex, Inc. (NORMC), a Louisiana private, nonprofit corporation. The term of the agreement ends September 30, 2020, with options to renew the lease for two 5-year periods.

Under the agreement, the LSUHSC leases to NORMC a parcel of land located in New Orleans at the northeastern corner of South Claiborne Avenue and Gravier Street. NORMC pays the LSU Health Sciences Center $\$ 45,080$ annually for the lease, which may be adjusted every five years for inflation. NORMC is responsible for the construction of a combined use facility, which is comprised of its office, a multi-level parking garage, and a thermal energy production facility. For the period of the agreement, LSUHSC and NORMC entered into a reciprocal lease, which, in lieu of rent, gives each the right of occupancy of the combined use facility. Upon the expiration or sooner termination of the ground lease, the title to the combined use facility will automatically become vested in the LSU Board of Supervisors.

NORMC is subleasing the combined use facility to Entergy, who is responsible for constructing and financing the thermal energy production facility within the combined use facility. Under the terms of the reciprocal lease, Entergy is also responsible for the operations, repair, replacement, and maintenance of the central plants located at the Medical Center of Louisiana at New Orleans and LSUHSC (the central plants). For the term of the agreement, LSUHSC is obligated to purchase its thermal energy from Entergy. The LSUHSC total monetary obligation is not determinable since the obligation will be based on energy consumption.

During the term of the agreement, title to the thermal equipment within the combined use facility is vested in Entergy. Upon the expiration or termination of the agreement, Entergy will have the right, but not the obligation, to remove equipment it has installed provided that the removal of the equipment does not materially damage the thermal energy production facility space in the combined use facility. The LSU Board of Supervisors has the option to purchase the equipment
upon expiration or termination of the agreement. The title to the thermal equipment installed within the central plants is vested in NORMC until the expiration or termination of the agreement, at which time title shall automatically pass to and become vested in the LSU Board of Supervisors.

## 24. REVENUE USED AS SECURITY FOR REVENUE BONDS

The revenues of certain auxiliary enterprises at LSU, LSU at Alexandria (LSUA), LSU at Eunice (LSUE), the University of New Orleans, and the LSU Health Sciences Center are restricted by terms in the covenants of certain debt instruments.

LSU, LSUA, and LSUE have pledged future auxiliary revenues of approximately $\$ 557,617,315$ to secure outstanding debt of $\$ 317,833,333$ in Auxiliary Revenue Bonds. Proceeds from the bonds provided for the financing of construction and renovation of various auxiliary facilities. All auxiliary revenues of LSU have been pledged to secure the debt, which is payable through 2036. Pledged auxiliary revenues recognized during the period were $\$ 151,166,065$. All LSUA Union, Bookstore, and Athletic revenues, totaling $\$ 566,647$ for the current period, are pledged to secure the debt of the 2008 bond, which matures in 2034. All LSUE Union and Bookstore revenues, totaling $\$ 1,906,307$ for the current period, are pledged to secure the debt of the auxiliary revenues bonds payable through 2033. Required principal and interest payments for the current year on the bonds were $\$ 19,171,780$.

LSU Health Sciences Center - New Orleans has pledged future auxiliary revenues, dedicated student fee revenues, and University Enterprise Revenues of approximately $\$ 26,973,275$ to secure its 2000 Series Bond. Proceeds from the bonds provided for the planning, financing, design, construction, operation, maintenance, equipping, and renewal and replacement for the Wellness Center, Day Care Center, Campus Health Services, and Student Housing in the Old Charity Nursing School Building. The bonds are payable through 2031. Principal and interest paid and dedicated student fee and University Enterprise Revenues for the current year were $\$ 1,172,061$ and $\$ 22,051,275$, respectively.

UNO has pledged approximately $\$ 41,548,131$ of its Student Housing, Student Union, Miscellaneous Auxiliaries/Student Recreation Center/Facility Use and Maintenance Fee revenues to secure the debt of its Series 1998, 2004A, and 2004B bonds. Proceeds from the bonds provided for the refunding of Bond Series 1996A and 1997A, construction of the student recreation center, and the renovation and maintenance of campus buildings. The bonds are payable through 2031. Student Housing, Student Union, Miscellaneous Auxiliaries/Student Recreation Center/Facility Use and Maintenance Fee revenues were \$9,945,156 in the current period. Principal and interest payments for the current year were $\$ 2,802,579$.

## 25. COOPERATIVE ENDEAVOR AGREEMENTS

On October 1, 2003, the LSUHSC-New Orleans entered into two cooperative endeavor agreements with the Louisiana Cancer Research Center of LSU Health Sciences Center in New Orleans/Tulane Health Sciences Center. These agreements are for research and smoking cessation programs.

The Louisiana Cancer Research Center of LSU Health Sciences Center in New Orleans/Tulane Health Sciences Center was authorized by Act 41 of the First Extraordinary Session of 2002. The funds that are passed through to the consortium are available as a result of an increase in tobacco taxes enacted into law via Act 19 of the Regular Session of 2002. Act 19 has specific provisions including:

Subject to an annual appropriation by the legislature, $42.8 \%$ of the monies collected under authority of R.S. 47:841(B)(4) in the fund shall be used solely for the purpose of providing funding for the Louisiana Cancer Research Center of LSU Health Sciences Center in New Orleans/Tulane Health Sciences Center, and 29.2\% of monies collected under authority of R.S. $47: 841(B)(4)$ shall be used solely for the purposes of funding for the creation of smoking prevention mass media programs and evidence-based tobacco control programs within the public hospital system and the public school system and community development programs directed at cessation among children and pregnant women and the screening, prevention, and treatment of tobacco use and dependence among individuals with diseases caused or exacerbated by tobacco use.

The funds are budgeted in Other Charges for flow through to the Louisiana Cancer Research Center via cooperative endeavor agreement. The Louisiana Cancer Research Center is responsible for spending the funds in accordance with the General Appropriations Act, Act 19 of the 2002 Regular Session, Act 41 of the First Extraordinary Session of 2002, and the terms and conditions of the cooperative endeavor. The two cooperative endeavor agreements will expire on June 30, 2010.

## COOPERATIVE ENDEAVOR AGREEMENTS - COMPONENT UNITS

## Tiger Athletic Foundation

In 1999, the Tiger Athletic Foundation (TAF) entered into a cooperative endeavor agreement with LSU that obligated TAF to acquire, construct, and maintain new scoreboards in LSU athletic venues at a total cost of approximately $\$ 5.2$ million. In return for its fulfillment of this obligation, TAF was given an eight-year license to solicit certain qualified corporate sponsorship contracts. In connection with its issuance of the Series 2004 Revenue Bonds, LSU extended TAF's rights to solicit qualified corporate sponsorship contracts for a period of approximately 35 years. Effective July 1, 2005, TAF, with approval of LSU, entered into a ten-year lease agreement with Viacom Outdoor Advertising, Inc., d/b/a LSU Sports Properties, whereby TAF leased its rights to the scoreboards to Viacom in return for an annual guaranteed rental payment. The rental payment, which was $\$ 1.4$ million in year one and will increase by $\$ 25,000$ annually each year during the life of the lease agreement, is due in two equal installments payable in July and October of each year.

# University of New Orleans Research and Technology <br> Foundation/University of New Orleans/Avondale Maritime <br> Technology Center of Excellence 

## General

On May 16, 1997, the State of Louisiana (the State), the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College acting on behalf of UNO (the University), the UNO Research and Technology Foundation, Inc. (the Foundation), and Avondale Industries, Inc., entered into a Cooperative Endeavor Agreement (the Agreement) for an initial term of 15 years and from one-to-seven additional five-year periods.

The Agreement and related amendment provided for the use of annually appropriated state funds and the corporate guarantee by Avondale of certain financial obligations incurred by the Foundation for the purpose of enhancing or maintaining the economic well-being of the State. As a material inducement to the State to enter into the Agreement, Avondale represented that it was awarded a contract for the construction of certain U.S. Department of Navy vessels that will provide a substantial economic benefit to the State. The Foundation and Avondale represented that the economic benefit occurring as a result of the payment or performance of the State's obligation will equal or exceed the value of the State's obligations.

## Obligations

Avondale donated certain property to UNO which is leased to the Foundation pursuant to the terms of a Ground Lease. A ship design facility including a laboratory and support area (the Facility) for the UNO School of Naval Architecture and Marine Engineering has been built on such property by the Foundation and is subleased to Avondale. Also, the UNO Research and Technology Foundation has equipped the facility and leased such equipment to Avondale.

Furthermore, Avondale agrees that it will provide support to the UNO School of Naval Architecture and Marine Engineering by providing the University a Right of Use of space constituting 21,000 square feet in the facility subleased by Avondale from the Foundation.

In the event the costs of the project required to be expended by the Foundation in constructing the facility and acquiring the equipment exceed the amounts paid by the State, Avondale will pay to the Foundation the amounts required for the Foundation to fulfill the obligations to construct and equip the facility.

## University of New Orleans Research and Technology <br> Foundation/National Center for Advanced Manufacturing/ <br> NASA Facilities Modifications and Equipment Acquisition

## General

Effective July 15, 2007, the State of Louisiana (the State), the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College (the University), the University of

New Orleans Research and Technology Foundation (the Foundation), and the National Aeronautics and Space Administration's George C. Marshall Space Flight Center (NASA) entered into a Cooperative Endeavor Agreement for an initial term of 10 years with options for four additional five year periods.

The Agreement provides for the use of a state appropriation to fund an approximately $\$ 20$ million expansion of the University's National Center for Advanced Manufacturing (NCAM), located in NASA's Michoud Assembly Facility in New Orleans (MAF), to include the purchase of new equipment by the State and the completion of facilities modifications made by the Foundation to MAF to accommodate installation and operation of the new equipment.

The NCAM collaboration was established to strengthen the competitiveness of the United States of America in aerospace and other commercial markets that require large structures manufacturing. NASA intends to implement programs at MAF that will result in the growth of jobs at MAF, and the growth in the local and State economy resulting in an economic benefit exceeding the value of the State's obligations. The expanded use of MAF by NASA, its contractors, the University and the Foundation will further research and development initiatives, educational opportunities and production work on NASA's planned Orion Crew Exploration Vehicle, Ares Crew Launch Vehicle and related projects (Orion project).

## Obligations

NASA will provide physical and operational access to MAF for use by NCAM and other users and provide routine maintenance and repair of the MAF building and new equipment as necessary. NASA agrees to use reasonable efforts to perform substantial work at MAF on the Orion Project. In the event the costs of the project exceed the State appropriation, NASA agrees to use its reasonable efforts to obtain other funds as required to complete the project.

The University will accept title to the new equipment purchased by the State and see cooperative opportunities with NASA and the private sector and coordinate education, research, skills training and related activities for academic entities desiring to use NCAM and the new equipment.

The Foundation will arrange for the design and construction of the MAF facilities modifications to support the installation of the new equipment. The Foundation will also manage the use of the new equipment, and shall enter into agreements with other entities as necessary for the use of NCAM and the new equipment.

# University of New Orleans Research and Technology <br> Foundation/National Center for Advanced Manufacturing/ <br> MAF Research and Development Administration Building 

## General

On December 18, 2007, the State of Louisiana, the University of New Orleans Research and Technology Foundation, and NASA entered into another Cooperative Endeavor Agreement for a period of 30 years.

The agreement provides for the use of state funds to pay approximately $\$ 40$ million of project costs associated with the planning, design, construction and equipping of a new NASA Research and Development Administration Building to be built at MAF. The building will be used collaboratively by the Foundation and NASA for research and development administration, production work on the Orion Project, education, training and related matters for NASA, its contractors, the University, other federal and state agencies, other higher educational institutions and private industry. The additional investment from this agreement will retain critical research and engineering skills and capacity in Louisiana necessary to support NASA's mission, attract high technology companies and provide educational and training opportunities generally improving the State's economy and recovery of the New Orleans Metropolitan area from Hurricane Katrina.

## Obligations

The University of New Orleans Research and Technology Foundation will use the funds provided by the State for the planning, design, acquisition, construction and equipping of the building. NASA will operate and maintain the building and use approximately $70 \%$ of the square footage for its programs. The Foundation will manage the use by the University and commercial entities of the remaining square footage of the building. Commercial users will pay their pro-rata share of the building maintenance and operating costs to NASA. The Foundation will retain title to the building, furniture, fixtures and equipment during the term of the agreement.

## 26. AMOUNTS HELD IN CUSTODY FOR OTHERS COMPONENT UNITS

The discretely presented component units reported amounts held in custody for others as follows:
Entity
LSU at Alexandria Foundation
LSU at Eunice Foundation
State matching funds
Charitable remainder trusts
Tiger Athletic Foundation
Coaches' escrow accounts
Building tenant security deposits
$\quad$ Total temporarily restricted
*As of December 31, 2007

| LSU <br> Foundation | Tiger <br> Athletic Foundation ${ }^{*}$ | Foundation for the LSU Health Sciences Center | UNO <br> Research and Technology Foundation | Total |
| :---: | :---: | :---: | :---: | :---: |
| \$11,901,134 |  |  |  | \$11,901,134 |
| 1,662,790 |  |  |  | 1,662,790 |
| 62,317,428 |  | \$20,290,402 |  | 82,607,830 |
| 1,835,922 |  |  |  | 1,835,922 |
| 4,224,165 |  |  |  | 4,224,165 |
|  | \$1,529,598 |  |  | 1,529,598 |
|  |  |  | \$42,717 | 42,717 |
| \$81,941,439 | \$1,529,598 | \$20,290,402 | \$42,717 | \$103,804,156 |

## 27. RELATED PARTY TRANSACTIONS COMPONENT UNIT

The Pennington Medical Foundation paid architectural services in the amount of $\$ 200,000$ to a trustee of the foundation for the year ended December 31, 2007.

The Pennington Medical Foundation paid Pennington Biomedical Research Foundation a monthly fee of $\$ 4,193$ for accounting services and administrative support for the year ended December 31, 2007.

## 28. UNCONDITIONAL PROMISES TO GIVE COMPONENT UNITS

The discretely presented component units reported unconditional promises to give as follows:

|  | LSU <br> Foundation | Tiger <br> Athletic <br> Foundation* | Foundation for the LSU Health Sciences Center |
| :---: | :---: | :---: | :---: |
| Promises to give expected to be collected in: |  |  |  |
| Less than one year | \$14,678,864 | \$3,233,091 | \$84,600 |
| One to five years | 24,712,294 |  | 264,320 |
| More than five years | 9,309,010 | 7,593,450 | 156,086 |
| Subtotal | 48,700,168 | 10,826,541 | 505,006 |
| Less discount on promises to give | $(5,062,178)$ | $(1,389,721)$ | $(62,150)$ |
| Less allowance for uncollectible accounts | $(3,672,227)$ | $(807,600)$ | $(176,752)$ |
| Subtotal | $(8,734,405)$ | $(2,197,321)$ | $(238,902)$ |
| Net unconditional promises to give | \$39,965,763 | \$8,629,220 | \$266,104 |

[^2]At December 31, 2007, and June 30, 2008, respectively, the Pennington Medical Foundation and the UNO Research and Technology Foundation report no unconditional promises to give. Total
unconditional promises to give (current and noncurrent) of $\$ 48,861,087$ are reported on Statement B.

## 29. CONDITIONAL PROMISES TO GIVE COMPONENT UNITS

The E. J. Ourso College of Business of Louisiana State University has embarked on a capital campaign for the construction of a new business education complex. The LSU Foundation has received conditional and unconditional pledges relating to this campaign. Pledges received, which are conditional on the construction of the complex totaled $\$ 5.3$ million at June 30, 2008. As of the year ended June 30, 2008, the LSU Foundation has received payments of approximately $\$ 3,761,000$ on these conditional pledges. Given these pledges do not meet the revenue recognition criteria under generally accepted accounting principles, they are not reflected as contributions in the statement of activity and the pledge payments received to date for these pledges are reflected as refundable advances until the condition of the pledge agreement is met.

## 30. SUBSEQUENT EVENTS

On September 1, 2008, Hurricane Gustav struck Louisiana. Property damage to the campuses and hospitals of the System totaled $\$ 26.8$ million. Of this amount, $\$ 12.5$ million occurred at the Leonard J. Chabert Medical Center in Houma, and $\$ 11.4$ million occurred in Baton Rouge at the System's main campus, LSU and A \& M College. In addition, $\$ 17.3$ million in other expenses related to the hurricane were incurred by various campuses, hospitals, and medical centers. Units reporting significant outlays were the Interim LSU Hospital in New Orleans with $\$ 4.3$ million; the LSU Health Sciences Center in New Orleans with $\$ 3.3$ million; LSU and A \& M College with $\$ 2.8$ million; Leonard J. Chabert Medical Center with $\$ 3.2$ million; and Earl K. Long Medical Center in Baton Rouge with $\$ 1.8$ million.

Not insulated from the nation's declining economic condition, the State imposed a mid-year budget reduction in December 2008. An average $4.6 \%$ reduction was applied to the discretionary state funds of academic campuses of the System. The medical centers comprising the LSU Health Care Services Division and the LSU Pennington Biomedical Research Center were exempted from this budget cut. It is anticipated that additional, significant budget reductions will be applied to fiscal year 2009-2010.

## 31. HURRICANES KATRINA AND RITA

During August and September 2005, the State of Louisiana suffered considerable damage from two major hurricanes, Katrina and Rita, resulting in the President of the United States declaring Louisiana a major disaster area. Because of the severity of these events and the resulting damages sustained by the state and LSU System facilities, it is unknown exactly what economic impact recovery efforts will have on state and local government operations. The Medical Center of Louisiana in New Orleans reopened its university campus facility in November 2006; however, the primary hospital remains closed.

# REQUIRED SUPPLEMENTARY INFORMATION 

Schedule of Funding Progress for the Other Postemployment Benefits Plans

The schedule of funding progress is required supplementary information that presents certain specific data regarding the funding progress of the Other Postemployment Benefits Plans, including the unfunded actuarial accrued liability.

## LOUISIANA STATE UNIVERSITY SYSTEM <br> STATE OF LOUISIANA

## Schedule of Funding Progress for the Other Postemployment Benefits Plans Fiscal Year Ended June 30, 2008

## LOUISIANA STATE UNIVERSITY SYSTEM <br> STATE OF LOUISIANA

## Combining Schedule of Revenues, Expenses, and Changes in Net Assets, by University <br> For the Fiscal Year Ended June 30, 2008

## OPERATING REVENUES

## Student tuition and fees

Less scholarship allowances
Net student tuition and fees
Federal appropriations
Federal grants and contracts
State and local grants and contracts
Nongovermmental grants and contracts
Sales and services of educational
departments
Hospital inco
Auxiliary enterprise revenues (including
revenues pledged to secure debt per note 24)
Less scholarship allowances
Net auxiliary revenues
Other operating revenues Total operating revenues

## OPERATING EXPENSES

Educational and general:

## Instruction Research

Public service
Acsdemic support

## Student services

Institutional support
Operations and maintenance of plant
Scholarships and fellowships
Auxiliary enterpriser Hospital
Total operating expenses
OPERATING INCOME (Loss)
NONOPERATING REVENUES (Expeases)
State appropriations
Gifs
Net investment income
Interest expense
Other nonoperating revenues (expenses)
Other nonoperating revenues - FEMA
Other nonoperating expenses - FEMA
Net nonoperating revenues (expenses)

## OTHER REPORT REQUIRED BY

## GOVERNMENT AUDITING STANDARDS

The following pages contain our report on internal control over financial reporting and on compliance with laws, regulations, and other matters as required by Government Auditing Standards, issued by the Comptroller General of the United States. This report is based on the audit of the financial statements and includes, where appropriate, any significant deficiencies and/or material weaknesses in internal control or compliance and other matters that would be material to the presented financial statements.

This page is intentionally blank.

LOUISIANA LEGISLATIVE AUDITOR
STEVE J. THERIOT, CPA

March 25, 2009

Report on Internal Control Over Financial Reporting and on<br>Compliance and Other Matters Based on an Audit of the<br>Basic Financial Statements Performed in Accordance<br>With Government Auditing Standards

## LOUISIANA STATE UNIVERSITY SYSTEM STATE OF LOUISIANA

Baton Rouge, Louisiana

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units, which collectively comprise the basic financial statements of the Louisiana State University (LSU) System, a component unit of the State of Louisiana, as of and for the year ended June 30, 2008, and have issued our report thereon dated March 25, 2009. Our report was modified to include a reference to other auditors; an explanatory paragraph for the exclusion of the University of New Orleans Foundation as a discretely presented component unit; an explanatory paragraph for the implementation of new reporting standards; and an emphasis of a matter regarding the impact of hurricanes Katrina, Rita, and Gustav. We did not audit the financial statements of the Louisiana State University School of Medicine in New Orleans Faculty Group Practice doing business as LSU Healthcare Network and Subsidiaries, the Eunice Student Housing Foundation, Inc., and the Health Care Services Foundation and its subsidiary, which are nonprofit corporations included as blended component units in the basic financial statements of the LSU System. We also did not audit the financial statements of the LSU Foundation, the Tiger Athletic Foundation, the Pennington Medical Foundation, the Foundation for the LSU Health Sciences Center, and the University of New Orleans Research and Technology Foundation, which are discretely presented component units presented in the basic financial statements. The financial statements of the blended and discretely presented component units were audited by other auditors whose reports have been furnished to us, and this report, insofar as it relates to the amounts reported for those component units, is based on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. The financial statements of the LSU Foundation, the Pennington Medical Foundation, and the Health Care Services Foundation and its Subsidiary were not audited in accordance with Government Auditing Standards. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

## Internal Control Over Financial Reporting

In planning and performing our audit, we considered the LSU System's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the LSU System's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the LSU System's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the LSU System's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed the following instance of noncompliance that is required to be reported under Government Auditing Standards.

## Energy Efficiency Contract Contrary to State Law

Three campuses and two hospitals within the LSU System entered into performancebased energy efficiency contracts with Johnson Controls, Inc., (JCI) that include stipulated savings and therefore do not comply with state laws. Louisiana Revised Statute (R.S.) 39:1496.1(A) provides that a state agency may enter into a performancebased energy efficiency contract for services and equipment. R.S. 39:1484(A)(14) requires the payment obligation to be either a percentage of the annual energy cost
savings attributable to the services or equipment under the contract or guaranteed by the company under contract to be less than the annual energy cost savings attributable to the services or equipment under the contract. R.S. 39:1496.1(D) requires the contract to contain a guarantee of energy savings to the university. The statute further provides that the annual calculation of the energy savings must include maintenance savings that result from operational expenses eliminated and future capital replacement expenditures avoided as a result of equipment installed or services performed by the contractor.

Attorney General Opinion 07-0002 provides, " . . . for the stipulated operational savings to be included in the total guaranteed savings, those savings must actually be guaranteed. In order for the operational savings to be guaranteed, the Contract would have to provide for some type of measurement and/or verification of the operational savings. . . ." Although the Attorney General Opinion was directed to local government, the same guarantee is required in state law.

The energy efficiency contracts between JCI and LSU and A\&M College, the University of New Orleans (UNO), the LSU Health Sciences Center in Shreveport, and two hospitals within the Health Care Services Division (HCSD) provided that operational savings are agreed by the parties to be achieved and will not be additionally measured or monitored during the contract term. Therefore, the operational savings are not guaranteed because the contract does not provide for measurement and/or verification of the savings. In addition, these campuses and hospitals are at risk of making payments specified in the contract that are greater than the energy cost savings attributable to the services or equipment under the contract. A review of the energy efficiency contracts at the campuses and hospitals within the LSU System disclosed the following:

- LSU and A\&M College's contract with JCI guaranteed a total of $\$ 3,427,380$ in savings during the 15 -year term of the contract, consisting of measurable savings of $\$ 2,614,658$ and operational savings of $\$ 812,722$. The contract specifies payments of approximatley $\$ 3.5$ million over the life of the contract.
- UNO's original energy efficiency contract guaranteed a total of $\$ 29,572,695$ in savings during the 19 -year term of the contract. The savings consist of measurable savings of $\$ 18,742,695$ and operational savings of $\$ 10,830,000$. A contract amendment effective July 1, 2004, increased the guaranteed savings by $\$ 146,160$. The total rental and service payments due to JCI are approximately $\$ 30.7$ million over the life of the amended contract.
- The energy efficiency contract between the Health Sciences Center in Shreveport and JCI guaranteed a total of $\$ 15,493,562$ in savings during the 17 -year term of the contract, consisting of measurable utility savings of $\$ 8,926,000$; measurable operational savings of $\$ 3,480,869$; and stipulated operational savings of $\$ 3,086,693$. Excluding the stipulated operational savings, the guaranteed savings over the life of the contract are only the measurable savings of $\$ 12,406,869$. The total payments due to

JCI over the life of the contract are approximately $\$ 15.7$ million. In addition, neither the measurable utility savings nor the measurable operational savings are being adequately measured or verified by the center.

- The University Medical Center contract, as amended, with JCI guaranteed a total of $\$ 4,762,185$ in savings during the 20 -year term of the contract, consisting of measurable savings of $\$ 1,943,165$ and operational savings of $\$ 2,819,020$. The total payments due to JCI over the life of the contract are approximately $\$ 4.7$ million. In addition, the contract states that JCI may credit any excess savings, in whole or in part, toward the annual guaranteed savings in any future year of the term. R.S. 39:1496.1 requires the payment obligation for each year of the contract to be less than the annual energy cost savings; therefore, it is not appropriate to carry forward excess savings to future years.
- Lallie Kemp Regional Medical Center entered into an energy efficiency contract with JCI which guaranteed a total of $\$ 3,489,692$ in savings during the 17 -year term of the contract. The savings consist of measurable savings of $\$ 1,550,162$ and operational savings of $\$ 1,939,530$. The total rental and service payments due to JCI over the life of the contract are approximately $\$ 3.5$ million.

At the signing date of the contracts, management believed that the contracts complied with state law. However, because the operational savings are stipulated and are not measurable and verifiable, the contracts are not in compliance with state law. In addition, for each contract noted above, the payment obligation exceeds the measurable cost savings.

Management should revise its energy efficiency contracts to ensure that savings components are verifiable and that the guaranteed savings have been realized. In addition, management should ensure that the payments required by the contract are not greater than the energy cost savings attributable to the services or equipment under the contract. LSU System management concurred with the finding and is in the process of extensively reviewing each contract to discover all facts relevant to the status of the contracts and further action required (see Appendix A).

## Other Reports

Other external auditors audited the Louisiana State University School of Medicine in New Orleans Faculty Group Practice doing business as LSU Healthcare Network and Subsidiaries, the Eunice Student Housing Foundation, Inc., the Health Care Services Foundation and its subsidiary, which are blended component units included in the LSU System's basic financial statements for the year ended June 30, 2008. In addition, other auditors audited the LSU Foundation, the Tiger Athletic Foundation, the Pennington Medical Foundation, the Foundation for the LSU Health Sciences Center, and the University of New Orleans Research and Technology Foundation, which are discretely presented component units included in the basic
financial statements. To obtain copies of those reports, refer to note 1-B of the basic financial statements for mailing addresses.

As a part of our audit of the LSU System's basic financial statements for the year ended June 30, 2008, we performed certain procedures on campuses and hospitals within the LSU System. Our reports on those procedures for those campuses and hospitals are listed as follows:

|  | Report Date |
| :--- | :--- |
| LSU and Related Campuses | March 25, 2009 |
| LSU Health Sciences Center - New Orleans | March 30, 2009 |
| Health Care Services Division | March 25, 2009 |
| University of New Orleans | February 26, 2009 |

Those reports contain compliance and internal control findings, where applicable, relating to those facilities. Management's responses are also included in those reports. Copies of those reports are available for public inspection at the Baton Rouge and New Orleans offices of the Legislative Auditor and can also be found on the Internet at www.lla.la.gov.

To provide financial information required for application for accreditation by the Southern Association of Colleges and Schools, our audit reports for the Paul M. Hebert Law Center and the LSU Health Sciences Center - Shreveport were dated February 11, 2009, and March 9, 2009, respectively.

LSU System's response to the finding identified previously is attached in Appendix A. We did not audit that response, and, accordingly, we offer no opinion on it.

This report is intended solely for the information and use of the LSU System and its management, others within the entity, the LSU Board of Supervisors, the Louisiana Board of Regents for Higher Education, and the Louisiana Legislature and is not intended to be, and should not be, used by anyone other than these specified parties. Under Louisiana Revised Statute $24: 513$, this report is distributed by the Legislative Auditor as a public document.

Re: Audit Finding - Energy Efficiency Contract Contrary to State Law
Dear Mr. Theriot:

On Tuesday, February 17, 2009 the LSU System received final audit findings from your office relative to performance-based energy efficiency contracts that several LSU System Institutions have entered into with Johnson Controls, Inc. (JCI). Specifically, the University of New Orleans, Louisiana State University, Louisiana State University Health Sciences Center Shreveport, University Medical Center and Lallie Kemp Medical Center received audit findings related to contracts with JCI.

The findings state that the agreements "include stipulated savings and therefore do not comply with state laws" because the operational savings are not verified or measured, and, as such, the savings truly guaranteed under the contract are less than the cost of the contract.

In the findings for these facilities, it is stated that "management should revise its energy efficiency contracts to ensure that savings components are verifiable and that the guaranteed savings have been realized."

Your office has requested an official response to the audit findings. Based upon a review of available contract documents, the LSU System concurs with these findings in that it appears that the savings under these contracts are not truly guaranteed as required by Louisiana law. In response to these findings, the LSU System is fully investigating this matter. The LSU System institutions are unable to unilaterally revise or amend the contracts to comply with state law. As such; the LSU System is in the process of extensively reviewing each contract, discovering all facts relevant to the status of the contracts and preparing for litigation to remedy the situation by nullifying the agreements, forcing amendments to the agreements or recovering for breach of the agreements should this be determined to be the appropriate course of action.

We are unable to provide an anticipated completion date for the estimated resolution of these findings at this time as we are currently performing extensive reviews of the contracts and focusing ongoing efforts on determining the appropriate course of action.

cc: General Counsel P. Raymond Lamonica
